## FOREWORD

This edition of the *Maryland Manual* continues a long tradition of providing for the Legislature, State agencies, the people of Maryland, and others interested in the Free State an extensive survey of the offices, officers, functions, and services provided by government at the State, county, and local level. The first *Maryland Manual*, compiled by Elihu S. Riley, appeared in 1896 with the maxim, "What Is News To-Day is History To-Morrow," printed on the title page. The historical importance of the *Maryland Manual* is often overshadowed by its role as the primary source of information concerning the present organization of State government. Now that the book is ready for the printer and is as current as modern technology can make it, we should reflect briefly on Riley's concern that the *Maryland Manual* be recognized not only as a status report and directory of practical information, but also as a permanent record of the personalities and performance of the individuals and agencies that as a whole form the complex fabric of Maryland State government.

Elihu Riley's *Maryland Manual* for 1896 is a remarkable historical document, not only for facts that today are obscure but also for its nineteenth-century perception of the important elements in a public official's career. The opening pages consist of a biography of Governor Lloyd Lowndes of Cumberland, Allegany County, presumably written with the assistance of the governor himself. Were it not for this first *Maryland Manual* it would be difficult, perhaps impossible, for the historian or political scientist of today to ferret out the details of Governor Lowndes's early education, or establish that he attained a "large and lucrative" law practice shortly after graduation from college, or determine that he married his cousin, Miss Elizabeth Lowndes, daughter of Richard T. Lowndes, who bore him five sons and a daughter. Perusing the lengthy biographies of members of the General Assembly compiled by Riley, one learns that the Speaker of the House, Sydney E. Mudd, a Republican, was the son of a "prosperous farmer of Charles County," and that he was so popular that in his campaign for reelection to the House of Representatives in 1890 he was victorious despite the fact that "this was the year of the great Democratic tidal wave." Family connections and distinguished lineage were a matter of concern to Riley. Of Senator Thomas A. Smith of Caroline County, for example, Riley wrote that his father was a "member of the Smith family of Delaware, among whom have been some of Delaware's most representative and useful citizens." Senator Frank C. Norwood is described as a "native of Frederick County, where his ancestors have lived for more than a century. . . . His family comes of English stock, and has been identified with Maryland since the early history of the State." Perhaps the most notable American ancestry could be claimed by Delegate J. Winslow Jones, however, who was "on the Winslow side . . . a descendant of Canelm, brother to Gov. Edward Winslow, who came over in the Mayflower."

Less illustrious antecedents—even outright poverty—were not insurmountable barriers to participation in Maryland politics in the late-nineteenth century, however, and Riley carefully recorded the instances where public office had been bestowed by the electorate on self-made men. Senator James M. Sloan of Allegany County, for example, had moved to Lonaconing with his parents at an early age, and when his father, "who had been an invalid for some time," died leaving James and an older brother to "support a large family," the twelve-year-old future senator went to work in the coal mines. Although Senator Elihu E. Jackson of Wicomico County is described as being the son of "a hardworking and fairly prosperous farmer," Riley records that Elihu and his four brothers and two sisters were required to do "their share of the customary labor" on their father's farm, work that in a more prosperous household in antebellum Maryland would have most probably been done by slaves. Delegate Frank Porter of Allegany County developed a love of "good reading and study" despite his "never seeing the inside of a school house until twelve years of age," and even then he "could only be spared from the farm during the inclement winter months." Reminiscent of many of our own fathers' tales of the hardships of rural education, Riley records that when Porter was allowed to attend school he "had to walk six (6) miles a day over mountain roads."

Although this *Manual* undoubtedly lacks the charm and familiarity of Riley's 1896 *Manual*, it does serve more than a transitory purpose. The editorial comments of Riley have been replaced by what we hope is more objective reporting on State government. We refrain from assessments of a delegate's "decided views on the liquor question and bribery at elections," and that he "would like to see improvement in the laws governing both." Biographies are brief and factual. Instead of enlarging on the personalities of public officials, we concentrate on descriptions of legislative committees and of executive

and independent agencies to serve as a reflection of the concerns that occupy the General Assembly and the various administrative bodies in the State. Still, we share the belief expressed by Riley in the first edition of the *Maryland Manual* that it is important for information on individual legislators and on the diverse components of the Executive, Legislative, and Judicial branches of State, county, and local government to be available, and that if this data is presented in a clear and concise manner those who use the book will be better able to understand and effectively participate in the political process.

A noted scholar and historian, Elihu Riley compiled the second *Maryland Manual*, covering the year 1897–1898, as well as the first edition. The following year, with the usefulness of the volume established beyond doubt, the task of preparing the *Maryland Manual* became the responsibility of the Secretary of State. As years extended to decades, the Secretary of State's office continued to issue a *Maryland Manual* annually, with the gradual increase in bulk of the successive editions reflecting both the growth of Maryland government and an expansion of the contents of the book to provide ever more information for the citizens of the State. In 1940 the *Maryland Manual* became a biennial publication, and eight years later the task of compiling, editing, and publishing the book was once again assigned to a scholar-historian, Dr. Morris L. Radoff, Archivist of the State of Maryland.

Preparing a manual of current State government might at first seem an incongruous task for the State Archives, the central repository of Maryland's historical records, but Dr. Morris Radoff fully appreciated Elihu Riley's admonition that to provide future generations with an accurate portrait of the present requires the careful and systematic collection and preservation of public and private records. The responsibility of producing the *Maryland Manual* has, in fact, tangibly improved the public's access to government records in the State Archives. The need to gather information for the *Maryland Manual* directly contributes to the degree of understanding and appreciation of the workings of government necessary for archivists to adequately identify, process, and preserve for posterity those State, county, and local records deemed to have permanent historical value. These records properly described, in turn, form the basis of the large and ever-expanding volume of materials that in recent years the general public and government officials have come to utilize in ever-increasing numbers.

Thus, the present book is the culmination of more than three-quarters of a century of experience in compiling periodic reports on Maryland government in the form of a published manual, and it is at the same time merely another benchmark in the continuing and uninterrupted documentation of the changing personnel and offices that exist to serve the people of the State. By its very nature a book such as this is closely tied to and builds upon former editions, but each new *Maryland Manual*, it is hoped, is improved by incorporating suggestions and criticisms generated by preceding issues. This *Manual*, in particular, continues, expands, and refines the completely redesigned typography and format adopted in the 1977–1978 *Maryland Manual* in an effort to make the book more informative and easier to use. Furthermore, we have included a major new section in this *Manual* consisting of biographies of all Maryland judges, in part in commemoration of the two-hundredth anniversary of the Maryland Court of Appeals, celebrated in December 1978, but also to provide additional pertinent information on the principal officers of that branch of State government.

Perhaps the most disconcerting realization for anyone involved in the preparation of a book such as this is that although it is intended to reflect current government at all levels it is out of date on the day of publication. With former *Manuals* this problem was especially severe, because the length of the volume necessitated that some sections be delivered to the printer four or five months prior to publication. For the first time with this edition of the *Maryland Manual* the text was keyboarded on an in-house text editing system that produces machine-manipulatable magnetic tape. Data previously keyboarded could be retained in the system until the last possible moment in anticipation of changes in personnel, organizational structure, and alterations in the law, because data on magnetic tape can be converted into pages in but a fraction of the time required for standard composition from typed copy. Production was further assisted by special computer programs that created machine-generated indexes. As an added bonus, the cost of publishing the *Maryland Manual* this year was significantly lower than what would have been required to set and print the book by traditional means. In fact, it is noteworthy that the per-page cost of composition and printing for this *Maryland Manual* was almost exactly the same as that paid to Elihu Riley in 1896—in 1896 dollars!

Although the time between the final date for corrections and additions to material included in this *Manual* and the date of publication was greatly reduced because of the use of an in-house text editing

system, a book of this kind, regardless of the mode of composition, is bound to contain inaccurate, incomplete, and out-of-date information. The compilers have done everything possible to ensure that the information contained in the volume is correct, and in particular an effort was made to secure addresses and telephone numbers so that even if specific individuals have left State service assistance from a particular agency or department may be obtained. Still, what appears hereafter is in large part a reflection of the quality of copy submitted to us.

This edition of the *Maryland Manual* was published somewhat later in the year than is usual because of the desire to include appointments submitted to the Senate by the Governor. We had the technical ability because of the in-house text editing system to make these last-minute additions to the *Manual* text, but some agencies and departments specifically requested that nominees pending confirmation not be included. In other instances positions remained vacant at the time we were required to go to press—most notably in the case of the Secretary of the Department of Economic and Community Development. Readers of the volume should be aware that the final dates for inclusion of material in this edition of the *Maryland Manual* were February 1, 1979, for departmental and agency descriptions, and March 1, 1979, for individuals mentioned in the text.

Because we are heavily dependent upon users of the *Maryland Manual* for corrections and improvements for future editions, we urge those who have suggestions or comments to contact us in care of the *Maryland Manual*, P. O. Box 828, Annapolis, Maryland 21404. We also maintain current information on all departments and agencies included in the *Manual*, and beginning this year we have established a special telephone number to provide reference assistance to persons needing information not available in the current edition of the *Manual*. The *Maryland Manual* information number is 269-3917, or for telephones in the State system, Marcom 224-3917.

Observant readers of this edition of the *Maryland Manual* will note an effort to simplify and standardize references to the *Annotated Code of Maryland*. Code references are shortened and all references are to the latest available supplement to the 1957 edition of the *Code*, or in the case of those subject areas that have been incorporated into the revised edition of the *Code* now in progress, to the respective volume and section in that series.

More than in the compilation of virtually any other type of book, the compilers of a manual such as this are indebted to a host of individuals, most of whom because of space limitations, lapsed memory, or unintentional oversight are not formally acknowledged. We would, however, like to specifically mention the assistance of F. Carvel Payne, Director of the State Department of Legislative Reference, and members of his staff, especially Renee Robertson, for help on the State Constitution, for the essays on the General Assembly sessions of 1977 and 1978, and for useful suggestions on the General Assembly section as a whole. William J. Jabine of the Department of Natural Resources is responsible for "Maryland At A Glance," and the Maryland Municipal League provided information on cities and towns in Maryland. Louise Keelty and Gayle H. Pshyk of the Governor's Appointments Office and Margaret W. Lee, Chief Clerk in the Executive Department, also rendered valuable aid, as did Bruce Bereano, formerly on the staff of the President of the Senate, and William H. Adkins II, State Court Administrator. William S. Ratchford, Director of the Department of Fiscal Services, and R. Lee Benson, Director of the Division of Research, Department of Fiscal Services, provided invaluable assistance in compiling material on the General Assembly and various legislative committees and agencies. Willard A. Morris and his staff at the State Board of Election Laws provided the data on election statistics that appears in this *Manual*. Anna Sakers and Ginger Lambros of the General Assembly Mail Room kept us informed of address changes. Of the many county and local administrators who contributed to the volume, we would particularly like to thank Bernard F. Murphy, Director of the Baltimore City Department of Legislative Reference, and Leigh Sands, Clerk of the Caroline County Board of Commissioners.

The key to successfully automating this edition of the *Maryland Manual*, with the attendant savings in cost and time, was an efficient and accurate keyboarder to enter the raw data, replete with both typesetting codes unfamiliar to most typists and barely intelligible interlinear corrections and additions, all too familiar to every typist. In this respect we were blessed with Frances A. Radovich, who mastered the text-editing system quickly and produced virtually error-free copy for the entire text of the *Manual*. We were also fortunate to have Jane Morris Drupieski and Stephanie H. Toolles, who prepared mailing lists, typed letters of inquiry, worked on the index, and performed a variety of other

tasks essential to the compilation of the *Manual*. Able assistance with proofreading was provided by Sue Cook, Rae Ingram, Mary Lipham, Laurie Suba, and Carol Tilles, all on the Hall of Records staff.

After the data for the *Maryland Manual* had been keyboarded, it was still necessary to convert the material on magnetic tape to camera-ready pages for printing. Eileen Pancoast and her staff at International Computaprint Corporation were consistently courteous, knowledgeable, and efficient at their task of producing pages for the *Manual*, and we were always able to turn to Tony Fazio of ICC for advice and encouragement.

Finally, a new addition to the graphics in this edition of the *Maryland Manual* is the seals of the Maryland counties and Baltimore City. Artwork for the seals was prepared by Julia Jones Bryan from original color art generously supplied by Frederick T. Wehr, author of *Flags and Seals of Maryland and of the United States* (Baltimore, 1975). The cover of the book, as well as much of the layout design for the text, was the creation of Carleton B. Hayek of the Department of General Services.

It is impossible to thank by name all of the hundreds of people throughout the State of Maryland who contributed information contained in this edition of the *Maryland Manual*. The Hall of Records has compiled the *Maryland Manual* for forty years, and what is good about the book is to a large extent due to help we receive from outside our agency, because to date it has not been possible to establish a permanent editorial staff to handle the work of constantly updating and preparing information for each successive edition. It is our hope that at some point in the near future one or more staff positions can be created to undertake on a full-time basis the compilation of the *Maryland Manual* and other Hall of Records publications, at which time the amount of editorial control and original descriptive material can be substantially increased. While it remains necessary for us to allocate resources from our existing staff to produce the *Manual* every two years, however, we must continue to rely on the host of government officials who patiently respond to our questionnaires and telephone calls for the bulk of the information contained in the *Manual*, and to all of them we express our deepest appreciation.

When Elihu Riley embarked on his project of writing a manual of Maryland government for the year 1896, he was convinced as a private citizen that such a handbook would prove useful to the people of the State. The legislature agreed and appropriated the funds required for the publication of that first *Maryland Manual*. The kind of commitment displayed by Riley was exemplified by another individual intimately associated with more recent editions of the *Maryland Manual*, Frank F. White, Jr. Frank White was a senior archivist on the staff of the Hall of Records for nineteen years, a recognized authority on the history of Maryland and of his home county of Prince George's, author of a book on the governors of the Free State, an officer and active member of the Masons, Boy Scouts of America, and many historical groups. He was best known throughout the State, however, for his role as editor of the *Maryland Manual*, and it was he who was principally responsible for the issues that appeared between 1961 and 1978. Frank died suddenly on January 30, 1978. His expertise in so many fields has been missed by many, but none more so than by the compilers of this edition of the *Maryland Manual*. Frank would recognize much of his handiwork in the pages that follow—updated and slightly changed, but essentially the way he had presented the information in previous *Manuals*. He would also note some changes we have made of which, at least at first glance, he would disapprove, but he would certainly agree with our goal, which was to do everything within our limited resources to improve the *Manual* and to make it even more useful. Most of all, Frank would appreciate the challenges and frustrations, the periods of depression and the ultimate sense of accomplishment, that are all part of compiling a book like this. Completing this volume would have been easier, and the final results might have been better, had Frank White lived, and those of us associated with this *Manual* are acutely conscious of the enormous labor he expended over nearly two decades in work on earlier editions of this book. Frank fervently believed in the people's right to be informed, and he was convinced that the *Maryland Manual* was a vital publication to assist people in understanding their government and its public officials. We concur, and while we reserve the responsibility for errors and omissions to ourselves, we believe it is only fitting to dedicate what is good about this volume to the memory of Frank F. White, Jr.

## MARYLAND'S OFFICIAL STATE SYMBOLS

### GREAT SEAL OF MARYLAND

The Great Seal of Maryland is used by the Governor and the Secretary of State to authenticate the Acts of the Legislature and for other official purposes. The first Great Seal was brought over during the early days of the Colony. It remained in use, although slightly altered, until the Revolution. The State of Maryland adopted a new seal similar in form and spirit to those of the other States. After the passage of a hundred years, Maryland readopted its old seal (Joint Resolution No. 5, Legislative Session of 1876). Only the reverse of this seal has ever been cut. The obverse is, however, still considered as part of the seal and is used, among other things, for decorating public buildings.

The reverse consists of an escutcheon or shield bearing the Calvert and Crossland arms quartered. Above is an earl's coronet and a full-faced helmet. The escutcheon is supported on one side by a farmer and on the other by a fisherman, symbolizing Lord Baltimore's two estates of Maryland and Avalon. The Calvert motto on the scroll is "Fatti maschii parole femine," usually translated "manly deeds, womanly words." The Latin legend on the border is translated "with favor wilt thou compass us as with a shield," the last verse of Psalms 5 as it appears in the Vulgate. The date, 1632, refers to the year the charter was granted to Cecilius Calvert, second Lord Baltimore.

The obverse of the Seal shows Lord Baltimore as a knight in full armor mounted on a charger. The inscription translated is "Cecilius, Absolute Lord of Maryland and Avalon, Baron of Baltimore." Avalon was the name of Lord Baltimore's grant in Newfoundland (Chapter 79, Acts of 1969; Code 1957, Art. 41, sec. 74A).

REVERSE

OBVERSE

**STATE TREE.** Maryland has chosen for its tree the White Oak (*Quercus alba*). The magnificent specimen shown is known as the Wye Oak and is located at Wye Mills on the Eastern Shore. It is now owned by the State (Chapter 731, Acts of 1941; Code 1957, Art. 41, sec. 76).

**STATE FLOWER.** The Black-Eyed Susan (*Rudbeckia hirta*) is the official Maryland flower designated by the General Assembly (Chapter 458, Acts of 1918). A yellow daisy, or coneflower, it blooms in late summer (Code 1957, Art. 41, sec. 75).

**STATE DOG.** By Chapter 156, Acts of 1964, the Chesapeake Bay Retriever was declared to be the official dog of Maryland (Code 1957, Art. 41, sec. 77B).

**STATE BIRD.** The Baltimore Oriole (*Icterus galbula*) is the official Maryland bird designated by the General Assembly (Chapter 54, Acts of 1947). Special provisions have been made for its protection (Chapter 154, Acts of 1882; Code 1957, Art. 41, sec. 77).

**MARYLAND SPORT.** By Chapter 134, Acts of 1962, the age-old equestrian sport of jousting was proclaimed as the official sport of the State of Maryland (Code 1957, Art. 41, sec. 79A).

**STATE INSECT.** The Baltimore Checkerspot Butterfly (*Euphydryas phaeton*) was declared to be the official arthropodic emblem of the State of Maryland by Chapter 253, Acts of 1973 (Code 1957, Art. 41, sec. 77C).

**MARYLAND'S NICKNAMES.** Although Maryland's nicknames are not official State symbols, the State is known as both the Old Line State and the Free State.

According to some historians, Gen. George Washington bestowed the appellation Old Line State on Maryland because of the magnificent performance of regular troops of the line in several of the more important engagements in the Revolutionary War. The troops of the Maryland Line ranked among the finest in the Continental Army.

The nickname "Free State" is of twentieth-century origin. It was created by Hamilton Owens,

editor of the Baltimore *Sun*. Sometime in 1923, Congressman William D. Upshaw of Georgia, a firm supporter of Prohibition, denounced Maryland as a traitor to the Union because it had refused to pass a State enforcement act. Mr. Owens thereupon wrote a mock-serious editorial entitled "The Maryland Free State," arguing that Maryland should secede from the Union. The irony in the editorial was subtle, and on second thought Mr. Owens decided not to print it. The idea stuck in his mind, however, and he later used it in other editorials. The nickname caught on quickly, and today the term "Free State" is heard almost as frequently as "Old Line State."

## **HARRY R. HUGHES**

### *Governor of Maryland*

Harry Roe Hughes was inaugurated on January 17, 1979, as the fifty-seventh Governor of the State of Maryland. In the general election of 1978 he received the largest majority of the vote recorded by a Maryland gubernatorial candidate in this century and one of the two largest attained in the entire election history of the State. He swept the State, carrying by substantial majorities Baltimore City and all but two of the twenty-three Maryland counties.

Governor Hughes came to the office of Chief Executive with twenty-two years of experience in State service, sixteen years as a legislator, and six years as a cabinet officer directing one of the State's largest and most complex agencies—the Department of Transportation.

As a legislator Governor Hughes held key positions of leadership and authored much of the significant legislation enacted during the period, particularly in the areas of tax reform and education. As Senate majority leader and as chairman of numerous standing and study committees, he is identified with the important advancements made in the sixties and early seventies in tax revision, in improving fiscal relations between the State and its counties and municipalities, and in increases in State aid for public education. As the State's first Secretary of Transportation he attained national recognition for his role in establishing and operating a department that combined all modes of transportation—a department that served as a model to many other states that were organizing or reorganizing departments of transportation.

Governor Hughes was born in Easton, Maryland, on November 13, 1926. He lived in Denton and was educated in the public schools of Caroline County. As a young man he explored the possibilities of a career in professional baseball after pitching on high school and college teams. Upon graduation from college he played a summer of professional baseball with the farm team of the New York Yankees in Easton and the Federalsburg independent team.

Enlisting at age seventeen, Governor Hughes served a year-and-a-half tour of duty with the U.S. Navy Air Corps in World War II, after which he entered the University of Maryland, receiving a B.S. degree in 1949. Prior to entering the University of Maryland he had attended Mercersburg Academy in Mercersburg, Pennsylvania, and

Mount Saint Mary's College in Western Maryland. After receiving his undergraduate degree he entered the George Washington University School of Law, receiving his LL.B. degree in 1952. He was admitted to the practice of law in Maryland the same year and entered the practice in Denton in 1952.

Hughes was elected to the Maryland House of Delegates in the election of 1954 and served one term (1955–1958) in that body representing Caroline County. In the election of 1958 he ran for the Senate and was elected. There he spent twelve years (1959–1970), first representing Caroline County, and after reapportionment the Upper Eastern Shore counties. He moved to leadership positions rapidly, serving on the important Legislative Council while a member of the House and later as a Senator.

In 1962 Hughes was appointed Chairman of the Committee on Taxation and Fiscal Matters, which at the time played a prominent role in the Legislature's interim fiscal activities. It was that committee that began a series of advancements in State-local fiscal relationships that was to continue over many years and indeed continues today. Out of the report of the Committee on Taxation and Fiscal Matters to the Legislature in 1964 came the first major revision since its establishment in the 1920s of the State's equalization program for public education.

In 1965 Senator Hughes became majority floor leader of the Senate and Chairman of the influential Senate Committee on Finance. It was in this capacity that he directed much of the important legislation that was to be enacted over the next few years.

In 1965 a Commission on State and County Finance, headed by Dr. Paul D. Cooper, submitted a report recommending sweeping changes in State and local taxes and in State and local fiscal relations. The General Assembly that same year adopted a resolution asking for the appointment of a special legislative commission to study and evaluate that report and to make its recommendations to the Legislature at the 1966 session.

Senator Hughes was named Chairman of what came to be called the Special Legislative Commission on State and Local Taxation and Financial Relations. In its report to the Legislature in January 1966, the Commission recommended drastic changes in the tax structure as well as substantial increases in State aid to local governments for education and other purposes. The recommenda-

tions included steep upward adjustments in aid to education and a replacement of the flat-rate income tax with a graduated tax as well as reform of various business taxes. The "Cooper-Hughes" program, as it came to be known, was approved by the Senate, but failed passage in the House of Delegates by two votes.

The next year, however, Governor Agnew asked for a reexamination of the program and appointed Senator Hughes Chairman of the Committee on Taxation and Fiscal Reform. This Committee recommended the graduated income tax that is now our law, a local income tax (piggy-back tax), a sharing with local governments of the revenues from the State property tax, an increase in the aid to education formula, an increase in aid for school construction, and a grant to the counties and municipalities for police protection. Essential provisions of this program were enacted in 1967. Its recommendation for a restructuring of business taxes was enacted in 1968.

In 1970 Senator Hughes was named Chairman of a Commission to Study the State's Role in Financing Public Education. It was in accordance with that Commission's recommendation that the State assumed most of the costs of public school construction, embodied in the present State school construction program. Its recommendation for further increases in State aid to education was subsequently adopted.

In 1971 Mr. Hughes was appointed by Governor Mandel to head the newly created Department of Transportation. His first task in that capacity was to consolidate and coordinate the several quasi-independent air, rail, port, highway, and mass transit agencies. Under his direction the Department created the first State program to

provide both capital and operating assistance to smaller urban areas for the development of public transit systems. It was under his guidance that the vast subway system in the Baltimore area was initiated.

Hughes was instrumental in the State acquiring Friendship International Airport, since renamed Baltimore-Washington International Airport, and in making major capital and operating improvements there. He also spearheaded the State's acquisition and improvement of the general aviation facility at the Glenn L. Martin State Airport. During his tenure great emphasis also was given to improvements in the operation and physical facilities of the Port of Baltimore. As Secretary of Transportation, he made a commitment to support Minority Business Enterprise (MBE) as a socially and economically compelling State program.

In May 1977 Mr. Hughes resigned his position as Secretary of Transportation over what he termed unethical and improper interference with his Department's procedures for awarding a contract to manage construction of the Baltimore subway system. After leaving State service he became a partner in the Baltimore law firm of Miles and Stockbridge.

Governor Hughes has been active in politics — local, State, and national — since his graduation from law school. He served as Chairman of the Democratic Party of Maryland in 1969–1970.

The Governor is married to the former Patricia Donoho. They have two daughters, Ann, who teaches school in Frederick, Maryland, and Elizabeth, who is studying at the University of Maryland Law School.

**SAMUEL W. BOGLEY III***Lieutenant Governor of Maryland*

When Maryland voters elected Samuel W. Bogley III as the State's second Lieutenant Governor under the Constitution of 1867, they chose a public official who brought fourteen years of county government experience to that office.

Sam Bogley began his career in public service as a Zoning Enforcement Officer in Prince George's County for the Maryland-National Capital Park and Planning Commission. Between 1964 and 1968, he was the Chief Clerk of the Peoples' Court in Upper Marlboro under the Honorable Judge William H. McGrath and the Honorable Justice of the Peace John A. Catts. Following this appointment Mr. Bogley was the representative to the Maryland State Legislature for the Prince George's Chamber of Commerce the year Raleigh A. Donley served as that Chamber's President.

Sam Bogley's father, S. Walter Bogley, Jr., who had served from 1959 to 1962 as the Administrative Assistant to the Speaker of the Maryland House of Delegates and later as the State Roads Commissioner for Prince George's County, introduced his son to political campaigning with such candidates as the Honorable Thomas B. Finan, Perry O. Wilkinson, Sr., and Fred L. Wineland. In 1970, Mr. Wineland, then a State Senator, encouraged the younger Mr. Bogley to run for the Office of County Commissioner. At age twenty-eight, Sam Bogley was elected as Prince George's County's youngest Commissioner, along with the Honorable John B. Burcham, Francis B. Francois, John J. Garrity, and Winfield M. Kelly, Jr. With the adoption by the citizens of the County Charter, which brought "home rule" to Prince George's, Mr. Bogley was retained as one of the first members of the newly created County Council.

Councilman Bogley quickly gained a reputation for thoughtful decision-making, for his insistence on gathering complete information, and for his independence. He was known for his efforts to bring higher ethical standards to public office, especially with the strengthening of conflict of interest and financial disclosure safeguards.

While serving on the Council, his primary concerns were those issues bearing directly on the people, such as career education, manpower development, human relations, and social services. He was a sponsor of the County's Office for the Handicapped, Mobile Legal Aid, and Turn-in-a-

Pusher programs, and of legislation dealing with Personnel and Labor Codes, Equal Employment and Prevailing Wages, Consumer Protection and Landlord-Tenant Relationships, the Commission for Women, Day Care, and Group Homes.

Consistent with his interest in social issues, Sam Bogley has been engaged for several years in activities aimed towards fostering respect for all human life, including that of preborn children.

Sam Bogley chaired the Council's Human Resources Committee and represented the Council on the Southern Maryland Health Systems Agency and the County's Hospital and Social Services Boards. His second term on the County Council was completed in December 1978.

In June of 1978, Mr. Bogley was selected by Harry Hughes to be his running mate as Lieutenant Governor. Their political paths had crossed several times since 1970, when Mr. Hughes was Chairman of the State Democratic Party and while he was Secretary of the Maryland Department of Transportation. Sam Bogley brought to the Hughes-Bogley ticket a balance of geographical representation and State-Local Governmental relationships.

As Lieutenant Governor, Sam Bogley performs a number of functions for Governor Hughes. Among these is serving as liaison to the twenty-three counties of Maryland, the City of Baltimore, and other municipalities developing ways in which State and local governments can best work together on a variety of common interests. To initiate this new role for the State's second highest elected official, Lieutenant-Governor-Elect Bogley held his first meetings with county governing bodies before the inauguration of January 17, 1979, by touring the State for work sessions in the county seats.

The Lieutenant Governor assists the Governor in various program areas, such as health, human resources, and social services. Economic and community development and the expansion of tourism are high on their list of priorities, since success in these areas could serve to relieve the tax burden on property owners throughout the State and to create opportunities for employment of its citizens.

Samuel W. Bogley III was born in Washington, D.C., on November 16, 1941, the son of S. Walter Bogley, Jr., and Anna Cornelia Roberts. He was educated in the public schools of Anne Arundel, Montgomery, and Prince George's

counties and the Landon School in Bethesda. He attended Duke University and the University of Baltimore. In 1967 he was awarded a law degree from the University of Baltimore. A member of the Maryland Bar since 1968, Sam Bogley practiced law with the firm of Miazga

and Miazga in Riverdale.

Mr. Bogley is married to the former Rita Brady. They reside with their sons Christopher, Robert, and Jonathan and their daughters Laura, Michele, and Rita in Bowie.

The legislative powers of the State of Maryland are vested in the General Assembly, which consists of two distinct branches, the Senate and the House of Delegates (Const. 1867, Art. III, sec. 1). The General Assembly consists of 188 members, with 47 Senators and 141 members of the House of Delegates. They are elected from 47 legislative districts.

Every Senator or Delegate must be a citizen of the State and a resident of it for at least one year

preceding the date of his election. For six months prior to his election he must have resided in his legislative district. A Senator must be at least twenty-five years of age at the time of his election and a Delegate at least twenty-one. No member of Congress or any person holding a civil or military office under the United States Government is eligible for election to the General Assembly (III, 9, 10, 11). The term of each Senator and Delegate is four years from the second Wednesday of January following the date of his election (III, 6). The Governor is required to appoint to any vacancy that occurs in either House through death, resignation, or disqualification a person whose name is submitted to him in writing by the State Central Committee of the political party with which the Delegate or Senator, so vacating, had been affiliated in the County or District from which he or she was elected, provided that the appointee shall be of the same political party as the person whose office is to be filled. All persons so appointed serve for the unexpired portion of the term (III, 13). Each House elects its own officers, is judge of the qualifications and election of its own members, and establishes rules for the conduct of its business.

The General Assembly meets annually. Sessions begin the second Wednesday in January and are for a period not longer than ninety days. The General Assembly may extend its sessions beyond ninety days, but not to exceed an additional thirty days, by resolution concurred in by three-fifths vote of the membership in each House. The Governor may call special sessions at any time he deems it necessary (III, 14), but no single special session may last longer than thirty days.

The General Assembly must pass at each regular session a budget bill that contains the budget for the State government for the next fiscal year. Upon the passage of the bill by both Houses, it becomes a law without further action (III, 52). By Constitutional Amendment adopted by the people at the General Election held November 7, 1978, the General Assembly is authorized to enact laws (other than appropriation bills) that mandate the Governor, in the preparation of the annual budget, to provide for the funding of specific programs at specified levels (III, 52(11) and (12)).

Under the provisions of a Constitutional Amendment ratified by the voters in 1972 (Chapter 369, Acts of 1972), the Senate and the House of Delegates may adopt a "consent calendar" procedure permitting bills to be read and voted upon as a single group on both second and third readings, affording members of each House reasonable notice of the bills so placed on each consent calendar (III, 27, 28).

The General Assembly has power to pass such laws as are necessary for the welfare of the State, and, in addition, it has the power to pass public local laws for counties not having home rule powers and for special taxing areas. The Home Rule Amendment of 1954 (XI-E) virtually prohibits the General Assembly from passing local legislation for incorporated cities and towns, although the Assembly retains its power to pass a general statewide law that affects them. The General Assembly may establish such departments of State government as are necessary for its efficient operation and may establish special taxing districts or areas within the State for the purpose of administering a special function or functions. The General Assembly may establish such taxes as are in accordance with the Constitution of the State and of the United States. It may propose amendments to the State Constitution, which must be embodied in a regular legislative bill passed by three-fifths of the total membership of each House. All amendments to the Constitution must be submitted to the voters at the next general election after passage.

All bills passed by the General Assembly become law when signed by the Governor, or passed over his veto by three-fifths of the membership of each House, on the first day of June after the session in which the law was passed, except (1) when a later date is specified in the Act, or (2) when the bill is declared an emergency measure and is passed by three-fifths of the total number of members of each House, in which case the bill becomes law immediately upon its approval by the Governor.

The General Assembly may add a referendum provision to any local bill but may not submit a statewide bill to referendum (with the exception of a proposed amendment to the Constitution or a Soldiers' Bonus Bill). Most statewide bills, except appropriation bills, and any local bill that concerns a county or Baltimore City, may be submitted to a referendum by petition. No bill subject to a referendum shall be enforceable until approved by a majority of the voters at the election in which the referred bill is voted upon, except an emergency bill, which shall be effective immediately and shall remain effective thirty days following its rejection by the voters (XVI).

The House of Delegates has sole power of impeachment of any officer of the State. A majority of the whole number of members of the House must approve any bill of impeachment. The Senate tries all impeachment cases, and two-thirds of the total number of Senators must concur in a verdict of guilty (III, 26).

Both Houses elect the State Treasurer by joint ballot. The General Assembly also elects the Governor and/or the Lieutenant Governor if the popular election has resulted in a tie or the winning candidate and/or candidates are ineligible. When a vacancy occurs in the office of Governor, the Lieutenant Governor succeeds to that office for the remainder of the term. If a vacancy occurs in the office of Lieutenant Governor, the Governor nominates a person to succeed to that office upon confirmation by a majority vote of all members of the General Assembly in joint session. If vacancies occur in both the offices of Governor and Lieutenant Governor at the same time, the General Assembly must convene and fill the office of Governor by a majority vote of all the members in joint session. The chosen Governor then nominates a Lieutenant Governor with the same confirmation.

The President of the Senate serves as acting Governor if the Lieutenant Governor is not able to serve as acting Governor. If there is a vacancy in the office of President of the Senate when he is authorized to serve as acting Governor, the Senate must convene and fill the vacancy (II, 1A, 1B, 6, 7A).

Several proposals were made to amend the Constitution of Maryland. Among them were proposals authorizing the General Assembly to enact laws that mandate the Governor in the preparation of the annual budget to provide for the funding of specific programs at specified

levels, giving the General Assembly authority to appoint a replacement for any State elected or appointed officer who is unavailable to perform his duties, providing alternative means of publishing amendments to the Constitution, and reducing the number of years required of a public officer to be in office before an incumbent public officer's salary may be changed.

The Legislative Policy Committee was established by Chapter 362, Acts of 1976, to replace the Legislative Council created by Chapter 62, Acts of 1939. The Committee consists of twenty-six members, thirteen from the Senate and thirteen from the House of Delegates. The President of the Senate, the chairpersons of the Budget and Taxation, Constitutional and Public Law, Economic Affairs, Finance, and Judicial Proceedings committees, the President Pro Tem, the Majority Floor Leader, and the Minority Floor Leader are members from the Senate. The President appoints four additional members to be representative of the various areas of the State. The Legislative Policy Committee coordinates and supervises the work of the standing committees of the General Assembly during the interim between sessions as well as during each session. The Committee studies the rules and procedures of the Senate and House, appoints special committees and subcommittees to study any subject matter, refers to the committees functioning during the interim any recommended subject matter it receives, may hold hearings on any subject matter, may subpoena witnesses and records, may prepare its own legislative recommendations, and

may endorse a legislative program in the form of bills, resolutions, or other proposals to be submitted to the next regular session of the General Assembly.

The Legislative Policy Committee is required to compile and make public in a report to the legislature recommendations of the standing, statutory, and special committees at least 30 days prior to the next regular session of the legislature (Code 1957, Art. 40, secs. 27-38).

The Committee may inquire into the failure of an officer or employee of either the Legislative, Executive, or Judicial branches of the State government to comply with the statutory or constitutional law of the State. Further, the Committee sits as a legislative advisory board for the Code of Maryland Regulations and COMAR publications of the Division of State Documents of the Office of the Secretary of State.

By Chapter 1 of the Acts of the Second Special Session of 1973, the Committee is required to receive emergency energy Executive Orders promulgated by the Governor. This legislative authority has been updated annually.

The State Department of Legislative Reference was originally created by Chapter 565, Acts of 1906, to serve the City of Baltimore. The scope of the Department was enlarged so that it would also serve the State by Chapter 474, Acts of 1916. By Chapter 453, Acts of 1965, the State's portion of the Department was transferred to the Legislative Branch. The present Department dates its current organization from Chapter 571, Acts of 1966, which separated this Department from the department of the same name in Baltimore City.

The Department collects, compiles, and indexes information on all questions of proposed legislation. It investigates and reports on the laws of Maryland and other states at the request of the Governor, any committee or member of the General Assembly, or any State agency. At the request of a member of the General Assembly, the Department prepares or aids in the drafting of any law or resolution. Each department of the State government must transmit to the Department of Legislative Reference at least two copies of each of its reports, which are used for exchange and reference purposes. The Department keeps a complete index and a complete file on all bills introduced in the General Assembly from

1918 to the present. It also keeps copies of the codes and laws of other states, and it maintains a library of books, pamphlets, reports, periodicals, and clippings on matters of current public and political interest (Code 1957, Art. 40, secs. 48-53). The Department operates through the Office of the Director and five divisions, entitled Code Revision, Computer, Legislative, Library, and Science and Technology.

By Chapter 182, Acts of 1972, the Division of Statutory Revision was created within the Department of Legislative Reference. The Division is headed and administered by a Revisor of Statutes, appointed jointly by the President of the Senate and Speaker of the House of Delegates (Code 1957, Art. 40, secs. 53A-53D).

The General Assembly Compensation Commission was created in 1970 following ratification of a Constitutional Amendment by the voters at the general election of November 3, 1970 (Chapter 576, Acts of 1970). The Commission consists of nine members, five appointed by the Governor, two appointed by the President of the Senate, and two appointed by the Speaker of the House of Delegates. Members serve four-year terms. Officers and employees of State or local governmental units are not eligible for appointment to the Commission. The Commission determines the compensation and allowances due the members of the General Assembly. The legislature may re-

duce but not increase the amounts proposed (Const. 1867, Art. III, sec. 15).

### **COMMISSIONERS FOR THE PROMOTION OF UNIFORMITY OF LEGISLATION IN THE UNITED STATES**

*Chairperson:* M. King Hill, Jr., 1979

The General Assembly, by Chapter 264, Acts of 1896, established the Commission for the Promotion of Uniformity of Legislation. Every four years the Governor appoints three Commissioners who represent Maryland in the National Conference of Commissioners on Uniform State Laws. They receive no salary but are allowed their actual disbursements for expenses (Code 1957, Art. 41, secs. 153, 154). The Commissioners serve on committees that draft laws to be submitted to the legislatures of the several states and recommend measures for the promotion of uniform legislation.

### **LEGISLATIVE DISTRICTS AND ROSTER OF MEMBERS — 1979**

A Constitutional amendment (Chapter 363, Acts of 1972) ratified by the people on November 7, 1972, divided the State of Maryland into 47 districts for the election of the 188 members of the Senate and the House of Delegates. Each Legislative District elects 1 Senator and 3 Delegates, for a total of 47 Senators and 141 Delegates. Each district may be divided into three Delegate subdistricts or one multi-member Delegate subdistrict. Each district must consist of adjoining territory, be compact in form, and of equal population (Const. 1867, Art. III, secs. 1-4). In districts that contain more than two counties or parts of more than two counties and where the Delegates are elected at large by the voters of the entire district, no county or part of a county is allowed to have more than one resident Delegate.

Pursuant to Article III, Section 5 of the Constitution, the Governor presented his legislative districting plan to the General Assembly and it became law on February 24, 1973. Since it was declared not to have been prepared in conformity with the "public hearings" requirement, the Court of Appeals invalidated it on July 31, 1973. The Court of Appeals then established new boundaries for the forty-seven legislative districts

by an order dated March 15, 1974 (Misc. Nos. 5 and 6, September Term 1972, and Misc. Nos. 1-4, 7-13, September Term 1973). The boundaries noted below are those promulgated March 15, 1974, with voter registration statistics as of October 9, 1978, for Districts 1-36 and as of January 1, 1979, for Districts 37-47, for the Democratic Party (D); Republican Party (R); American Party, others, and those who decline party affiliation (O).

The Governor is the chief executive officer of the State and the commander in chief of its military forces. He is elected by popular vote for a term of four years, his term of office beginning on the third Wednesday of January following his election. No person may serve as Governor for more than two consecutive terms. To be eligible for the office of Governor, a person must be at least thirty years of age and must have been for five years a resident and registered voter of the State. He receives a salary of \$60,000 per year (Const. 1867, Art. II, secs. 1, 3, 5, 21).

The Governor must submit to each annual session of the General Assembly a budget for the next ensuing fiscal year. He also makes recommendations for the raising of the principal and interest of the State's indebtedness. The Governor may also inform the General Assembly at any time of the condition of the State (Const. 1867, Art. II, sec. 19; Art. III, sec. 52(3)).

Before a bill may become law the Governor must sign it, with the single exception of the General Appropriation Act. However, any bill which he vetoes may be passed without his signature by three-fifths of the total number of members of each house of the General Assembly, either at the current session or at the session next following. Or should the Governor, while the Legislature is in session, fail to return any bill with his objections within six days, the Act becomes law automatically unless the adjournment of the General Assembly prevents the return of the bill, in which case the bill fails. The Governor has the power to veto any part of an appropriation bill, in the same manner as other bills, without vetoing it in its entirety (Const. 1867, Art. II, sec. 17 as amended by Chapter 714, Acts of 1949).

The Governor is commander in chief of the military forces of the State — the National Guard — except when such forces are called into the national service. If the National Guard is thus called, he may establish a State Guard.

The Governor appoints all military and civil officers of the State subject to the advice and consent of the Senate, except when the election or appointment of such officers is otherwise provided for. In

addition to appointing the heads of major departments, boards, and commissions of the State Government, the Governor appoints certain boards and commissions in each county and the City of Baltimore as provided for by law. The Governor also commissions notaries public and appoints persons to unexpired terms of the offices of Attorney General, Comptroller, Treasurer, and members of the General Assembly. Any officer appointed by the Governor, excepting members of the General Assembly, are removable by him for cause.

The Governor may grant executive clemency, reprieves, or pardons to any person who is a prisoner of the State and may remit any fine or portion thereof to any person who has paid the fine. He may extradite prisoners or persons wanted by other States upon the presentation of a writ of extradition and may issue a warrant for the arrest of any person so wanted. The Governor may also ask for the return to this State of any prisoner or person of another State wanted for the violation of the laws of Maryland (1867 Const., Art. II, sec. 20).

The office of Lieutenant Governor was created by a Constitutional Amendment ratified by the people on November 3, 1970 (Chapter 532, Acts of 1970). The Lieutenant Governor is the second-ranking officer of the State. He is elected for a term of four years by popular vote at the same election at which the Governor is elected, his term of office beginning on the third Wednesday in January following his election. The eligibility requirements for Lieutenant Governor are the same as those for the Governor (Const. 1867, Art. II, secs. 1, 1A, 2). He receives an annual salary of \$52,500.

The Lieutenant Governor has only those duties delegated to him by the Governor. Since 1971 the Lieutenant Governor has been designated Secretary of the Governor's Cabinet. In addition, the Lieutenant Governor performs a variety of functions assigned to him by the Governor relating to the preparation of the budget and legislation, as well as the management of the Executive Branch.

The Lieutenant Governor succeeds to the office of Governor in the event of a vacancy in that office. If the Governor-elect fails to assume office for any other reason than his disqualification, resignation, or death, the Lieutenant Governor becomes the Acting Governor. He also serves as Acting Governor in case of the Governor's disability (Const. 1867, Art. II, secs. 4, 5, 6, 7, 7A).

The office of the Comptroller of the Treasury was established in 1851. The Comptroller is elected by popular vote for a term of four years (Const. 1867, Art. VI, sec. 1). There is no limitation on the number of terms he may serve. He receives such salary as may be fixed by law. For Fiscal Year 1979, he will receive a salary of \$50,000. He must give his bond and keep his office at the seat of government. He qualifies on the third Monday in January following his election, but his qualifications to hold office are not stated either in the Constitution of 1867 or in the Code. The Constitution enumerates his duties, beginning with the broad mandate to exercise "general superintendence over the fiscal affairs of the State, preparing plans for the improvement and management of revenue, for the support of the public credit." More specifically, he is to "preserve all public accounts, and decide on the forms of keeping and stating accounts;" to "grant, under regulations prescribed by law, all warrants for money to be paid out of the Treasury;" and to "superintend and enforce the prompt collection of all taxes and revenues." The Comptroller receives the Legislative Auditor's reports and contacts various departments to follow the Auditor's recommendations. Jointly with the Treasurer he exercises supervision over the Central Payroll Bureau. The Comptroller, or his deputies, countersigns all checks drawn by the Treasurer upon the deposits of the State. The Comptroller prescribes the formalities for the transfer or other evidence of the State debt and countersigns such papers. He administers and collects the following specific taxes: the income tax, both personal and corporate; the retail sales and use taxes; the admissions tax; the motor vehicle fuel tax; the road tax on motor carriers; the State tobacco tax; the Maryland estate tax; excise taxes on beer, wine, and liquor; and certain franchise taxes. The Comptroller also administers the Abandoned Property and Dormant Bank Account Laws, collects taxes on the deposits of savings banks, on the gross receipts of certain utility companies, and rolling stock of persons other than railroads. Revenues collected by the Maryland Racing Commission as well as the motor vehicle revenues are distributed to political subdivisions by the Comptroller's Office. Admissions and amusement tax revenues are collected by the Comptroller at rates set by local officials and distributed to political subdivisions.

The Comptroller, through the Alcohol and Tobacco Tax Division, controls and regulates the manufacture, sale, transportation, and distribution of alcoholic beverages into, within, and out of the State

of Maryland; issues licenses to manufacturers, wholesalers, airlines, railroads, and steamboats; and issues permits to nonbeverage dealers, nonresident dealers, transportation companies, transporters, and for public individual storage. The Maryland Alcohol and Tobacco Tax Enforcement Unit is charged with the specific enforcement of certain alcoholic beverages and tobacco tax laws.

Through the Gasoline Tax Division, the Comptroller registers and licenses motor fuel dealers as well as diesel fuel sellers and/or users. The Motor Fuel Inspection Unit and the Motor Fuel Testing Laboratory operate to enforce specifications designed to guarantee the quality of fuel offered for sale in the State.

The Comptroller prescribes the form of all licenses required by the State licensing laws, which are issued through the Clerks of the Courts of the various counties. The License Bureau enforces the State license laws. Each month the Comptroller collects license revenues, State property transfer taxes, death taxes, and real and personal property taxes from the Clerks of the Courts, Registers of Wills, and County Treasurers of each county. Distribution of certain taxes and revenue is made to the cities, towns, and counties of the State and to other State agencies as prescribed by law (Code 1957, Art. 2B, sec. 134; Art. 19, secs. 1-34; Art. 56, secs. 3-4, 137; Art. 78B, sec. 19; Art. 81, secs. 201, 323, 410, 433, 434, 460; Art. 89B, secs. 31, 32, 33, 34).

Annapolis 21404

Telephone: 269-3311

The State Appeal Board was established in 1933 as the "State License Bureau" (Chapter 2, Acts of the Special Session, 1933). In 1947 the General Assembly changed the name to the State Appeal Board (Chapter 501, sec. 177, Acts of 1947). The Board is composed of three members appointed by the Comptroller of the Treasury subject to the approval of the Governor. The Comptroller designates the Chairperson of the Board and the Board appoints a secretary. It hears appeals from decisions of local licensing authorities in Dorchester, Somerset, and Wicomico counties (Code 1957, Art. 2B, secs. 61, 70, 147, 154, 177, 184). The Board meets for hearings and to hear appeals within the time prescribed by law at the county seat of the county in which the action originated. The appropriation for the expenses of the Board is included in the budget of the Alcohol and Tobacco Tax Division, Comptroller of the Treasury.

The Board of Revenue Estimates and the Bureau of Revenue Estimates were created by Chapter 991, Acts of 1945. The Board is composed of the Comptroller of the Treasury, the State Treasurer, and the Secretary of Budget and Fiscal Planning. It studies the findings and recommendations of the Bureau and then sends to the Governor, for submission to the General Assembly, an itemized statement of anticipated revenues for the succeeding fiscal year, together with its recommendations. The Bureau studies and analyzes all sources of revenue, prepares for the Board the findings for the itemized statement of anticipated revenue, devises equitable and economical means of collection of such revenue, and devises and recommends new sources of revenue.

The Chief of the Bureau of Revenue Estimates, in conjunction with the State Comptroller's Office, prepares and submits to the members of the General Assembly by the end of the months of January and July in each year an itemized statement showing the following information for the six-month period ending on the next preceding December 31 or June 30, as the case may be: (1) estimated revenue from all sources, by funds, for the current budget period; (2) collections for the next preceding six-month period; and (3) amount of revenues uncollected or over-collected (Code 1957, Art. 41, sec. 194). The appropriation for the Bureau of Revenue Estimates is included in the budget of the Comptroller of the Treasury.

**Committee to Study the State Debt**

Secretary: Robert D. Rader, *Chief, Bureau of Revenue Estimates*

*Chairperson:* Louis L. Goldstein, *Comptroller of the Treasury*

State Treasury Building  
Annapolis 21404

Telephone: 269-3882

Members representing State government: William S. James, *State Treasurer*; Thomas W. Schmidt, *Secretary of Budget and Fiscal Planning*; William Shoemaker, *Director, Department of Assessments and Taxation*; Constance Lieder, *Secretary of State Planning*.

The Governor established this Committee in 1961 upon the recommendation of the State Planning Department to study and review the State debt and other important matters of fiscal policy. The Committee's function was later expanded to keep the State's bonded indebtedness and other fiscal matters under constant surveillance so that the Governor, in appraising requests and legislation calling for State financial support, would have adequate background and advice readily available to him.

Under the Constitution of 1776 there were two State Treasurers—the Treasurer of the Eastern Shore and the Treasurer of the Western Shore. In 1841 a constitutional amendment consolidated the two offices. The present constitution provides that the Treasurer shall be elected by joint ballot of both Houses of the General Assembly for a term of four years. The Treasurer is responsible for accounting for all deposits made each day by some two hundred and forty State Agencies in depositories designated and authorized by him. The Treasurer prepares all checks drawn for disbursement of State cash funds, and he and one of his Deputies sign these checks, which are then countersigned by the Comptroller and one of his authorized Deputies. The Treasurer invests any unexpended or surplus funds in the State Treasury, representing both the general and special funds of the State, which are not currently required to meet State needs. He is the custodian of all stocks, bonds, or other investments of the State, as well as securities that are pledged by insurance companies, foreign building and homestead associations, and all collateral that is pledged by banks that have State funds on deposit. He administers the insurance for the State of Maryland, which includes the State Insurance Trust Fund and the State Self-insurance Program. The State Treasurer does the preliminary planning, preparation, and advertising for State of Maryland Bond Issues, receives bids and arranges for settlement, and signs and delivers State of Maryland bonds. He publishes a monthly balance in Baltimore City newspapers of all State funds held in authorized depositories, and renders a quarterly report of cash receipts and cash disbursements to the Comptroller of the Treasury. He is by law a member of the Board of Public Works, the Board of Trustees of the three Retirement Systems, the State Board of Canvassers, the Maryland Industrial Development Financing Authority, a number of other boards and commissions, and is also the custodian of such special deposits as may from time to time be prescribed by law (Const. 1867, Art. VI, secs. 1, 2, 3, 4; Code 1957, Art. 95).

By a constitutional amendment ratified by the voters in 1976 (Chapter 640, Acts of 1975), any vacancy in the office of State Treasurer is to be filled by the Deputy Treasurer until a successor has been chosen at the next session of the General Assembly (Const. 1867, Art. VI, secs. 1 and 6).

## BOARD OF PUBLIC WORKS

Harry Hughes, *Governor*

Louis L. Goldstein, *Comptroller of the Treasury*

William S. James, *Treasurer of Maryland*

Edward L. Middleton, *Secretary of the Board*

Old Armory Building  
11 Bladen Street,  
Annapolis 21401

Telephone: 269-3443

The Board of Public Works is composed of the Governor, the State Comptroller, and the State Treasurer. The Constitution requires the Board to meet on the first Wednesday of January, April, July, and October in Annapolis and more often when necessary. As a matter of practice, meetings are scheduled semi-monthly. The Board exercises such powers and duties as are prescribed in the Constitution or delegated to it from time to time by the General Assembly. The Board approves the expenditures of all sums appropriated through State loans authorized by the General Assembly, as well as the expenditures of all general and other funds appropriated for capital improvements except those appropriated for State roads, bridges, and highways. The Board approves every new lease or renewal for land, buildings, or office space before such contracts are executed by any department, board, commission, State officer, or institution of the State. It may also designate the location of any State agency, after review by the Secretary of the Department of Budget and Fiscal Planning.

The Board may borrow upon the credit of the State, at any time between the sessions of the General Assembly, sums not to exceed \$50,000 to meet temporary deficits in the Treasury; in addition, it may borrow upon the credit of the State total amounts not exceeding \$1,000,000 in anticipation of taxes levied for any year. All such loans shall bear interest at a rate determined by the Board, and shall mature and be repaid at or before the end of the fiscal year in which the money is borrowed. Upon recommendation of the Comptroller, the Board may adopt regulations covering matters of business administration in the various departments, institutions, and agencies of the State, including the fixing of uniform rates of mileage allowance and the terms and renewals of all bonds furnished by State officials and employees. The sale, lease, or transfer of any real property belonging to any State agency or institution must be approved, and the conveyance signed, by the Board and the highest official of the agency or institution. Where no agency or institution claims the property, the Board executes the conveyance. The Board of Public Works has custody of the General Emergency Fund, which is used to supplement the budgets of the agencies and institutions of the State. It also authorizes the disposal of the records of any agency or institution of the State when such disposal has been approved by the Hall of Records Commission. The Board of Public Works must also issue a license to anyone who seeks to dredge or fill in State wetlands.

The Board of Public Works is required to adopt and promulgate rules, regulations, and procedures for the administration of the State Public School Construction Program and to approve the allocations which are to be paid to each of the counties and Baltimore City.

The Board is also required to appoint a coordinator whose duties are to provide for the consolidation of administrative procedures relating to the issuance of permits for certain development and construction projects (Const. 1867, Art. III, sec. 34; Art. XII, secs. 1-3; Art. XVII, sec. 2; Code 1957, Art. 15A, secs. 11, 12; Art. 23, sec. 206; Art. 27, sec. 705; Art. 31, sec. 2B; Art. 41, secs. 59-1, 190, 196, 215, 216, 218, 221, 244-256, 266Z, 419; Art. 43, sec. 387B; Art. 73B, sec. 12; Art. 78A, secs. 1-16B, 20-22, 26-31, 43, 49, 55-67; Art. 89B, sec. 6; Art. 94A, sec. 5; Natural Resources Article, sec. 9-202; Estates and Trust Article, sec. 2-205).

A library of tape recordings and transcripts of each meeting is also maintained. The office provides informational services to other State agencies, news media, and the public at large, as well as engaging in research when requested. ## WETLANDS ADMINISTRATION

11 Bladen Street  
Annapolis 21401

Telephone: 269-2664

Chapter 241 of the Acts of 1970 requires that anyone wishing to dredge or fill in State wetlands must first secure a license from the Board of Public Works. In order to fulfill the responsibilities assigned to it by the statute the Board has appointed a Wetlands Administrator. The duties of this office include the receipt of applications, as well as scheduling and conducting the required public hearing. After holding the hearing and considering all other information relevant to the application, the administrator then prepares a written report to the Board of Public Works, including a recommendation as to whether or not a license should be issued and if so under what terms and conditions. The approved license is also issued by this office.

The Wetlands Administrator coordinates all aspects of the program with other State, local, and Federal agencies, as well as environmental groups and the general public (Natural Resources Article, sec. 9-202).

He must advise persons proposing projects of the various permits that may be required and is to furnish to the applicants the relevant information concerning the required procedures for obtaining these permits. The Coordinator must cooperate with each State agency having authority to issue a permit in developing a master application form and appropriate appendices for use in applying for multiple permits. When more than one State agency is required to issue a permit for a specific project, a consolidated hearing is held and the Coordinator presides over the consolidated hearing. ## *Executive Departments*

## EXECUTIVE DEPARTMENTS

Between 1969 and 1972, the General Assembly created twelve principal departments that combined by function the several hundred agencies, boards, and commissions then comprising the Executive Branch of the State government. These twelve departments are: Agriculture, Budget and Fiscal Planning, Economic and Community Development, General Services, Health and Mental Hygiene, Human Resources (formerly Employment and Social Services), Licensing and Regulation, Natural Resources, Personnel, Public Safety and Correctional Services, State Planning, and Transportation. A number of agencies were not assigned to a department but have remained independent because of their function.

The head of each Department is the Secretary, who is appointed by the Governor and is subject to Senate confirmation. Each Secretary serves at the Governor's pleasure and is a member of his cabinet. Each Secretary carries out the Governor's policies regarding the particular Department and is responsible for the Department's operation. The Secretary is also responsible for the Department's budget, the promulgation of rules and regulations, planning activities, and the appointment of the required advisory boards. The salary of each Secretary is \$45,900 per year, except for the Secretary of Transportation who receives \$50,000.

With the approval of the Governor, each Secretary appoints a Deputy Secretary who has duties prescribed by law or delegated by the Secretary. The Deputy Secretary serves at the pleasure of the Secretary and receives a salary of \$39,300 a year, except for the Deputy Secretary of Transportation who receives \$43,800. Each Department has a Deputy Secretary, except for the Department of Public Safety and Correctional Services, which has two Deputy Secretaries.

A Department may also have an Assistant Secretary who is appointed by the Secretary. Each Assistant Secretary has duties as may be assigned by law. The Secretary also has such staff assistants, professional consultants, and employees as provided in the budget. These assistants and consultants serve at the pleasure of the Secretary, but other employees are under the merit system. The appointment or removal of personnel by agencies within the Department is generally subject to the approval of the Secretary, who may delegate this responsibility to agency heads.

In several of the departments, when appointments are to be made by the Secretary with the approval of the Governor, the appointee serves at the Secretary's pleasure. The Secretary may not, however, remove the appointee without the Governor's approval.

The Secretary may create advisory boards and determine their size, composition, and purposes. Each Secretary has a seal for his office.

The Attorney General is the legal advisor to each Department and assigns Assistant Attorneys General to each. In the Department, one Assistant Attorney General is designated as Counsel to the Department to render legal aid, advice, and counsel as required by the Secretary and the Department.

Each act establishing a department listed the agencies, boards and commissions, and other units contained in the new department. The act also stated that the department might be expanded to include other agencies or units as provided by law.

Chapter 415, Acts of 1970, permitted the executive reorganization program to be adapted to changing needs and programs by giving the Governor the authority to assign agencies that are not included in a department to one of the principal departments, either at the time the department was created or thereafter. Non-statutory commissions may be placed in the appropriate cabinet department by executive order.

Chapter 77, Acts of 1969, established the first of these cabinet-level departments with the creation of the Department of Health and Mental Hygiene. This department consolidated into a single organization all agencies concerned with health and the licensing and regulation of health professions and occupations.

Chapter 78, Acts of 1969, created the Department of Budget and Fiscal Planning to supersede the former Department of Budget and Procurement, the Governor's agency for the analysis of the revenue structure of the State and the preparation of his budget.

Chapter 154, Acts of 1969, consolidated all conservation and natural resources agencies into a single Natural Resources Department.

Chapter 155, Acts of 1969, transferred the planning functions to a new Department of State Planning to act as the Governor's staff agency in planning matters and to develop a program to

employ natural and other resources of the State in order to promote the health, safety, and general welfare of its citizens.

Chapter 98, Acts of 1970, consolidated the responsibility for administering the appointment, promotion, discharge, pay, and retirement of State employees into the Department of Personnel.

Chapter 97, Acts of 1970, combined the State agencies responsible for the construction, maintenance, and preservation of State-owned property, the purchasing bureau, and service functions of all State agencies into the Department of General Services.

Chapter 96, Acts of 1970, established the Department of Employment and Social Services, which has the general responsibility for the administration of State programs concerned with social services, manpower development, income maintenance, and the problems of children, the aged, and special groups such as injured workers. The name of this Department was changed to the Department of Human Resources by Chapter 352, Acts of 1975.

The Department of Public Safety and Correctional Services carries out the laws and policies in public safety, law enforcement, crime prevention, criminal correction, treatment of defective delinquents, and parole and probation. This department was created by Chapter 401, Acts of 1970.

The Department of Licensing and Regulation, created by Chapter 402, Acts of 1970, controls over thirty State agencies and boards responsible for the licensing and regulation of businesses, professions, and trades.

The Department of Economic and Community Development, created by Chapter 527, Acts

of 1970, includes agencies responsible for the promotion of the economic and cultural welfare of the community and its citizens and programs concerning local community development.

By Chapter 526, Acts of 1970, all agencies concerned with the transportation of people and goods were concentrated into a Department of Transportation.

The last department, Agriculture, brought together into a single cabinet department a dozen agencies concerned with the farmer, farm products, the land, and the promotion of agriculture. The Department was created by Chapter 342, Acts of 1972.

Some departments have Boards of Review, which were created to hear appeals in a limited number of cases from decisions and actions of constituent agencies. Each Board may make recommendations to the Secretary regarding the operation and administration of the department. These Boards of Review, which exist only for the Departments of Health and Mental Hygiene, Natural Resources, Transportation, and Agriculture, consist of seven members appointed by the Governor with Senate confirmation for three-year terms. Four members represent the General public, while three must be members knowledgeable in fields under the department's jurisdiction. The Governor designates the Chairperson from one of the public members.

Even though a number of agencies were often absorbed into a particular department, the Governor still must appoint the members of many boards. In some cases, however, these appointments are made with the Secretary's approval and where the Secretary makes the board appointments, the Governor must approve them.

Appropriate measures are taken to protect the consumer and the dealer from unscrupulous or careless manufacturers.

The Section cooperates with the Federal Food and Drug Administration in the inspection of feed manufacturing facilities that produce medicated feeds and the Environmental Protection Agency in the implementation of the FIFRA. Additionally the laboratories analyze meat and toxicology samples for the Office of Animal Health, test fruits, vegetables, commercial feeds, and soils for chemical residues, and make other determinations as required by Departmental activities (Code Agriculture Article, secs. 5-101 through 5-114; 6-101 through 6-117; 6-201 through 6-220; 6-301 through 6-310).

### TURF AND SEED REGULATORY SECTION

## Department of Agriculture

regulatory controls to assure accurate and complete labeling of seed and sod at the time of marketing, thus enabling the consumer to determine what he is purchasing prior to planting or installation. A State Testing Laboratory is operated for both service and regulatory testing to assure compliance with label claims. The regulatory phase involves inspection, testing, reporting results, and corrective actions for each turf and seed lot found to be in noncompliance with the provisions of the seed law (Code Agriculture Article, secs. 9-101 through 9-110; 9-201 through 9-213).

## WEED CONTROL SECTION

The primary goal of the Weed Control Section is to control and prevent the spread of the noxious weed Johnsongrass within the state. The Johnsongrass Control Program is basically designed to assist landowners in bringing Johnsongrass under control through their own efforts and through the joint efforts of the county and State as provided in Cooperative Agreements with the various counties. Landowners are encouraged to file Johnsongrass Control Plans with the Department outlining methods and procedures for controlling Johnsongrass on their land. The Department is authorized to take regulatory actions against landowners who allow Johnsongrass to set seed on their property.

The Secretary of Agriculture has legislative authority to declare other noxious weeds and place them under a control program.

The program supervisor serves as the State's authority on weed control matters (Code Agriculture Article, secs. 9-401 through 9-405).

## TURF AND SEED CERTIFICATION SECTION

The objective of this Section is to assure the availability of sufficient quantities of certified turf

and seed by directing and conducting certification programs in which turf and seed are produced to meet certain standards such as purity, variety, germination, and other quality factors. Seed or sod not meeting certification standards is rejected as a result of field inspections or laboratory analysis.

The program is conducted in cooperation with the Maryland Foundation Stocks Program through the Maryland Crop Improvement Association. The supervisor of this program serves as the State's authority on certified turfgrass and seed (Code Agriculture Article, secs. 9-101 through 9-110; 9-201 through 9-213; 9-301 through 9-307).

## PESTICIDE REGULATION SECTION

This Section is responsible for regulating the use of pesticides in the State. ## OFFICE OF ANIMAL HEALTH

Dr. Hugh E. Binks, *State Veterinarian*

College Park 20742 Telephone: 454-3831

The Office of Animal Health is responsible for the control and eradication of those diseases of livestock and poultry that are of significant economic importance to the producer as well as those contagious diseases of livestock and poultry that pose a significant threat to the human population of Maryland due to their transmissibility from animals to humans (Code Agriculture Article, secs. 3-101 through 3-503).

## OFFICE OF MEAT AND POULTRY INSPECTION SECTION

Dr. Robert J. Lee, D.V.M., *Chief*

College Park 20742 Telephone: 454-5333

The Office of Meat and Poultry Inspection has the responsibility of assuring the Maryland consumer of a wholesome supply of meat and poultry products, properly labeled and prepared

under sanitary conditions. This is accomplished with a staff of fifty-eight inspectors, supervisors, and administrative personnel. Inspection personnel are assigned to ninety-four slaughtering and/or processing plants located throughout the State. Fifty percent of the cost of the State meat and poultry inspection is provided by the Federal government (Code Agriculture Article, secs. 4-101 through 4-131; 4-201 through 4-230).

## OFFICE OF PEST MANAGEMENT

Dr. Robert M. Altman, *Chief*

College Park 20742 Telephone: 454-3844

The Office of Pest Management conducts three major programs throughout the State. Other plant pest problems are monitored closely and plans are developed for managing other pest problems as the need develops.

## MOSQUITO CONTROL SECTION

A State-wide cooperatively funded program is conducted out of the College Park Office that provides routine services to 1,400,000 residents in 1,600 communities in 20 counties. Branch offices are located in Salisbury and Clements. Environmentally compatible temporary (adulticiding and larvaciding) and permanent (water management) methods are used to control the mosquitoes. In addition to implementing control measures, efforts are also directed toward determining the environmental impact of the program, developing more efficacious control methods, and conducting epidemiological investigations of mosquito borne diseases.

## GYPSY MOTH CONTROL SECTION

The gypsy moth is the most destructive forest pest of the Eastern United States. In addition, it causes serious problems in wooded residential areas, parks, and recreation areas, and is the subject of a national and international quarantine program. This pest has been present in Maryland since 1971, but as a result of effective control measures there has been no damage to date in the State. A cooperative local, State, and federal program to manage the gypsy moth is coordinated out of the College Park Office.

## MEXICAN BEAN BEETLE PARASITE PROGRAM

Soybeans are the second most important crop in Maryland. The Mexican bean beetle is the

principal insect pest of this crop. The economic damage to soybeans by the Mexican bean beetle can be largely eliminated by making inoculative releases of a small wasp, *Pediobius foveolatus*, which is parasitic on the beetles. In addition to controlling the Mexican bean beetle, this energy-efficient method reduces the cost of control and also reduces the pesticide burden on the environment.

The Chief provides general supervision to the Program Supervisors and coordinates the activities of the office with other programs in the Department and with other local, State, and federal officials. In addition, he is responsible for managing active cooperative agreements with local, county, State, and federal agencies involving \$780,000 annually (Code Agriculture Article, 1975 Supp., secs. 5-301 through 5-312 and 5-401 through 5-405).

The seven-member Commission is appointed to four-year terms by the Governor from a list of fruit growers approved by the Executive Committee of the Maryland State Horticultural Society. The Commission raises funds for publicity and advertising, sales promotion, education, and research to increase the demand for, and consumption of, Maryland apples. All apples of U.S. Number 1 Canner Grade or better, grown in Maryland and sold in commercial trade, are subject to a tax of one cent per bushel. However, the first five hundred bushels sold by any producer are tax exempt. Commercial growers must report all apples sold during the crop season by December 31 each year. Apples sold after the season must be reported by the close of the following May. The Commission deposits the funds received from these sources with the State Treasurer in a Merchandising Fund, and none of this money may be used for any other purpose, operating expenditures excepted (Code Agriculture Article, secs. 10-401 through 10-406).

The Authority also licenses commission agencies and purchasers, and collects a fee from the owner of tobacco sold at a commission agency.

The Maryland Agricultural Land Preservation Foundation was created by Chapter 784, Acts of 1977. The Foundation is governed and administered by a Board of Trustees composed of the State Treasurer and the Secretary of the Maryland Department of Agriculture, both of whom

serve as ex officio members, and nine at large members from the State who are appointed by the Governor, at least five of whom must be farmer representatives from different areas of the State and one non-farm representative, who is a representative of the Department of State Planning. The Chairperson of the Board of Trustees is appointed by the Governor from among the nine at large trustees. The Foundation employs an Executive Director appointed by the Secretary upon recommendation of the Board of Trustees at large.

The principal responsibility of the Foundation is to implement the Agricultural Land Preservation program promulgated in the Agriculture Article secs. 2-501 through 2-515 of the Maryland Code Annotated.

The intent of the program is to preserve productive agricultural land and woodland in Maryland, to provide for the continued production of food and fiber, to curb the extent of urban sprawl, and to protect agricultural land and woodland as open space.

The program is voluntary on the part of landowners and dependent upon the cooperation of local governments, which appoint five-member Agricultural Preservation Advisory Boards.

Landowners may initiate the creation of Agricultural Preservation Districts in which subdivision and development are restricted for at least five years by agreement with the Foundation. The creation of a District results in the protection of normal agricultural activities and eligibility of landowners to make application to sell a development rights easement. The Foundation may acquire easements based upon the availability of funds as allocated by the counties, in accord with a competitive formula provided by law and subject to local recommendation and appraisal. Easements acquired are effective for at least twenty-five years.

In addition, the Foundation may receive by gift, devise, bequest, or grant easements in gross or other rights to restrict the use of agricultural land and woodland (Code Agriculture Article, secs. 2-501 through 2-515).

*Treasurer:* Carlos S. Warren, Florida

*Secretary:* Kenneth J. Nemeth

Atlanta, Georgia 30338 Telephone: (404) 455-8841

The Southern States Energy Board (SSEB) is an interstate compact agency, created by the Southern Interstate Nuclear Compact, which has been approved by sixteen southern states and the Commonwealth of Puerto Rico and was consented to by Congress (P.L. 87-563) in 1962. The purpose of SSEB is to improve the economy of the South and to contribute to the individual and community well-being of the people of the Southern region through cooperation among member jurisdictions in the creation and implementation of programs in the fields of energy, science and technology, environment, and in related areas of interest.

The Board is comprised of one member from each jurisdiction who is appointed by, and serves at the pleasure of, his Governor. The SSEB member serves as an energy advisor to the Governor and coordinates the agency's activities in his state. At present the member jurisdictions include: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, Oklahoma, Puerto Rico, South Carolina, Tennessee, Texas, Virginia, and West Virginia. Each member jurisdiction supports SSEB through an annual appropriation based on a formula outlined in the Compact.

An Executive Committee is elected by the membership to exercise all necessary powers and functions of the Board when it is not in session; however, the Committee cannot amend the By-Laws or act on any matter contrary to the expressed policy of the Board. The Organization has established six standing committees, which are chaired by members of the Board. These committees indicate the range of energy concerns of the organization: Energy Conservation, Energy Supply and Demand, Environment and Safety, Nuclear Energy, Fossil Energy, and Renewable Energy Resources.

Maryland's membership on the SSEB is governed by Code 1957, Art. 41, secs. 319-332 and 356.

The Maryland Advisory Commission on Atomic Energy was created by Chapter 188, Acts of 1966. The Commission consists of eleven members appointed by the Secretary of Economic and Community Development with the approval of the Governor for four-year terms, with one member representing each of the following fields: agriculture, atomic energy, industry, education, law, medicine, Maryland Port Administration, power, public health, transportation, and sanitary engineering. The Chairperson is designated by the Secretary of Economic and Community Development with the approval of the Governor.

The Commission was created to advise the Governor and State officials on matters arising from the peaceful application of atomic energy. Application of atomic energy to peaceful pursuits can result in situations involving governmental responsibility of the State that are novel and without precedent. Ready access to the advice of qualified experts representing these various scientific disciplines, professions, productive arts, and sectors of economic activity enables the State government to cope with new situations or grasp new opportunities for economic development that arise from the peaceful application of atomic energy (Code 1957, Art. 41, sec. 359A).

## **APPALACHIAN REGIONAL COMMISSION**

### **MARYLAND REPRESENTATIVES**

William A. Pate, *Alternate*

## OFFICERS OF THE COMMISSION

*Federal Co-Chairperson:* Robert W. Scott

By Chapter 415, Acts of 1965, the Governor and the Board of Public Works were authorized to appoint a State member and an alternate to the Appalachian Regional Commission to implement the Federal Appalachian Regional Development Act of 1965. Commission membership, in addition, includes a regional representative selected by the majority of the thirteen Appalachian states (Code 1957, Art. 78A, sec. 13A).

The Commission was created by the Appalachian Regional Development Act of 1965 (P.L. 89-4) to plan and coordinate projects and programs authorized by the Act for the development of the thirteen State Appalachian Region, which includes the Western Maryland counties of Washington, Allegany, and Garrett. The Commission consists of a Federal Co-Chairperson appointed by the President and one member from each participating state who must be the Governor or his alternate. A State Co-Chairperson is elected annually by the Governors.

Programs for Appalachian development authorized by the Act include the construction of a developmental highway system, access roads, health centers, vocational educational schools, and sewage treatment works; the development of land, timber, and water resources; the rehabilitation of areas damaged by strip and surface mining; and the establishment of local development districts to support economic development efforts at the local level. The Act provides authority for the Appalachian Regional Developmental Highway System, a network of 2,700 miles of development highways and 1,600 miles of access roads. The Maryland portion of the highway system consists of 79.8 miles. Non-highway funds authorized for the 1978 Fiscal Year amounted to \$113,000,000.

The Commission is not an operating agency. Its major function is the planning and coordination of programs and projects to be carried out under the Act by the appropriate federal and State departments and agencies. The Commission can act only on those programs and projects that are submitted to it by State members. Its

decisions require the affirmative vote of the Federal Co-Chairperson and of a majority of State members (Code 1957, Art. 78A, sec. 13).

## MARYLAND INDUSTRIAL DEVELOPMENT FINANCING AUTHORITY (MIDFA)

*Chairperson:* Nicholas F. Mueller, 1980

*Ex officio members:* vacancy, *Secretary of Economic and Community Development*; William S. James, *State Treasurer*

*Appointed members:* Carl M. Freeman, 1979; Austin E. Penn, 1982; James C. Johnson, 1983

Kenneth B. Frank, *Assistant Attorney General—Counsel*

The World Trade Center  
401 E. Pratt Street, Suite 2244  
Baltimore 21202 Telephone: 383-4348

The Maryland Industrial Development Financing Authority was created by Chapter 714, Acts of 1965. The Authority consists of five members appointed by the Secretary of Economic and Community Development with the approval of the Governor, the Secretary of Economic and Community Development or his designee, and either the State Treasurer or Comptroller of the Treasury (as chosen by the Governor), the latter two serving as *ex officio* members. The Authority elects its own officers and appoints the Executive Director, who also serves as the Secretary.

MIDFA encourages economic growth within the State by approving and insuring industrial mortgage loans meeting certain conditions. This provides Maryland counties and municipalities with a financing tool to make them competitive with surrounding states in attracting new industry without direct subsidy or pledge of faith or credit by either the State or local government, except to the extent that the State has provided a reserve fund of approximately \$17,000,000 to support MIDFA insurance of loans. The fund (called the Industrial Project Mortgage Insurance Fund) is comprised of the proceeds of bonds issued by the State together with insurance premiums and other income.

A basic prerequisite for MIDFA participation is that new jobs and new taxes be created for Maryland in the process. In its evaluation the Authority must place considerable weight on the relative economic impact of each project for which loan approval or insurance is sought. This contribution together with the credit worthiness of the company and the collateral value of the land, building, and equipment being financed form the major basis for approval or disapproval by the Authority.

MIDFA may insure all, part, or none of first mortgage loans on land and buildings up to 90 percent of their total cost with maturities of up to twenty-five years. MIDFA may also insure all, part, or none of the first mortgage loans on machinery and equipment up to 70 percent of total cost, with maturities of up to fifteen years or maximum useful life, whichever is less. In either case up to 100 percent financing is available.

Mortgage loans insured by MIDFA are limited in principal amount to \$5,000,000 per project. MIDFA's total insurance exposure for all loans may not exceed an amount equal to five times the reserve fund.

MIDFA insured mortgage loans may be made for new, expanded, acquired, or rehabilitated property in the following seven business categories: manufacturing; warehousing of manufactured goods; research and development facilities; office buildings for company headquarters or regional office use; certain tourist or convention facilities; mercantile or service businesses that primarily serve out-of-state markets; and certain improvements related to port operations. MIDFA may participate only in loans for fixed asset financing. It may not approve loans for working capital or refinancing purposes.

A business may obtain a MIDFA insured loan in one of two ways. First, it may request local government participation in MIDFA financing whereby the county or municipality purchases the property, obtains a tax-exempt mortgage loan from a lender, and then leases the property to the business, using the lease as additional collateral for the mortgage loan. Using this method, the tenant may acquire the facility for nominal consideration when the loan is paid off. Second, a business may arrange a mortgage loan directly with a lender at prevailing commercial loan rates. In either case, the county or municipality has no direct responsibility for repayment of the loan. With local government participation, tax exempt interest rates are passed on to the industrial prospect through reduced rentals under the lease since rental payments are geared to principal and interest obligations of the loan.

By the end of Fiscal Year 1978, MIDFA had approved eighty-two loans totalling \$69,000,000. Seventy-five loans are currently outstanding totalling \$54,500,000, with an insurance exposure of \$28,000,000 (Code 1957, Art. 41, secs. 266J-CC).

The Governor appointed this Commission in 1968 at the request of the General Assembly to initiate and coordinate programs designed to foster, improve, increase, and encourage trade, tourism, and cultural exchanges between the free countries of Central and South America and the State of Maryland (Res. ## DEVELOPMENT CREDIT CORPORATION OF MARYLAND

### OFFICERS

*Chairperson of the Board:* William A. Beasman, Jr.

*President and Chief Executive Officer:* W. G. Brooks Thomas

*Treasurer:* R. Kenneth Rous

*Secretary:* Donald R. Wenderoth

1301 First National Bank Building

Baltimore 21202

Telephone: 685-6454

The General Assembly authorized the establishment of the Development Credit Corporation of Maryland by Chapter 822, Acts of 1959, to stimulate business and industry in the State of Maryland by making loans available to small businesses that would not qualify for loans from conventional institutions such as banks or insurance companies.

The Corporation consists of two classes of participants: members and stockholders. Only financial institutions—those institutions whose activities include lending or investing money—may

become members. Members must loan funds to the Corporation upon demand up to limits that are set by law and based on financial capacity. All such calls for funds are to be prorated among the members in the proportion that the maximum loan limit of each bears to the aggregate loan limits of all members. Individuals and domestic corporations may become stockholders, but financial institutions may be stockholders only if they are also members. The authorized capital stock consists of two million shares of common stock with a par value of one dollar each.

The fifteen member Board of Directors, representing the five economic regions, exercises the corporate powers of the Development Credit Corporation. There are five economic regions: the Central Region (Baltimore, Carroll, Harford, and Howard counties); the Eastern Shore Region (Caroline, Cecil, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, and Worcester counties); the Southern Region (Anne Arundel, Calvert, Charles, Prince George's, and St. Mary's counties); the Western Region (Allegany, Frederick, Garrett, Montgomery, and Washington counties); and the Baltimore City Region. Initially, the Governor, the President of the Senate, and the Speaker of the House of Delegates each made five appointments to the Board, one from each region. The President of the Senate designated the chairperson of this temporary board, and the chairperson called the first annual meeting. At this meeting held on February 16, 1961, and at each annual meeting thereafter, members of the Corporation from at least three of the five economic regions elect two directors from each region for one-year terms. These directors must be U.S. citizens and residents of the economic region from which they are appointed or must maintain a regular place of business there. The stockholders of the Corporation elect the remaining five directors, who must be U.S. citizens and residents of the State for one-year terms. The Board elects its own chairperson. The Corporation may borrow or lend money and buy, hold, or sell real or personal property, including industrial plants and other business establishments.

The Corporation has established Loan Committees of five members for each economic region. After a loan application has been received by the Chief Executive Officer of the Corporation, the loans are then discussed with the Regional Loan Committees who review the applications and join with the Chief Executive Officer in making recommendations to the Board of Directors or Executive Committee. Final decision lies with either of these bodies (Code 1957, Art. 23, secs. 412-429).

## COMMUNITY DEVELOPMENT ADMINISTRATION

Thomas M. Cook, *Director*

2525 Riva Road  
Annapolis 21401

Telephone: 269-3161

The Community Development Administration, created by Chapter 527, Acts of 1970, is one of the line agencies in the Department of Economic and Community Development.

Within the Community Development Administration, the Development Finance Program is responsible for providing below market-rate interest construction loans and/or permanent financing to private, non-profit, and public sponsors to stimulate the production of rental housing to meet the needs of the citizens of Maryland, particularly families of limited income and the elderly. The Program is coordinated with the federal government in order to obtain subsidies required to make Development Finance Program housing feasible.

Projects financed by the Department of Economic and Community Development must be consistent with local priorities and must complement and supplement local community development programs and initiatives. Projects must meet eligibility criteria and financing requirements, and income limits are established as the guideline for persons served.

Additionally, the Community Development Administration administers the Maryland Home Financing Program, which was enacted by the General Assembly in the 1972 legislative session to provide direct mortgage loans at a preferred rate of interest for moderate and limited income citizens of the State who are unable to obtain mortgage financing from conventional financial institutions at affordable terms and interest rates. The applicants must meet all eligibility criteria standards and certain established income limits.

CDA also operates the Maryland Housing Rehabilitation Program, which was enacted by the General Assembly in 1975. Through this program CDA participates with local subdivisions in providing direct loans to families of limited income. The homes must generally be located in "target areas." Robert P. Goodman, *Chief, Power Plant Siting Program*

Neil M. Shpritz, *Chief, Statistical Information Services*

Telephone: 269-3629

The Division of Research was created to provide analytical support for economic policy-making and development planning. It also collects and maintains a data base for the research needs of the Department, other government agencies, and the private sector. This data base is continuously refined and is currently being automated. The Division is responsible for various ad hoc research projects of the Department and for representing the Department on numerous statewide committees and task forces, in addition to preparing and, in some cases, presenting testimony on behalf of the Department.

The Office of Project and Sector Studies is primarily responsible for producing an annual analysis of the performance of the State economy. This study is concerned with the behavior and interrelationships among major economic data series over time such as employment by industry, by skill, and by sub-State region. The main purpose of this effort is to provide quantitative and analytical bases for economic policy-making and development planning. The results and recommendations of this analysis are presented each spring in a report on the preceding year. This Office is also responsible for responding to the research needs of the other Divisions in the Department. Analyses of specific aspects of the State economy are conducted, the approach being primarily micro in character. The purpose of these studies is to provide a sound basis for industrial and community development planning.

The Power Plant Siting and Research Program directs the Department's Research Division to cooperate with the Department of Natural Resources in a program that includes, among other things, provisions for estimating and monitoring the economic effects of operating electric power facilities in the State.

The Office of Statistical Information Services is primarily responsible for gathering and compiling technical information. It functions as an information center for economic and statistical data and serves as a major contact point between the State Government and the sources of such data, which include the U.S. Bureau of the Census, the U.S. Department of Commerce, the Federal Reserve Districts, trade associations, non-profit organizations, and various State and local organizations. The Office converts basic information into compilations specifically designed for business, industry, and the general public, and prepares monthly a series of economic indicators, as well as a short appraisal of the economic situation in Maryland for the Office of the Governor.

## **DIVISION OF LOCAL AND REGIONAL DEVELOPMENT**

John B. Moore, Jr., *Director*

2525 Riva Road  
Annapolis 21401

Telephone: 269-2150

The Division of Local and Regional Development was established in July 1976 to provide more effective management and coordination of the Department's assistance to local governments and regional organizations in their efforts to develop and implement economic development, housing, and historical-cultural programs. In cooperation with local officials, the Division also provides training and management systems assistance aimed at strengthening the management capacity of local units of government.

In providing assistance, the Division places primary emphasis on those local or regional programs for which the Department can deliver specific resources and/or on programs for which the Department is capable of obtaining or coordinating use of related State and federal resources.

The Division helps local and regional officials identify development problems or issues, assess alternative courses of action, design specific action programs, and obtain Department, other State, and federal resources useful in implementing development programs.

As a clearinghouse for Departmental services to sub-State units of government, the Division coordinates State and local involvement with a number of federal programs related to economic development, housing, and historical-cultural matters.

The Division administers Maryland's Appalachian Regional Commission (ARC) development program and grant process to ensure full use of available ARC resources designed to stimulate economic and community development projects and activities in Western Maryland.

To facilitate liaison with the three western counties of the State, the Division maintains the Department's Western Maryland Regional Development Office in Hagerstown.

The Division undertakes responsibilities for the Department as the designated State agency for coordination of Economic Development Administration (EDA) programs in Maryland through assistance aimed at implementation of an Economic Development Planning Program. It coordinates the submission of development projects for funding by EDA.

The Division also carries out responsibilities for the Department as the Governor's designated State liaison agency with the U. S. Department of Housing and Urban Development for implementation of the Federal Community Development Block Grant Program in Maryland. Direct technical assistance is provided to local governments and regional organizations to help them develop program plans and applications for Block Grant funds. In addition, the Division assists local governments in obtaining Departmental housing-related resources to complement local programs using Federal Block Grant funds.

The Division serves as the Department's liaison with the U. S. Department of Agriculture rural housing and development programs, which provide resources relevant to Maryland's local and regional development activities.

The Division's primary objective is to create a better public understanding of Department programs. It strives to accomplish this through an outflow of information to representatives of the news media, publication of

*Maryland Magazine*, and production of many Departmental publications, including the *Directory of Maryland Manufacturers* (biennially, even years), and the *Directory of Science Resources for Maryland* (biennially, odd years), *Directory of Maryland Exporters-Importers* (triennially). 2525 Riva Road  
Annapolis 21401

Telephone: 269-2875

The Maryland Housing Fund was established by Chapter 669, Acts of 1971. The primary aim of the Housing Fund is to stimulate home ownership for those of various income levels. The General Assembly found that the flow of private investment capital into the home financing sector of the housing industry could be stimulated by a mortgage program that would insure qualified lending institutions against losses. The Fund is backed by \$30,000,000 in State general obligation bonds and is operated through many lending institutions in the State (Code 1957, Art. 41,

sec. 257K). Chapter 908, Acts of 1978, authorized an additional \$7,500,000 in reserves for the Maryland Housing Fund.

## **OFFICE OF DEVELOPMENT PLANNING**

Joseph A. Kayne, *Director*

2525 Riva Road  
Annapolis 21401

Telephone: 269-2711

The Office of Development Planning (ODP) was created by the Secretary of the Department of Economic and Community Development in May 1974. Funded largely through Federal grants, ODP is responsible for the continuous generation of an economic development strategy that will improve the efficiency with which public and private resources are distributed in order to enhance the well-being of the citizens of Maryland. The Office examines selected issues that might have a significant impact on statewide economic development and proposes substantive programs related to these issues; provides development planning assistance to local governments and regional organizations; facilitates coordination among local, State, regional, and federal authorities on economic development issues affecting the State; and assists regional and local organizations in establishing their own economic development processes.

## **CODES ADMINISTRATION**

Willard E. Bryant, *Director*

1748 Forest Drive  
Annapolis 21401

Telephone: 269-2701

Codes Administration is responsible for the Industrialized Building and Mobile Homes Code, the Model Performance Code, the Maryland Building Code for the Handicapped and Aged, the administration of the Maryland Safety Glazing law, and the adoption of guidelines for energy conservation.

The Industrialized Building and Mobile Homes Code, established by Chapter 662, Acts of 1971, offers certification standards for any building, building sub-system, or component that is manufactured or partially assembled off-site to be used in a Maryland structure. The intent of the Code is to encourage and enable expanded industrialized building activity in the State. Buildings and building sub-system components that are certified by the State under this Code can be used or erected anywhere in Maryland, regardless of local

building codes, but must, of course, comply with local zoning laws. The Code also applied to mobile homes offered for sale within the State until the federal government adopted a new HUD standard effective June 15, 1976, which superseded the Maryland standard. The Codes Division will continue to perform inspection functions in assistance to enforcement of the HUD standard under the provisions of Article 41, Section 266EE-7.

The Model Performance Code was adopted by Chapter 663, Acts of 1971. The basis of the State's Model Performance Code is the Building Officials and Code Administrators International Basic Building Code (BOCA). It is the intent of the General Assembly that this code eventually be adopted throughout the State to allow builders to adapt their materials to a single set of modern, flexible standards. A requirement to include provisions to promote energy conservation in the Model Performance Code was adopted by the Legislature in 1974 (Code 1957, Art. 41, sec. 257J).

A Safety Glazing law was adopted by Chapter 116, Acts of 1973, which required the use of safety glazing in all hazardous locations after July 1, 1973. This was an updating of a previous less restrictive law. Administration of this law is performed by the Codes Administration Division (Code 1957, Art. 41, secs. 266GG-1 to 266GG-6).

The Statewide Building Energy Utilization Act, adopted in 1978, authorizes Codes Administration to develop statewide standards for energy conservation in new buildings. Implementation of this Act is not anticipated until January 1, 1979 (Article 41, sec. 257M).

The Board is responsible for recommending standards for certification of code enforcement personnel; examining and certifying qualified applicants; reviewing qualifications for certification; revoking certification where warranted; keeping records of all its proceedings; maintaining a current list of certified code enforcement officials; and making an annual report to the Secretary (Code 1957, Art. 41, sec. 266EE-4).

The Maryland Historical Trust was created by Chapter 620, Acts of 1961, for the purpose of preserving and maintaining historical, aesthetic, and cultural properties, buildings, fixtures, furnishings, and appurtenances pertaining in any way to Maryland from earliest times, to encourage others to do so, and to promote interest in and study of such matters. In 1970, the Trust became an agency of the Department of Economic and Community Development.

The Board of Trustees of the Maryland Historical Trust is composed of fifteen members of whom the Governor, the President of the Senate, and the Speaker of the House of Delegates, or their representatives, are ex officio members. The Board of Trustees is self-perpetuating and members serve four-year terms. The trustees serve without compensation and elect one of their number as Chairperson. The trustees also appoint eight area representatives to serve one-year terms. The trustees may also appoint a Director and such other persons as may be necessary to operate the Trust. The Trust is to make a report annually to the Governor and the General Assembly together with any recommendations to further the purpose of the Trust (Code 1957, Art. 41, secs. 181A-181K).

Maryland's State Historic Preservation Officer, appointed by the Governor pursuant to the National Historic Preservation Act of 1966, is a member of the Trust staff. Preservation activities as required by the federal government are carried

out by the State Historic Preservation Officer in concert with the Trust. The Trust is authorized to acquire and maintain properties of historic or architectural merit by gift or by purchase. Through its easement program, it holds partial interest in such properties in order to monitor their appearance without the necessity of public ownership. This can provide certain tax advantages to the property owner. Easements are acquired by gift to the Trust or in exchange for funding assistance.

The Trust assists in the funding of restoration and acquisition of historic properties by organizations, local government, and individuals through its State grants-in-aid funds and a revolving fund loan program. U.S. Department of the Interior Heritage Conservation and Recreation Service matching grants-in-aid are made through the Trust to properties listed on the National Register of Historic Places and to local government for survey and planning involving historic sites.

An on-going survey of Maryland's historic sites is carried out by the Trust through contract with local jurisdictions. Results of these surveys are being made available in published form. The most significant of these sites are eligible for nomination to the National Register through the Trust. Properties listed on the National Register receive a degree of protection from federally licensed or funded projects that might adversely affect them.

The Trust's community education program includes the administration of twenty-five local volunteer committees—one in each county, in Baltimore City, and in Annapolis. These volunteers assist the Trust in preservation activities in their areas and advise the Trust on preservation issues and needs throughout the State. An annual conference, workshops, special events, publications, and a monthly newsletter are also produced by the Trust. A library of archival and photographic material relating to Maryland's historic architecture is maintained by the Trust.

Samuel J. Lloyd, *Assistant Secretary for Economic Development*

1748 Forest Drive  
Annapolis 21401

Some of the elements of the Division of Economic Development were originally created as parts of the former Department of Economic Development by Chapter 185, Acts of 1959, "for the general purpose of advancing the economic welfare of the people through programs and activities to develop in a proper manner the State's natural resources and economic opportunities pertaining to commerce, agriculture, mining, forestry, transportation, travel, tourism and recreation . . ." The former Department was also directed to "promote and encourage the location of new industries and businesses in Maryland and other matters intended to foster and develop gainful employment . . ." for residents of the State.

In 1970, the former Department became the Division of Economic Development in the newly-created Department of Economic and Community Development. In November 1973 it was replaced by Executive Order by the Division of Business and Industrial Development and in July 1976 the latter became a part of the reconstituted Division of Economic Development, which was assigned increased responsibilities.

The Division directs programs in business and industrial development, tourist development, seafood marketing, minority business enterprise, and

activities of the Ocean City Convention Hall. The Division's mission is to attract new industry into Maryland and to encourage expansion of existing firms, and by so doing to widen job opportunities in the State. Additionally, the Division assists Maryland business and industry to resolve problems and to broaden markets for Maryland products through exporting.

The Division also administers the Maryland Industrial Land Act, which assists counties and Baltimore City to acquire and develop industrial land and shell buildings.

Community Economic Inventories and other business and industrial reference and promotional publications are prepared by the Division. It also conducts advertising programs in national and regional publications, which call attention to Maryland's business and industrial advantages and opportunities, tourist attractions, and the State's seafood delicacies (Code 1957, Art. 41, secs. 258-266).

Briefly, the Division operates through the following programs:

awarded by any level of government (Chapter 879, Acts of 1978). Recipient firms, historically small in size and brief in experience, are usually considered "high risk" businesses by the private lender. The Maryland Small Business Development Financing Authority is governed by five appointed directors, in addition to the Secretary of the Department of Economic and Community Development and either the State Treasurer or Comptroller. Telephone: 383-3971

Wilmer C. Chance, *Principal Architect*

Telephone: 383-3993

301 West Preston Street  
Baltimore 21201

This Division provides architectural, engineering, and site planning services to State agencies on matters involving the design, construction, alteration, and repair of State and State-aided facilities. The workload is divided into two categories: in-house, staff-designed projects, and consultant-designed projects. New projects are designated as in-house jobs if the design can be done more economically by Division staff or if consultants are not available for projects located in remote areas of the State.

For in-house projects, a Division architect or engineer develops an initial design based on the needs expressed in a requesting agency's capital improvement program and then draws up plans and specifications for directing the scope of the work. Following advertisement of the project and appointment of a construction contractor by the Board of Public Works, in-house staff conduct monthly progress meetings to ascertain that the work is on schedule and in accordance with contract documents.

For consultant-design projects, Division personnel supervise the consultant architect or en-

gineer appointed by the Board of Public Works to prepare the design and develop the contract documents. The major role of the Division staff for consultant-designed projects is to ensure that the State's construction investment is protected during each of the four phases of the design procedure: (1) preparation of preliminary design, (2) preparation of schematics, (3) preparation of design development documents, and (4) preparation of the contract documents.

The Division also performs property surveys in the course of State projects involving construction or the acquisition of real property. About 20 percent of the surveys performed each year (or 30 of a total 150 project workload) are performed by commercial surveyors whose findings are reviewed by Division staff.

All current deeds, mortgages, and releases recorded in the courthouses of the State are microfilmed and preserved at the Hall of Records for security purposes. Limited facilities are available for the filming of records of State agencies.

By several Acts of Assembly, the Hall of Records has been designated as an official depository for the publications of State agencies (Code 1957, Art. 40, sec. 53) and for all codes published by local governments, both county and municipal (Code 1957, Art. 25, sec. 32A, Art. 25A, secs. 7 and 9A; Art. 25B, secs. 7, 12). Since 1967, the

Hall of Records has been a depository for charter amendments and annexations of municipal corporations (Code 1957, Art. 23A, secs. 9, 17, 17A and 19).

The Archives Division compiles, edits, publishes, and distributes the MARYLAND MANUAL (Code 1957, Art. 41, secs. 104-106).

Chapter 488, Acts of 1966, transferred the functions, records, responsibilities, and employees of the Commissioner of the Land Office to the Hall of Records Commission. Under the provisions of Chapter 355 of the Acts of 1967, the Archivist was designated as the Commissioner of Land Patents and assigned the responsibility of issuing land patents and conducting court hearings. In performing these duties, he acts independently of the duties imposed on him as Archivist (Real Property Art., secs. 13-101 to 13-504). The Hall of Records Commission serves as the official depository for the duplicate copies of subdivision plats formerly sent to the Land Office as insurance against the loss of the originals.

Leonard E. Albert, *Deputy Secretary of Health and Mental Hygiene*

John J. Kent, Jr., *Assistant Secretary for Medical Care Programs*

Theodore G. Lucas, *Assistant Secretary for Special Programs*

Telephone: 383-2600

The Department of Health and Mental Hygiene was established on July 1, 1969, in accordance with the provisions of Chapter 77, Acts of 1969. The mission of the Department is to assure the people of Maryland their inherent right to a healthful environment and a high level of physical, mental, and social health. Achievement of this goal will be through the development of a comprehensive, continuous, and accessible system of health services for the State of Maryland, which emphasizes the promotion of health and the prevention of disease and disability.

Many programs are by their nature public functions and could not be performed effectively by the private sector. Prime among these is the responsibility for dealing with the epidemiological dimensions of hazards to health affecting the community, such as environmental pollution and communicable disease, and the organization of community efforts to prevent or control their impact.

The Department provides or purchases direct care services primarily in the following areas: residential and outpatient care for the mentally ill, the mentally retarded, the chronically ill, including those with tuberculosis, the impaired elderly, persons with addictive conditions, and court-referred youths. It also provides several preventive medicine services directly. It further develops programs for the rehabilitation of troubled youth. The Department also provides a comprehensive program of health care services for the indigent and medically indigent.

The Department is organized on the basis of program similarities under four Assistant Secretaries to provide effective service delivery. Under the Assistant Secretary for Medical Care Programs there are three administrations—Policy, Operations, and Compliance—charged with the reimbursement of health care services for the indigent and medically indigent. The Assistant Secretary for Special Programs is responsible for the Juvenile Services and Mental Retardation Administrations. The Alcoholism Control, Drug Abuse, and Mental Hygiene Administrations are assigned to the Assistant Secretary for Mental Health and Addictions. The Assistant Secretary for Health is responsible for the Environmental Health, Laboratories, Preventive Medicine, Aged and Chronically Ill, and Local Health Administrations. In addition, the twenty-four local health departments report directly to the Assistant Secretary for Health, but have access to all Departmental officials as well. The local health departments are the focal point in the delivery of services.

All Department-wide services of a regulatory nature, such as Health Planning and Development, Hearings and Regulations, Licensing and Certification, Health Services Cost Review, Community Relations, and Title VI (non-discriminatory practices) are coordinated by the Director of Regulatory Services. Various professional support services, available to all levels of organization, are administered by the Director of Professional Resource Services. Regulatory Services and Professional Resource Services are staff organizations of the Office of the Secretary. Other designated staff organizations include Legal Services, Government Relations, Special Services, Management Staff, and the Office of Service Operations (Administration).

The Secretary of Health and Mental Hygiene is also responsible for the direction and coordination of numerous boards, commissions, and various citizen advisory groups. The Board of Review, whose seven members are appointed by the Governor, serves in an advisory capacity and hears appeals as provided by law (Code 1957, Art. 26, secs. 301, 314-316, 401-402; Art. 41, secs. 59C-59L; Art. 43, secs. 1F-1005; Art. 43B, secs. 1A-22; Art. 52A, secs. 2-23; Art. 59, secs. 2-54; Art. 59A, secs. 1-37).

Baltimore 21201

Telephone: 383-2430

The Maryland Health Planning and Development Agency, formerly the Comprehensive Health Planning Agency, is designated under Chapter 911, Acts of 1978, as the sole agency for the administration and supervision of the State's health planning functions. It is the State Health Planning and Development Agency for the purposes of the National Health Planning and Resources Development Act of 1974 (P.L. 93-641), and it has been designated by HEW for the same purposes. Under Chapter 911, the agency conducts the Certification of Need Program, which includes determining whether proposed new hospitals and related institutions are necessary. A license to operate may not be issued to any facility (or affected portion) for which a Certificate of Need has not been issued. The agency is responsible for the implementation of the Appropriateness Review Program mandated under the Federal Act. By this Act, all Health Care Services offered in existing institutions must be reviewed at least once every five years to determine their appropriateness. Finally, Title XVI of

Public Law 93-641 replaced previous federal hospital construction legislation (known as the Hill-Burton Program) with a broader program to modernize existing facilities and develop outpatient facilities, rather than solely to construct new hospitals. Responsibility for administering this aspect of Title XVI is also a part of Maryland Health Planning and Development Agency's program.

There are five regional Health Systems Agencies—representing Western Maryland, Montgomery County, Southern Maryland, Central Maryland, and the Eastern Shore—that coordinate their autonomous yet interdependent health planning functions with the State agency. All these Health Systems Agencies have full designation by HEW and are carrying out their responsibilities under the Federal Act, including Appropriateness Review.

The Statewide Health Coordinating Council, formerly the Advisory Council, is empowered to approve the Annual State Health Plan and the State Medical Facilities Plan required by Public Law 93-641, as well as the budget of the Health Systems Agencies. The Statewide Health Coordinating Council also has approval power over certain federal program grants under the Public Health Service Act, the Comprehensive Alcohol Abuse and Alcoholism Prevention Treatment and Rehabilitation Act of 1970, and the Community Mental Centers Act, and an advisory role in regulatory programs and the operation of the agency generally. The full Statewide Health Coordinating Council meets six times per year, and in addition six standing committees meet regularly to carry out Statewide Health Coordinating Council responsibilities. The membership of the Statewide Health Coordinating Council is composed of health providers and consumers appointed by the Governor.

All responsibility and functions served by and through the actions of the Maryland Comprehensive Health Planning Agency prior to May 29, 1978, are now responsibilities and functions of the Maryland Health Planning and Development Agency. The titular change of the Agency effective May 29, 1978, from the Comprehensive Health Planning Agency to Maryland Health Planning and Development Agency in no way diminishes the Agency's principal responsibility to develop the Health Plan of Maryland and to facilitate and authorize the planned development of health resources and services to the citizens of Maryland (Code 1957, Art. 41, secs. 59C-59L; Art. 43, sec. 559a-1).

201 W. Preston Street

Telephone: 383-6804

The Health Services Cost Review Commission was established by Chapter 627, Acts of 1971, to monitor all matters, defined or implied, relating to the fiscal affairs of Maryland's hospitals and related institutions. Such monitoring consists of the audit and review of data and analysis of appropriate and valid relationships of both aggregate and unit costs and revenues. This enables the Commission to cause the public disclosure of each hospital's financial position, verified total costs incurred in rendering health services, and the level of reasonableness of rates as determined by the Commission's review and certification. It also provides information as to the adequacy of each institution's financial resources to meet its financial requirements and for the Commission to concern itself with solutions when these resources are inadequate. Beginning July 1, 1974, all purchasers of hospital health care services are assured that total costs are reasonably related to the total services offered by the hospital, that aggregate rates are set in reasonable relationship to the hospital's aggregate costs, and that rates are set equitably among all purchasers of services without undue discrimination. Beginning July 1, 1975, all purchasers of health care services supplied by nursing homes and such other related institutions are provided assurances similar to those applicable to hospital health care services (Code 1957, Art. 43, secs. 568H-568Z).

This Board, created by Chapter 29, Acts of 1922, as part of a reorganization of the Executive Branch, had carried on and expanded the functions of the State Lunacy Commission, established by Chapter 487, Acts of 1886, to inspect public and private institutions for the insane and to advise their Boards of Managers. The Act of 1949 abolished not only the Board of Mental Hygiene but also the separate governing boards of the State mental hospitals and gave the Department full and plenary powers over, and supervision of, all matters relating to the custody, care, and treatment of persons of unsound mind. The Drug Abuse Administration engages in a planning process that identifies needs, policies, and strategies aimed at the prevention, diagnosis, and treatment of drug abuse in the State of Maryland. The Administration funds projects based on need and encourages initiatives toward unique programming for the prevention of drug abuse or the treatment of chemical substance abuse in an effective and efficient manner. This grant-in-aid program emphasizes multi-modality public or private non-profit projects. Current strategies include the maximization of coordination with local health departments and the Health Service Agencies leading to a more thorough identification of local needs. The current policy of the Administration is to maintain facilities in local communities that best serve the unique requirements for chemical substance abuse treatment and rehabilitation in these areas.

The practice of medicine was first regulated in Maryland by Chapter 429, Acts of 1888, which required that the State Board of Health license all physicians. By Chapter 296, Acts of 1892, the General Assembly created two Boards of Medical Examiners to carry on this function, one to represent the Medical and Chirurgical Faculty and the other the State Homeopathic Society. The Legislature of 1957 abolished the Homeopathic Board and the practice of medicine in Maryland is now regulated by one Board, composed of eight members elected from and by the members of the Medical and Chirurgical Faculty (State Medical Society). Two members are elected each year to serve for four-year terms. All members must be in active practice in the State (Code 1957, Art. 43, secs. 119-149).

The Board tests and licenses physicians for the legal practice of medicine in the State and for certain causes may revoke the license of any physician. Candidates for licenses must be graduates of medical schools approved by the American Medical Association and the Association of American Medical Colleges, or of foreign medical schools that offer an equivalent education. All graduates of foreign medical schools who apply after January 1, 1959, must pass the examination given by the Educational Council for Foreign Medical Graduates. The Board determines qualifications for practice by 1) the FLEX (Federal Licensing Examination); 2) endorsement of licenses obtained in a reciprocating state; or 3) endorsement of a certificate of the National Board of Medical Examiners. FLEX examinations are held in June and December of each year.

Effective June 1, 1967, the Board of Medical Examiners began licensing certain osteopaths on the basis of endorsement, depending upon their qualifications (Code 1957, Art. 43, sec. 124(a2)).

The Department of Human Resources consists of the following component agencies: the Employment Security Administration, the Social Services Administration, the Maryland Office of Economic Opportunity, and the State Manpower Planning Office (Code 1957, Art. 41, secs. 205-205F).

The Employment Security Administration administers the Unemployment Insurance Program, the Employment Service, and the Work Incentive Program for Maryland. The Agency is headed by an Executive Director appointed by the Secretary of Human Resources and serves at his pleasure. Originally established by Chapter 314, Acts of 1937, the Administration adopted its present name by Chapter 96, Acts of 1970 (Code 1957, Art. 95A, and Art. 41, sec. 205F).

The programs of the Employment Security Administration must be administered in accordance with the Federal Unemployment Tax Act, the Social Security Act, and regulations promulgated by the U. S. Departments of Labor and Health, Education, and Welfare. All the administrative costs of the Unemployment Insurance and Employment Service Programs and 90 percent of the costs of the Work Incentive Program are financed by the federal government.

### ADVISORY COUNCIL

Representing the Public: Harold G. Johnson, *Chairperson*, 1982; Homer E. Favor, 1981; Phyllis G. McCardell, 1983.

The Secretary of the Department of Human Resources appoints a State Advisory Council, consisting of an equal number of representatives from the public, the employer, and the employee. The Council aids the Executive Director in formulating policies and discusses with him problems that arise in the administration of the law to insure impartial solutions of such problems (Code 1957, Art. 95A, sec. 12).

### BOARD OF APPEALS

John J. Kent, Sr., *Chairperson*, 1981

Morton C. Pollack, 1979; Henry G. Spector, 1983

Seyvern E. Lanier, *Appeals Counsel, Board of Appeals*

Gary W. Smith, *Chief Hearing Officer*

A three-member Board of Appeals, appointed by the Secretary of Human Resources for a six-year term, hears appeals on claims for unemployment insurance benefits, appeals that arise under the taxing provisions of the Unemployment Insurance Law, and other matters that require appellate adjudication, including appeals from the hearing officers' decisions regarding Work Incentive Program (WIN) registrants (Code 1957, Art. 95A, secs. 7, 11).

Under the jurisdiction of the Board of Appeals is the Appeals Division, which is comprised of officers who conduct hearings on all appeals filed by claimants or employers from claims determinations in the Department's local offices, and who conduct hearings on disputed WIN decisions. Claimants may appeal determinations disqualifying them for benefits, or employers may appeal determinations allowing benefits. An Appeals Referee hears all such appeals. Any aggrieved party may further appeal to the Board of Appeals. Final appellate recourse is to the Courts of Maryland.

## UNEMPLOYMENT INSURANCE DIVISION

Mike C. Ashley, *Director*

Allan H. Berman, *Assistant Director*

This Division supervises the Unemployment Insurance Program carried out by the local offices. The Unemployment Insurance Division also collects contributions from employers covered by the Maryland Unemployment Insurance Law, collects quarterly wage information on covered employees, determines weekly benefit amounts in accordance with this wage information, issues benefit checks to local offices, reviews benefit payments to determine if any were improperly made, recovers improper payments, pays benefits to individuals who formerly worked in Maryland but who reside in other states, and collects from other states for payment of claims to Maryland residents whose claims are against employers in other states, as provided by a reciprocal interstate agreement. The law provides for an experience rating system under which employers who maintain steady employment are eligible for a reduction in the rate of contributions. All funds collected under the law are deposited with the Federal Treasury for the credit of the Unemployment

Insurance Trust Fund of Maryland and may be used only for the payment of benefits.

## EMPLOYMENT SERVICE DIVISION

Franklin A. Owens, Jr., *Director*

Elizabeth L. Kennedy, *Assistant Director*

The Employment Service Division operates a service that helps job-seeking citizens find employment with private employers. Functions include job placement for all persons; employment-related counseling; aptitude testing; and referral to agencies that provide employer services, including job analysis, technical assistance, inter-area recruitment, and certification of alien workers. This Division also offers services to residents of rural areas, including farm labor recruitment and employment-related services to migrant and seasonal farm workers.

The Employment Service Division operates a statewide job bank that lists job openings available in the private sector. This Division also participates in the Washington, D.C., Area Job Bank.

The Employment Service Director and his State office staff are responsible for policy, planning, operation of employment service programs in the local offices, technical assistance and specialized training, liaison with other agencies and statewide committees, and coordination with other divisions.

The Director also is responsible for monitoring services to migrant and seasonal farm workers, and for development and delivery of services under contracts with designated Prime Sponsors under the Comprehensive Employment and Training Act.

State and local office staff represent the Division on a number of State, area, and local commissions concerned with employment and manpower problems.

## WORK INCENTIVE PROGRAM (WIN)

Stuart O. Douglass, *Director*

Lois A. Quinn, *Deputy Director*

The Work Incentive Program (WIN) assists persons receiving Aid to Families with Dependent Children (AFDC) to obtain employment. Unless otherwise exempt, persons receiving AFDC benefits must register with WIN to participate in work training and to obtain work.

Exempt from the registration requirement are AFDC recipients who are aged, infirm, caretakers of young or incapacitated family members, and mothers with children under age six. The Income Maintenance Unit of each local department of social services refers all non-exempt AFDC applicants and recipients to WIN. In addition, exempt recipients can volunteer for WIN training and job placement.

The WIN Program emphasizes immediate job placement for a registrant whenever practicable. Also, WIN sponsors on-the-job training and work experience programs for its registrants. Various social services that contribute directly to immediate placement are provided by the separate administrative unit of the Social Services Administration. Individual initiative on the part of registrants is expected and the development of job-finding and job-retention skills is stressed.

The Social Services Administration was originally established as the State Department of Public Welfare by Chapter 99, Acts of 1939, to supersede the Board of State Aid and Charities established by Chapter 679, Acts of 1900. By Chapter 148, Acts of 1967, the General Assembly modernized the law, bringing it into conformance with practice and clarifying the responsibilities of the boards and directors of the State and local departments. The name of the agency was changed to the Department of Social Services by Chapter 702, Acts of 1968. The Administration adopted its present name by Chapter 96, Acts of 1970 (Code 1957, Art. 41, sec. 205F (b)).

The Director of the Social Services Administration is appointed by the Secretary of Human Resources and serves at his pleasure. The State Director is responsible for the organization and administration of the Social Services Administration and for the appointment, under the Merit System Law, of all its personnel (Code 1957, Art. 88A, sec. 2).

The State Board of Social Services is composed of nine members appointed by the Secretary of Human Resources with the approval of the Governor, one of whom the Secretary designates as chairperson. All members serve six-year terms, so arranged that three terms expire on June 30 of every second year. The State Board gives advice and counsel and makes recommendations to the Secretary of Human Resources and to the State Director of Social Services.

In Baltimore City, the Mayor appoints nine citizens to a local social services commission for staggered six-year terms. The Mayor and the Commissioner of Health serve as ex officio members. In each county, members of the local board of social services are appointed by the local governing authority. Each of these boards consists of nine members. One of these members must be a member of the local governing body, designated on July 1 of each year to serve as the ex officio member of the local social services board. Members of the local social services boards are appointed for three-year terms, and no appointee may serve for more than two consecutive terms (Code 1957, Art. 88A, secs. 1, 2, 4, 14, 14A).

The Social Services Administration is the central coordinating and directing agency of all social service and public assistance activities in the State, including Aid to Families with Dependent Children, General Public Assistance, and Food Stamps. It has responsibility for the certification of low income families for Medical Assistance. In agreement with the U.S. Department of Agriculture, the Social Services Administration administers the food stamp program, which is available in all political subdivisions of the State whose governing bodies have agreed to provide certain administrative costs (Code 1957, Art. 88A, sec. 3).

In Baltimore City and in each county there is a local department of social services whose director administers these social service and public assistance activities within the respective locality subject to the supervision, direction, and control of the State Administration. These activities include: foster care services; adoption services to the natural parents, the child, and the adoptive parents so that in a legally responsible way the best interest of all concerned may be served; licensing of family homes giving care for not more than four children during part of the day; and protective services on behalf of families with children who are suspected of being neglected or abused. Professional persons and others concerned with the welfare of children are required to report suspected child abuse to their local social services department or to local law enforcement agencies. Examples of additional services provided by local departments of social services are referrals for family planning, homemaker services that provide certain in-home services to help maintain and strengthen family life, services to single parents, and referrals to the Work Incentive Program operated by the Employment Security Administration (Code 1957, Art. 88A, secs. 19-32A; Art. 16, secs. 67-88; Art. 27, sec. 11A).

The Social Services Administration is responsible for the development and coordination of its services, for determining the factors that seem to contribute to social and economic problems, and for recommending changes or new programs to meet some of the problems. In carrying out this responsibility, the Social Services Administration calls upon the local social services departments for leadership within their communities and for participation in statewide activities.

The Social Services Administration supervises all public and private institutions that have the care, custody, or control of dependent, abandoned, or neglected children, except those placed under the supervision of another agency. It is authorized to establish a central registry of records for the purpose of locating absent parents of children who are likely, or liable to be, recipients of public assistance or foster care. The Social Services Administration administers the child care laws, which regulate placement in Maryland. It licenses agencies and institutions having the care and custody of minors, including agencies giving day care services to children. The Social Services Administration maintains a central registry of reported child abuse cases (Code 1957, Art. 88A, secs. 3, 5A, 13, 17, 19-32A, 46; Art. 16, secs. 67-88; Art. 27, sec. 11A).

The Social Services Administration has responsibility for child support activities for families receiving public assistance. All recipients of Aid to Families with Dependent Children must assign to the State all rights to support. The Social Services Administration, through local departments of social services, uses local, State, and federal locator services to find absent parents owing such support, and court orders are then established requiring payment to the State. Monies collected through this program are used to reimburse the State and the federal government for assistance costs.

The Social Services Administration also serves as the public agency through which child support payments are channeled. Prior to January 1, 1979, such payments were handled by the Division of Parole and Probation of the Department of Public Safety and Correctional Services.

Each year before the General Assembly convenes, the State Administration furnishes the Secretary of Human Resources and the Governor with a report of its activities (Code 1957, Art. 88A, sec. 3(g)).

## STATE MANPOWER PLANNING COUNCIL

*Chairperson:* Vacancy

The State Manpower Planning Office was created by Executive Order on July 1, 1976, as an agency of the Department of Human Resources to administer appropriate sections of the Comprehensive Employment and Training Act of 1973 (CETA), P. L. 93-203. CETA replaced in principle the expired Manpower Development and Training Act (MDTA), the Economic Opportunity Act (EOA), the Emergency Employment Act (EEA), and the Cooperative Area Manpower Planning System (CAMPS).

Created to serve the unemployed, underemployed, and economically disadvantaged segment of the general work force, the Comprehensive Employment and Training Act provides funds directly to all eligible units of government (prime sponsors) to implement manpower programs. Such programs include adult and youth work experience, vocational classroom training in demand occupational areas, public service employment, summer youth employment, on-the-job training in the private and public sectors, and supportive client services, such as outreach and intake, client assessment and job counseling, job development, and matching job applicants with available positions. State government is the prime sponsor for the counties of the Eastern Shore and Southern Maryland. All other areas of the State fall under the jurisdiction of local county or city governments. The State Manpower Planning Office has the responsibility for meeting all federal grant application requirements for the CETA program operated by the State prime sponsor and for implementing the State prime sponsor programs at the local level. As part of the federal grant requirements, the State Manpower Planning Office provides staff support for the State Manpower Planning Council, which is appointed by the Governor. The Council convenes to review and make recommendations on manpower plans developed with CETA funds for the Eastern Shore and Southern Maryland counties. The chairperson of the State Manpower Planning Council is appointed by the Governor and acts on his behalf in all matters relevant to State prime sponsorship.

The State Manpower Planning Office also has the responsibility for meeting all federal grant requirements and for implementing all plans under the CETA Special Grant to the Governor for vocational education and statewide manpower services. Vocational Education services for the Special Grant are developed by the State Department of Education and prime sponsors through jointly

developed non-financial agreements. These non-financial agreements are submitted to the State Manpower Planning Office for review and funding by the chairperson of the State Manpower Services Council. Generally speaking, vocational services are classroom training in occupational areas that are in demand in local labor markets. Funds for statewide manpower services are also allocated under the Special Grant to provide administrative or client services that are better served from the State perspective. Frequently these funds are utilized to fund experimental programs or projects that will enhance the cooperation and coordination of all manpower and manpower-related programs in the State. As part of the federal requirements of the Special Grant to the Governor, the State Manpower Planning Office also serves as staff support to the State Manpower Services Council. The Council is an advisory body appointed by the Governor to review the plans of all prime sponsors and manpower and manpower-related agencies and to make recommendations on the coordination of all manpower efforts in the State. The chairperson of the State Manpower Services Council is appointed by the Governor and acts on his behalf to fulfill all federal requirements under Sections 206 and 207 of CETA.

In connection with its administrative role in statewide programs, the State Manpower Planning Office also is responsible for all State agency public service employment positions funded by local prime sponsors. The State Manpower Planning Office enters into various contractual arrangements for public service employees with prime sponsors and makes arrangements for the development of appropriate State public service jobs, for the allocation of positions to State agencies, and for the certification, recruitment, and selection of personnel.

The Governor appointed the members of the Commission on the Concerns of Spanish-Speaking People in 1971 by Executive Order because of the large and growing number of Spanish-speaking people in Maryland and the need for an agency within the State to plan and evaluate programs, policy, and legislation relating to the Spanish-speaking population in Maryland. The Commission, renamed the Governor's Commission on Hispanic Affairs by Executive Order in December 1978, consists of fifteen members appointed by the Governor with the advice of the Secretary of Human Resources. Members serve for three-year terms. The chairman and vice-chairman are elected by the membership for one-year terms. Members serve without compensation but are reimbursed for their actual expenses incurred in the performance of their duties.

The Commission evaluates programs and services of the State government as they directly affect the Spanish-speaking population of Maryland and assists in planning new programs to meet the needs of Hispanics in the State.

The Commission was originally appointed by the Governor in 1965 as the Governor's Commission on the Status of Women to develop to its fullest extent the potential of the women of Maryland. The Commission was reactivated in 1968 as the Maryland Commission on the Status of Women as part of a continuing effort to promote human understanding and to solve the pressing social problems that confront the State and the nation.

The Governor directed the Commission to review the recommendations of the previous Commission in the areas of education, employment, community, and civic participation, and to take steps to implement those most pertinent. The Commission also was directed to seek the cooperation of existing organizations on the State and local levels in identifying problems and to work toward increasing the opportunities for women to serve in a variety of fields.

By Chapter 57, Acts of 1971, the Commission on the Status of Women became a statutory agency and was assigned to the Department of Human Resources. The Commission adopted its present name by Chapter 119, Acts of 1976. The Commission consists of twenty-four members, all appointed by the Governor from among persons interested in the improvement of the status of women. Its membership includes both men and women and represents all fields of interest to women, all age groups, and every geographical region of the State. Members serve four-year terms and may be reappointed to one additional term.

The office of the Bank Commissioner was created by Chapter 219, Acts of 1910. The Bank Commissioner is appointed by the Secretary of Licensing and Regulation, with the approval of the Governor, and holds office at the pleasure of the Secretary of Licensing and Regulation. The Department has general supervision over all banking institutions in the State other than national banks. It must examine each institution at least twice in eighteen months and at such other times as the

Commissioner may deem expedient and at any time upon request of the Board of Directors of the institution. These examinations can be made in conjunction with the Federal Authorities. Whenever the capital stock of an institution is reduced by impairment, and such impairment is not made good as prescribed by law, the Bank Commissioner may take possession, as provided by law, and retain possession until it resumes business or is placed in final liquidation. The law further provides for the removal by the Bank Commissioner of any director or officer of any State banking institution who shall have violated or continue to violate any law relating to such an institution, or shall have continued unsafe or unsound practices in conducting the business of such institution after having been duly warned by the Bank Commissioner to discontinue such violations of law or such unsafe or unsound practices. If a banking institution, excepting a national bank, fails, the Bank Commissioner acts as receiver, liquidates its assets, and terminates its affairs under the jurisdiction of the court. The Commissioner may delegate this power to the Deputy Commissioner or a senior examiner. Every bank, trust company, and mutual savings institution is required to submit to the Bank Commissioner, under oath, at least two reports in each calendar year. Such reports must exhibit in detail the resources and liabilities of the institution. These reports are published in the local newspapers.

All new State banking institutions must organize under the supervision of the Department and must obtain from it a certificate before opening for business. The Bank Commissioner must approve all applications for a branch office made by a State bank, trust company, or mutual savings institution, and must pass upon all amendments to their charters. He must also approve any mergers or voluntary liquidations. On June 30 of each year he must make a written report to the Governor (Code 1957, Art. 11, secs. 1-118; Corporations and Associations Article, secs. 6-101 through 6-157).

The General Assembly of 1929 passed what is known as the "Credit Union Law," which provides that any seven or more individuals who are residents of Maryland and who have a common employer or are members of a common organization or rural community may act as incorporators to form a credit union and make application to the Bank Commissioner for permission to organize.

The Department has general supervision over all credit unions in the State other than Federal

credit unions and is required by statute to examine these institutions at least once in each calendar year. These institutions are under strict regulation requiring the Bank Commissioner's approval on such matters as: Bylaw amendments, payment of honorariums, first real estate mortgage loans, investments other than those set forth in the statute, and any venture not permissible by statute as the membership permits the board of directors to request approval for. Liquidations, mergers, and conversions of credit unions must be approved by the Bank Commissioner and in certain instances subject to the guidelines and procedures set forth by him. Involuntary liquidations are handled under the same procedures as set forth above for banks. All credit unions must report, under oath, in detail annually to the Bank Commissioner in such form and manner as prescribed by him (Code 1957, Art. 11, secs. 135-162; Corporations and Associations Article, secs. 6-301 through 6-328).

By Chapter 658, Acts of 1973, the General Assembly created the Maryland Credit Union Insurance Corporation making it mandatory that State chartered credit unions be insured by this corporation. The statute requires the Bank Commissioner to certify to the corporation a credit union's financial affairs, solvency, management, and directorship as being approved for insurance of its members' share and deposit accounts. The members' share and deposit accounts of all State chartered credit unions are currently insured up to a maximum of \$40,000 per account by the corporation. The corporation's board of directors and the Bank Commissioner jointly may authorize credit unions to consummate, negotiate, transact, or engage in any additional credit union activity or credit union related service under the same conditions, limitations, restrictions, and safeguards as are now or hereafter applicable or permitted under Federal law or regulation to any Federal credit union (Code 1957, Art. 11, sec. 140A; Art. 23, secs. 451 through 465).

The Maryland Currency Exchange Law, which became effective on January 1, 1960, requires the Bank Commissioner to supervise and regulate persons selling or issuing checks, drafts, and money orders for a fee or service charge. Persons, referred to as principals, who wish to transact such business in Maryland must qualify with the Bank Commissioner and procure an annual license from him. All principals must report periodically to the Bank Commissioner as to agents' charges, financial structure, and other conditions relative to their functions under the Maryland Currency Exchange Law (Code 1957, Art. 11, secs. 207-224).

By Chapter 390, Acts of 1967, the General Assembly enacted a Secondary Mortgage Law, which provides generally for the licensing of persons in the business of negotiating secondary mortgage loans and places the responsibility upon the Bank Commissioner to license and regulate these activities. Licensees are required by statute to report annually, under oath, to the Bank Commissioner in such form that he may prescribe (Code 1957, Art. 66, secs. 39-71; Commercial Law Article, secs. 12-401 through 12-415).

The Maryland Higher Education Loan Corporation and the Development Credit Corporation are subject to supervision by the Bank Commissioner (Code 1957, Art. 43A, sec. 11; Art. 23, sec. 426A).

Mortgage brokers or mortgage bankers are required to register with the Bank Commissioner and pay an annual registration fee (Code 1957, Art. 11, sec. 61A).

The department also handles consumer complaints against the various persons and institutions under its jurisdiction.

## **COMMISSIONER OF CONSUMER CREDIT**

Alan T. Fell, *Commissioner*

George L. Rayburn, *Assistant Commissioner*

One South Calvert Street  
Baltimore 21202

Telephone: 383-3656

The office of the Commissioner of Consumer Credit was originally established as the Administrator of Loan Laws, an independent agency, by Chapter 289, Acts of 1941, superseding a similar office established under the jurisdiction of the Bank Commissioner (Chapter 741, Acts of 1939). It adopted the name of Commissioner of Small Loans by Chapter 402, Acts of 1970, and its present name by Chapter 457, Acts of 1974. The

Commissioner is appointed by the Secretary of Licensing and Regulation with the approval of the Governor (Code 1957, Art. 41, sec. 192).

During the 1977 Session, the General Assembly completely revised the law regulating licensed lenders doing business in Maryland. The agency is responsible for licensing these consumer loan companies under the provisions of Art. 58A and for conducting regular investigations and audits of the licensee's books and records to discover violations of the law, the purpose of which is for the protection of borrowers or the punishment of usurious money lenders. The Commissioner may revoke or suspend a consumer loan license following a formal hearing upon a finding that the licensee has violated any provision of the Consumer Loan Law (Code 1957, Art. 58A, secs. 1-6, 11).

The Commissioner is also responsible for licensing sales finance companies. He conducts annual investigations of these companies to determine their fitness to engage in the sales finance business in Maryland. Following a formal hearing before the Agency, the Commissioner may suspend or revoke such licenses for violations of the law (Code 1957, Art. 83, secs. 154-159).

Installment lenders making loans pursuant to the Commercial Law Article, sec. 12-103(c), are also licensed and examined by the Commissioner. Following a formal hearing, the Commissioner may suspend or revoke such licenses for violations of law (Code 1957, Art. 49, sec. 5(b)).

The Commissioner's power to protect consumers under the Retail Credit Accounts Law and the Retail Installment Sales Act was strengthened by the General Assembly to allow the issuance of an order against a seller to cease and desist from a practice in violation of these laws. The Commissioner is limited to acting only on a written complaint and after a formal hearing (Code Commercial Law Article, sec. 12-514, 12-631).

In order to insure that the various financial institutions, firms, and persons engaged in the extension of credit exercise their responsibility to make credit available with fairness, impartiality, and without discrimination on the basis of sex or marital status, the General Assembly enacted the Maryland Equal Credit Opportunity Act. The provisions of this subtitle are administered by the Commissioner of Consumer Credit, except that the office of the State Banking Commissioner has sole jurisdiction for administration of banking institutions. If a complaint alleging a violation of any provision of the subtitle is filed with the

Commissioner, he may investigate the complaint and hold a hearing on it. After hearing, the Commissioner may order a creditor to cease and desist from an act or practice deemed to be prohibited by the subtitle (Code Commercial Law Article, sec. 12-701 through 12-708).

The Maryland Racing Commission, established by Chapter 273, Acts of 1920, and reorganized by Chapter 831, Acts of 1959, was further restructured by Chapter 728, Acts of 1977. As presently constituted, the Commission is composed of ten members appointed by the Governor with the advice and consent of the Senate for five-year staggered terms. The ten members comprise two boards, the Harness Racing Board and the Thoroughbred Racing Board. No more than four members of either board may belong to the same political party. Each Board has exclusive jurisdiction over all rules, regulations, allocation of racing dates, and all other matters relating to the powers and duties granted to them by the Act. The two Boards may meet jointly concerning matters affecting all racing in the State. The Secretary of Licensing and Regulation resolves any question of jurisdiction that may arise between the two Boards. The Boards license all persons, associations, or corporations that hold any racing meeting within the State where horseracing is permitted for any stake, purse, or reward. The Boards make all regulations necessary to govern the races. They may also regulate the size of the purse, the price of admission, or the charge made for any article or service sold at the meets.

All persons engaged in racing in Maryland under assumed names must register with the appropriate Board and receive its permission for the use of such name. The Boards have the power to revoke or suspend the license of any person or corporation engaged in racing within the State that violates the racing laws or the rules of the Commission (Code 1957, Art. 78B).

### MARYLAND STANDARDBRED RACE FUND ADVISORY COMMITTEE

*Chairperson:* Vincent D. Palumbo, 1979

Earle P. Brown, 1979; Charles E. Keller, 1979; John H. Burbage, 1979; William J. Collins, 1979

The Maryland Standardbred Race Fund Advisory Committee was created by Chapter 771, Acts of 1971. The Committee consists of five members: Two of the members are operators of standardbred breeding farms; two are harness track licensees; and one a member of the Commission. Members are appointed by the Maryland Racing Commission with the approval of the Secretary of Licensing and Regulation (Code 1957, Art. 78B, sec. 17A(c)).

The Committee assists and advises the Racing Commission on the administration of the Standardbred Race Program and the Standardbred Race Fund. This Fund was established by having each harness track licensee allocate .50% of the mutuel on all races conducted by it during the year to the Fund. This Fund is then used as a purse for races involving Standardbred horses (Code 1957, Art. 78B, sec. 17A).

### MARYLAND-BRED RACE FUND ADVISORY COMMITTEE

*Chairperson:* Robert W. Furtick, 1979

Hal C. B. Clagett, 1979; Charles J. Lang, 1979; Max Mosner, 1979; John C. Mobberly, 1979

The Maryland-Bred Race Fund Advisory Committee, created by Chapter 137, Acts of 1962, consists of five members appointed by the Maryland Racing Commission with the approval of the Secretary of Licensing and Regulation. Of the five members, two represent the Maryland Horse Breeders' Association; one the mile track associations; one the half-mile track associations; and one is a member of the Commission (Code 1957, Art. 78B).

The Committee administers the Maryland-Bred Race Program and the Maryland-Bred Race

Fund. This Fund was established by having each thoroughbred track licensee allocate .50% of the mutuel pool of all races conducted by it during the year. The Fund is then used as a purse for races involving Maryland-Bred horses (Code 1957, Art. 78B, sec. 16).

### REAL ESTATE COMMISSION OF MARYLAND

Telephone: 383-2130

The Real Estate Commission, originally established by Chapter 351, Acts of 1939, had its membership expanded by Chapter 617, Acts of 1961, its composition redefined by Chapter 506, Acts of 1966, and its composition further redefined by Chapter 653, Acts of 1971, and Chapter 851, Acts of 1974. The Commission is composed of eight members appointed by the Governor with the advice of the Secretary of Licensing and Regulation and the advice and consent of the Senate. One member represents the Eastern Shore; one, Central Maryland; one, Baltimore City; one, Southern Maryland; one, Western Maryland; and three the State at large. The at large members must not be engaged in the real estate business. All members must be citizens and residents of the area for which they were appointed for not less than five years, and they must have been actively engaged in the real estate business for ten years prior to appointment, except the at large members. The Commission selects its own Chairperson and licenses all real estate brokers and salesmen doing business in Maryland.

Each applicant for a real estate salesman's or broker's license must complete courses relating to principles of real estate in order to qualify for examination.

The Commission has the power to revoke, refuse, or suspend licenses of any person for violating the real estate laws or for unethical conduct. The Real Estate Commission, by Chapter 648, Acts of 1971, administers the Real Estate

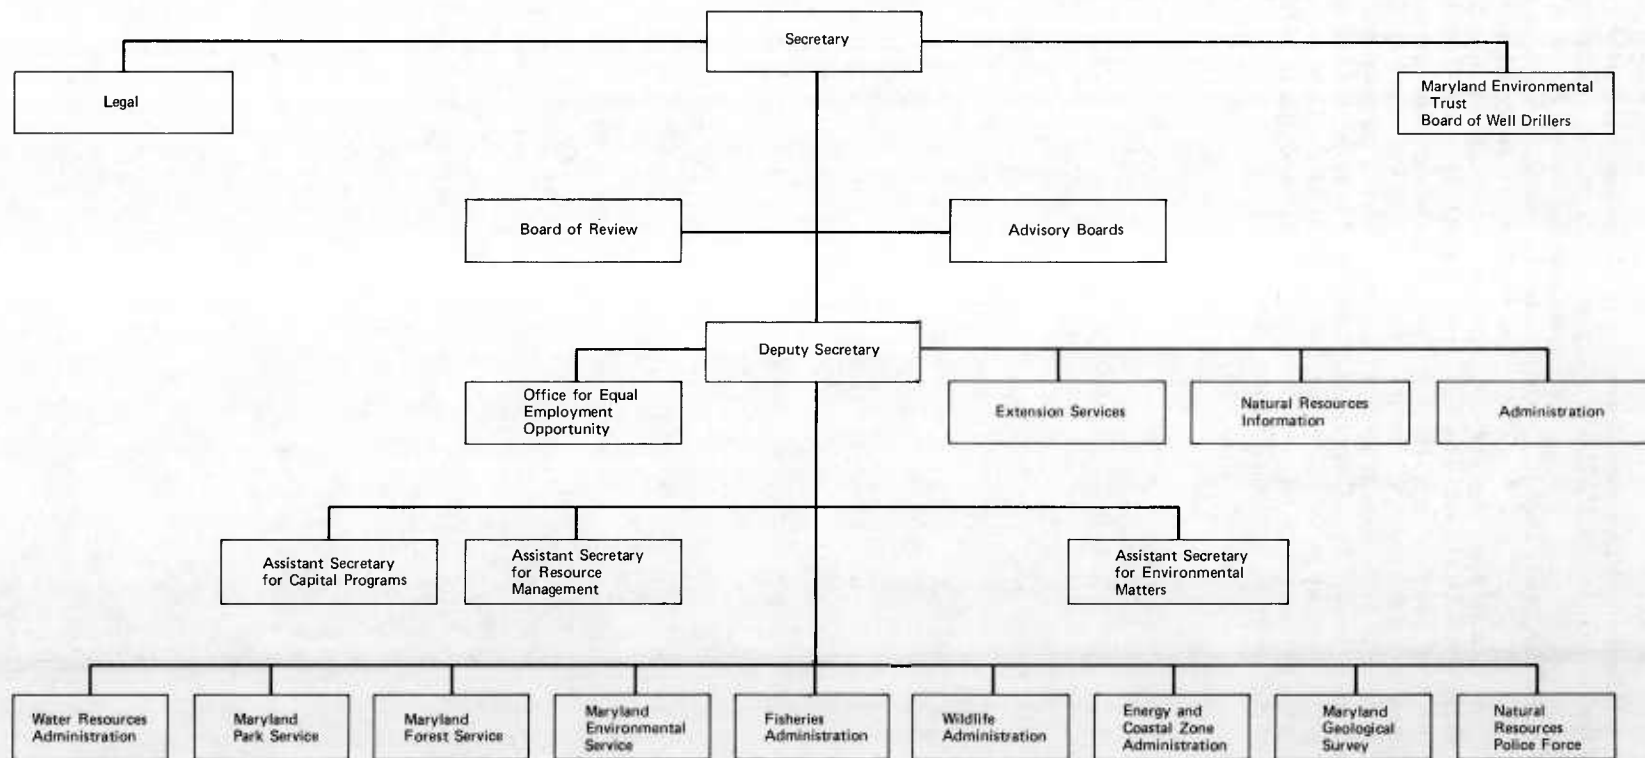

Guaranty Fund of Maryland, which in essence bonds all licensees (Code 1957, Art. 56, secs. 212-232).

### **REAL ESTATE HEARING BOARD**

The Real Estate Hearing Board was originally created by Chapter 89, Acts of 1968. The Real Estate Commission of Maryland may appoint, with the approval of the Secretary of Licensing and Regulation, three of its members to sit as a real estate hearing board. The Commission designates one of its members as the chairperson of the board, while all members of the Commission serve on this board on a rotating basis.

The Commission may refer charges or complaints made by itself or other persons under the provisions of Section 224 of Article 56 of the Code to a real estate hearing board for hearings on these matters. The board holds hearings on all matters referred to it and submits its findings and recommendations to the Commission. The exercise or performance of all powers, authority, duty, and functions vested in the Board by the law are subject to the power and authority of the Secretary of Licensing and Regulation as set forth in Article 41 of the Code and elsewhere in the laws of Maryland (Code 1957, Art. 56, sec. 224A).

The Capital Programs Administration operates four programs: Land Planning Services, Shore Erosion Control, Waterway Improvement, and Program Open Space.

*Land Planning Services* provides the planning services for all State parks, State forests, recreational areas, and natural resources management areas. Master plans for future development of the State parks are produced and the wild and scenic rivers program is coordinated. Acquisition maps are prepared for Department of Natural Resources land holdings and environmental reviews of proposed projects are conducted.

*Shore Erosion Control* provides financial and technical assistance to public and private waterfront property owners seeking to protect their lands from erosion.

*Waterway Improvement* provides services to the general boating public including placement and maintenance of navigational aids, removal of derelict vessels, ice breaking, dredging, and the construction of regional boating facilities and local small-boat launching ramps, piers, and ancillary facilities.

*Program Open Space* administers the funds made available to local communities for open and recreational space under the provisions of the Outdoor Recreation Land Loan of 1969. In addition, Program Open Space coordinates the acquisition of land for the use of all Departmental agencies.

## FISHERIES ADMINISTRATION

Robert J. Rubelmann, *Administrator*

Tawes State Office Building  
Annapolis 21401 Telephone: 269-3558

The Fisheries Administration, created by Chapter 348, Acts of 1972, combines the functions of the former Department of Chesapeake Bay Affairs, established by Chapter 82, Acts of 1964, and the Fish and Wildlife Administration, created by Chapter 252, Acts of 1970. The former department superseded the Department of Tidewater Fisheries, established by Chapter 508, Acts of 1941, while the latter Administration succeeded the former Department of Game and Inland Fish, established by Chapter 354, Acts of 1939. The Fisheries Administration is responsible for the preservation, enhancement, development, and use of all fishery resources in Maryland, both tidal and freshwater. The agency is directed by an Administrator appointed by the Secretary of Natural Resources.

Part of the Administration's tidewater fishery management program includes planting six million bushels of oyster shells for propagation purposes, transplanting seed oysters on 2,000 acres of public oyster bars, monitoring blue crab movement to determine fluctuations in annual harvest, investigation of instances of fish mortalities, an inventory of 106 one-mile stream sections in an anadromous fish study, and monitoring of striped bass reproduction and harvesting.

Its freshwater fishery management program includes stocking Maryland ponds and streams with 900,000 finfish.

In addition, the Administration produces over 320,000 freshwater trout stocked from Maryland's

hatcheries. Extensive rehabilitation of the lakes, ponds, and streams is carried on through chemical and mechanical means to provide better freshwater fishing (Code Natural Resources Article, secs. 1-102 and 4-201).

## WILDLIFE ADMINISTRATION

Bernard F. Halla, *Director*

Tawes State Office Building  
Annapolis 21401 Telephone: 269-3195

The Wildlife Administration, created by Chapter 348, Acts of 1972, is responsible for the maintenance of an abundant population of wildlife throughout the State. The Administrator is appointed by the Secretary of Natural Resources.

Among the Administration's duties is the management of 35 wildlife areas encompassing 102,000 acres.

Recreational activities on state-owned and cooperative lands include hunting, fishing and crabbing, trapping, birdwatchings, field trials, dog training, hiking, and nature study and appreciation.

In addition, the Administration evaluates public demands, wildlife population and harvest parameters, and environmental factors, and applies management techniques to ensure sustained production for use.

The 1973 Session of the General Assembly approved a Non-Game Section to be added to the staff of the Wildlife Administration. The Section is funded with general and special funds—approximately 90 percent general and 10 percent special. Endangered species, song and insectivorous birds, and other wildlife are studied, managed, and protected as the need arises and funds allow (Code Natural Resources Article, sec. 10-101).

## NATURAL RESOURCES POLICE FORCE

Roy W. Rafter, *Superintendent*

Tawes State Office Building  
Annapolis 21401 Telephone: 269-2247  
269-3181

This agency, created by Chapter 348, Acts of 1972, traces its beginnings to the establishment of the State Oyster Police Force in 1868 for the enforcement of the oyster laws of the State.

Legislation enacted in 1874 brought all forces afloat under the Commission of Fisheries and named the new unit the State Fishery Force. In 1922 the Force became a part of the former Conservation Department and was known as the Maryland Patrol and Inspection Fleet. In 1941 the Patrol Fleet was incorporated into the Department of Tidewater Fisheries and its name was changed to the Division of Inspection and Patrol. In 1960 the Force became a part of the Division of Law Enforcement of the Department of Tidewater Fisheries, and was renamed the Marine Police Division in 1962.

The Natural Resources Police Force enforces State laws and regulations pertaining to commercial and sport fishing, boating, waterways pollution, and wildlife conservation. It also conducts boating and hunting safety educational programs.

The Force operates the Natural Resources Police Academy at Matapeake, a central maintenance and supply facility, and an aviation unit to provide airborne surveillance and rescue services to the enforcement programs and other agencies of the Department of Natural Resources.

The Marine Division includes Headquarters, Communications, and Field Force Sections. Among its other duties, it recovers stolen or lost boats and stolen outboard motors, renders other water-oriented assistance to the boating public, including delivery of emergency messages, regatta patrols, towing disabled vessels into ports, removal of persons from water, first aid administration, ice breaking, searching for missing boats, fire fighting on boats, engine repairs, and refloating of boats from grounding on shoals.

The Inland Division of the Natural Resources Police Force is charged with the responsibility of enforcing all laws and regulations relative to the protection and preservation of wildlife and with the welfare and safety of the citizenry. It apprehends persons for violations of the fish, game, boating, and litter laws and regulations.

Inland Officers assist Wildlife Law Enforcement officials in contiguous states in the apprehension of game and fish violators, assist State and local police in the apprehension of felons, and search for persons reported as lost or missing. They also search for and recover drowning victims, relay emergency information to hunters and fishermen, render assistance to boaters, and recover drifting unmanned boats.

Thousands of people receive firearms training and hunter safety instruction during each year.

Units manned by this Division include patrol boats, runabouts, vehicles, and one twin-engine amphibian aircraft.

The Force inspects boats for conservation and boating violations. It also inspects seafood processing houses and trucks carrying seafood cargo. It makes arrests and issues warnings for violations of boating and conservation laws and provides transportation in conjunction with the Department of Health and Mental Hygiene to collect water and shellfish samples for the Seafood Program. The Force also investigates and records boating accidents and reports them to the U.S. Coast Guard.

## **FOREST SERVICE AND PARK SERVICE**

Donald E. MacLauchlan, *Director*

Tawes State Office Building  
Annapolis 21401

Telephone: 269-3776

The Forest Service and the Park Service are administered under one director and work together closely to serve the forest management and recreational needs of the people of Maryland. The staff functions are combined yet the integrity of the two units is maintained.

The Forest Service, created by Chapter 348, Acts of 1972, succeeded the Department of Forests and Parks established by Chapter 508, Acts of 1941. The latter department superseded the Board of Forestry created by Chapter 294, Acts of 1906.

The basic mission of the Forest Service is to effectively manage the State's forests and trees while promoting their values for the benefit of people. The goal of the Service is to maintain and improve the economic, aesthetic, recreational, environmental, and social contribution of trees, forests, and forest-related resources to all citizens.

The Forest Service goal is achieved through three major activities—programs of Cooperative Forest Management, Resource Utilization, and the State Forest System.

Cooperative Forest Management (CFM) takes forest management expertise to the private landowners and the political subdivisions of the State. Forest fire prevention and control, forest insect and disease control, forest land management, forest watershed management, reforestation, and urban and community forestry represent the main thrust of the program. While such programs as fire prevention and control, reforestation, and the

application of technical forestry to individual forest acreages have a long history in the Service, urban and community forestry is, in part, a new program, where the main emphasis will be on working with developers, builders, architects, and city and county planners in careful developmental planning and large-scale forestry projects. Supervision of utility trimming and municipal tree care programs continues to be an important facet of urban and community forestry. The urban forestry concept includes individual shade tree consultations to private landowners, as time permits.

Forty-two percent of Maryland's land area is in forests—a total of 2,653,200 acres in the hands of 95,800 private owners. The Service offers advice and assistance to all landowners in the multiple use development of their woodlands. This service is available to individuals, municipalities, and developers. Timber marking, timber stand improvement, wildlife habitat, tree design for subdivisions, and overall environmental aesthetics are all covered in the Service's Cooperative Forest Management Program (formerly the Technical Forestry and Reforestation Program). The Program also is concerned with the establishment of trees in the environment and to this end operates and maintains the Buckingham Forest Tree Nursery, which produces approximately 7,000,000 seedlings and 3,000 to 5,000 roadside trees annually for distribution in Maryland.

Prevention and control of wildfire in the forests of the State is an important function of sound forest management. Federal and State programs provide for a cooperative effort in this activity. The program is vital not only to the continuance and expansion of the forest industry, but also to the general welfare of the public by providing protection for watersheds, wildlife, park and recreation areas, farms, industries, homes, and the air. The Department is a member of the Mid-Atlantic Forest Fire Compact, which provides for mutual assistance among the states in the event of a fire emergency.

Fire preparedness involves maintenance of a forest fire organization of forest wardens and volunteer fire companies, and the provision of training and equipment to combat these emergencies.

The State Forest System (formerly State Forest Management) serves to develop the multiple use and sustained yield of all forest resources. It provides timber production, watershed protection, wildlife habitat, and natural beauty.

Since proper management of forest resources represents a long-term investment, State forests

serve as examples to local woodland owners in the management of their lands. They provide timber products for local industry, public hunting and fishing areas, open spaces for hikers and campers, and a place to appreciate the natural environment (Code Natural Resources Article, secs. 5-101 through 8-1318).

There are nine State forests administered by the Department, located at Savage River, Cedarville, Doncaster, Elk Neck, Green Ridge, Pocomoke, Potomac-Garrett, Wicomico, and Seth. These multiple-use forest areas produce wood fiber for industry and provide hunting, fishing, camping, picnicking, wildlife habitat, soil and water protection, and areas for research and demonstration. Forest Service studies encompass projects on insects and diseases, plant genetics, site studies, and various elements of timber management.

The main goal of the Service's Resource Utilization Program is to extend Maryland's decreasing forest resources through the improved use of recreational, aesthetic, environmental, and economic resources. Centered in Annapolis, the Program works with forest products manufacturers on a request basis.

Forestry boards were created by the enactment of the Forest Conservancy District Act of 1942. There is a five-member forestry board in each of Maryland's twenty-three counties. The volunteer members are private citizens who work cooperatively with the Maryland Forest Service to promote sound forestry practices and conservation.

Maryland's State Park system comprises scenic, historic, and natural environment areas located in all regions of the State. Land presently owned by the State and managed as parks totals 80,000 acres.

Thirty-five State parks are operational, most of them providing a wide variety of interests from day-use activities such as picnicking and hiking to camping and cabin occupancy, which permit more extended enjoyment of these unique areas. Swimming, fishing, nature study, and sightseeing are also popular.

Each year more than six million people visit the State parks in Maryland. Construction activities are under way at many of these areas where new facilities are being installed to improve recreational opportunities.

Interpretive programs designed to increase visitor awareness are conducted in 25 parks serving more than 200,000 people each year.

The following State parks are presently operational: Assateague, Big Run, Calvert Cliffs, Casselman, Cedarville, Cunningham Falls, Dan's Mountain, Deep Creek, Elk Neck, Fort Frederick, Fort Tonoloway, Gambrill, Gathland, Greenbrier, Gunpowder Falls, Herrington Manor, Janes Island, Martinak, New Germany, Patapsco Valley, Patuxent River, Pocomoke River (Shad Landing and Milburn Landing areas), Point Lookout, Rocks, Rocky Gap, Sandy Point, Seneca Creek, Smallwood, Soldiers Delight, Susquehanna, Swallow Falls, Tuckahoe, Washington Monument, and Wye Oak.

## **WATER RESOURCES ADMINISTRATION**

Lester A. Levine, *Interim Administrator*

Tawes State Office Building  
Annapolis 21401      Telephone: 269-3846

The Water Resources Administration, formerly the Department of Water Resources, was created by Chapter 348, Acts of 1972. The agency is concerned with the protection, enhancement, and management of the water resources of the State. Program activities are divided into four categories: Enforcement and Oil Pollution Control; Water Management, Planning, and Evaluation; Water and Waste Management; and Watershed Management and Dam Safety.

The Enforcement and Oil Pollution Program is responsible for inspections to assure compliance with the conditions of permits, certifications, and licenses issued by the Administration; the investigation of reported water pollution violations; and the response to emergency oil spill situations. The Enforcement Program is also responsible for the administration of a permit program for oil transport and storage facilities requiring that such facilities take measures to prevent spills.

The Water Management, Planning, and Evaluation Program is responsible for the non-point (general) source pollution phase of the Water Quality Management Program and the issuance of Municipal Discharge Permits. The Program also provides water quality monitoring, laboratory analytical services, and technical analysis, including mathematical modelling of water quality problems.

The Water and Waste Management Program is responsible for the issuance of permits required for the discharge of industrial wastes and the disposal of designated hazardous substances to limit the quantity and quality of such discharges. Water supply, including surface water and groundwater

appropriations, is also a responsibility of this Program. In addition, the Program administers the Resource Conservation and Recovery Planning effort (recycling planning).

The Watershed and Dam Safety Program issues waterway construction and obstruction permits for dams, reservoirs, and a variety of projects in non-tidal waters and their flood plains; issues small pond permits; reviews and makes recommendations on wetland licenses, permits, and certifications; administers the storm water and flood management act; administers the sediment control program; issues surface mining permits and licenses for minerals other than coal; and administers the dam safety and inspection program.

## **MARYLAND ENVIRONMENTAL SERVICE**

Thomas D. McKewen, *Director*

60 West Street  
Annapolis 21401      Telephone: 269-3351

The Maryland Environmental Service (MES) was created by Chapter 240, Acts of 1970, as a public corporation to help local government and industry eliminate pollution resulting from the disposal of liquid and solid wastes. On July 1, 1972, the Service was authorized to provide water supply and related facilities.

As a corporation, the Service is governed by a three-member Board of Directors consisting of a Director, a Secretary, and a Treasurer who are appointed by the Secretary of Natural Resources with the approval of the Governor. The Service assists with the preservation, improvement, and management of the quality of land, air, and water resources. To this end it encourages reduction in the amount of waste generated and discharged into the environment and serves the State's political subdivisions and economic interests.

The Maryland Environmental Service represents a new approach to the problem of environmental pollution. It is a product of the realization that all levels of government share the responsibility for the existence of the problem and must, therefore, assist each other in finding viable solutions. As a public corporate utility enterprise, the Service has all the powers necessary to conduct business and to plan, design, finance, construct, operate, and maintain liquid and solid waste management systems and water supply facilities (Code Natural Resources Article, secs. 3-101 through 3-132).

## ENERGY AND COASTAL ZONE ADMINISTRATION

Levio E. Zeni, *Director*

Tawes State Office Building  
Annapolis 21401 Telephone: 269-2788

This Administration, created by order of the Secretary of the Department of Natural Resources on July 1, 1975, and implemented by Chapter 320, Acts of 1976, includes all energy-related agencies in the Department of Natural Resources. The common purpose of these agencies is to evaluate the production and conservation of energy while keeping adverse environmental and fiscal effects to a minimum.

The four operating programs within the Administration are Power Plant Siting, Bureau of Mines, the Coastal Zone Program, and the Energy Policy Office. All four accomplish their tasks mainly through special and federal monies.

The Power Plant Siting Program, created by Chapter 31, Acts of 1971, is responsible for the administration of a long-range electric power plant environmental research program, assessing the impact of existing power plants, evaluating proposed sites, and acquiring standby sites for a land bank. Site evaluations calculate the impact of future power plants at proposed sites. The site evaluation work forms the basis of program recommendations to the Public Service Commission for conditions relating to the design, construction, and operation of a power plant that are necessary for the protection of the environment.

Research develops the understanding of Maryland's environmental resources and socio-economic structure necessary to site and operate power plants successfully with a maximum benefit to society and minimum detriment to the ecosystem.

Site acquisition identifies, investigates, acquires, and holds in a land bank an inventory of sites suitable for the construction and operation of power plants.

The Bureau of Mines has two distinct areas of responsibility: environmental control of active mines and restoration of abandoned mines.

Active Mines: The Bureau evaluates mining plans for proposed deep and strip coal mines. Environmental controls are established and reclamation plans for the land must be approved before the mining operation can begin. Active mines are

monitored for compliance with the law and agreement with the approved plans.

Abandoned Mines: Recent legislation makes possible the restoration of abandoned mines, which for decades have presented serious environmental problems. Money collected from a surcharge on mined coal is used to repair the environmental damage caused by abandoned mines. In addition, abandoned mines are reclaimed in conjunction with the active Mining Program.

The Coastal Zone Management Program has been transferred from the Water Resources Administration to the Energy and Coastal Zone Management Administration. The Governor in March 1973 designated the Department of Natural Resources as the agency authorized to receive and administer federal grants pursuant to the Federal Coastal Zone Management Act of 1972. Subsequent to that the Secretary of the Department of Natural Resources created the Coastal Zone Unit to develop a program to assure Maryland's continued participation in the protection and wise use of its coastal resources. In May 1978 the Governor signed an Executive Order stating that the Coastal Zone Management Program constitutes State policy with regard to activities in Maryland's coastal areas. The Program provides a framework for cooperative action among governmental agencies, the public, and industry to address significant projects in coastal areas. Federal approval of the program was received in September 1978 guaranteeing federal consistency with Maryland's coastal policies and federal funds to implement the Program.

The Energy Policy Office implements the State Energy Conservation Plan, funded under the National Energy Policy and Conservation Act. A State Energy Conservation Board was formed to assist in this effort. The Office sponsors a variety of training programs aimed at energy consumers in the residential, commercial, industrial, transportation, and government areas.

Two members were added by Chapter 672, Acts of 1974. One member resides in Allegany County. Neither of these members may have any interest in mining operations.

The Land Reclamation Committee studies, recommends, and approves procedures for reclamation, conservation, and revegetation of areas affected by open-pit mining within the State. The Committee also reviews all mining and reclamation plans, progress reports, and final reports. The Committee is further to establish plans and methods of procedure as well as practical guidelines for the prompt and adequate reclamation, conservation, and revegetation of all lands disturbed by open-pit mining of bituminous coal within the State (Code Natural Resources Article, secs. 7-205, 7-501 through 7-505, 7-509, 7-510, 7-515).

The Maryland Geological Survey was established by Chapter 73, Acts of 1964, to supersede the Department of Geology, Mines, and Water Resources, created by Chapter 508, Acts of 1941, which superseded the State Geological and Economic Survey Advisory Commission, the Water Front Commission, and the Water Resources Commission. The Survey was placed in the Department of Natural Resources by Chapter 154, Acts of 1969.

The Department is headed by a Director appointed by the Governor upon the recommendation of the Secretary of Natural Resources. A Commission composed of five members appointed by the Secretary of Natural Resources acts in an advisory capacity to the Director with respect to matters under the jurisdiction of the Survey.

The Department supervises topographic, geologic, hydrographic, and geophysical surveys. It prepares topographic, geologic, and such other maps as may be necessary to meet specific needs. It makes reports on the extent and character of the State's geologic, mineral, and water resources. The Survey publishes from time to time County Geologic Reports, Reports of Investigations, Water Resources Basic Data Reports, Bulletins, Educational Series, and Information Circulars. The Survey also publishes county topographic maps, county geologic maps, a State geologic map, a State planimetric map, and other miscellaneous maps and charts.

In cooperation with the U.S. Geological Survey, the Department makes surveys of the water resources of the State. It also cooperates with the federal Survey in certain geological and geophysical mapping projects. The Survey carries out research and investigations of coastal estuarine problems relating to erosion and sedimentation along bay and ocean shorelines.

The Maryland Geological Survey is no longer responsible for regulatory functions regarding mining and gas well drilling. These activities are regulated by the Energy and Coastal Zone Administration.

The Division of Archeology was created by Chapter 541, Acts of 1968, to engage in research in the archeology of the State and to encourage and coordinate archeological research and investigation undertaken by other societies, institutions, museums, and organizations. The same Act created an Advisory Committee on Archeology to advise the Survey. The Division is headed by the State Archeologist. The Survey, through its Division of Archeology, may grant permits for

archeological investigation on lands owned or controlled by the State to any person or institution who, in the judgment of the Survey, is properly qualified to conduct such investigations and excavations.

### ADVISORY COMMITTEE ON ARCHEOLOGY

*Chairperson:* Paul Cresthull

John E. Foss, Daniel W. Ingersoll, Jr., Robert L. McFarlin, Karl de Rochefort-Reynolds

Tyler J. Bastian, *State Archeologist*

The Advisory Committee on Archeology was created as a division within the Maryland Geological Survey by Chapter 541, Acts of 1968. The Committee consists of five members with skill and knowledge in archeological matters, including representatives of reputable museums, institutions of higher education, and recognized scientific and/or historical societies or institutions. The State Archeologist is a professional archeologist appointed by the Director of the Maryland Geological Survey in accordance with the Merit System Law.

The Committee advises the Maryland Geological Survey on archeological matters and formulates rules and regulations regarding archeological matters for review and publication by the Survey (Code Natural Resources Article, secs. 2-301 through 2-308).

The Maryland State Board of Well Drillers was created by Chapter 584, Acts of 1968. The Board consists of seven members appointed by the Secretary of Natural Resources with the approval of the Governor by and with the advice and consent of the Senate for two-year terms. One member represents the Eastern Shore, one represents

Central Maryland and Baltimore City, one represents Southern Maryland, and one represents Western Maryland. The regional members must be licensed well drillers and be actively engaged in the well drilling business in the State at the time of their appointment. Of the remaining three members, one must represent the public at large and be chairperson of the Board. One member represents the Water Resources Administration and one the Environmental Health Administration of the Department of Health and Mental Hygiene.

The Board administers and enforces all provisions of the Well Drillers Law. The Board is expressly vested with the power and authority to make and enforce such rules and regulations in order to carry out the provisions of the Act. The Board examines and licenses by written examination and field test qualified applicants to engage in the business of well drilling in the State. The Board administers the statutory requirements of insurance and bonding, issues, suspends, and revokes licenses, holds hearings in cases of violation of provisions of the law or any of the Board's rules and regulations, and in general regulates the business of well drilling in the State (Code Natural Resources Article, secs. 8-608 through 8-613).

### SCENIC AND WILD RIVERS REVIEW BOARD

*Chairperson:* James B. Coulter

Constance Lieder, Wayne A. Cawley, Jr.

Tawes State Office Building  
Annapolis 21401 Telephone: 269-2230

The Scenic Rivers Review Board was created by Chapter 85, Acts of 1968, to make an inventory and to recommend annually to the General Assembly rivers of Maryland and related adjacent land areas that possess outstanding scenic, fishing, wildlife, and other recreation values of present and potential benefit to the citizens of Maryland. The Board consists of the Secretary of the Department of Natural Resources, the Secretary of State Planning, and the Secretary of Agriculture. The Board selects its own chairperson.

The Board cooperates with federal agencies, other State agencies, and the counties to inventory and establish a Maryland Scenic and Wild River System. Agencies within the Department of Natural Resources are directed to administer the Scenic and Wild Rivers Program in such a manner that it will provide wise management of this

resource. The waters and adjacent lands are to be preserved for their scenic and aesthetic qualities. Scenic and wild rivers may be developed to accommodate limited multiple uses; however, the main objective is to designate streams that will provide enjoyment for the general public through a setting of natural solitude (Code Natural Resources Article, secs. 8-401 through 8-404).

By Chapter 612, Acts of 1975, the Board adopted its present name and had its membership altered. The Board appoints, with the advice and consent of the local governing body, a local Scenic and Wild River Advisory Board for each river included within the scenic and wild river system. Each local board consists of seven members of whom at least two must be residents owning land contiguous to the scenic or wild river, two must be residents of the county where the river flows and who do not own land contiguous to it, one represents the local governing body, and two represent the appropriate soil conservation district. Each local board selects its own chairperson and reviews regulations pertaining to each river within its jurisdiction. By Chapter 869, Acts of 1978, provision was made for local advisory boards for scenic or wild rivers that flow through more than one county.

After completion of an approved management plan, local jurisdictions, if they so desire, may establish local scenic river advisory boards to help local government implement the plan (Chapter 962, Acts of 1978).

The Interstate Commission on the Potomac River Basin is an agency of those states contiguous to the Potomac River. Established by an Act of Congress in 1940, the Commission operates under the Potomac River Sanitation Compact, which Maryland ratified by Chapter 320, Acts of 1939. The Compact was amended by P.L. 91-407 on September 25, 1970.

The Commission is composed of representatives of the five signatory members: Maryland, Pennsylvania, Virginia, West Virginia, and the District of Columbia. While the United States government is a member of the Commission, it is not a signatory member. The representatives from Maryland include the Governor and two residents of the Potomac Valley Conservancy District, who are appointed by the Governor for two-year terms (Code 1957, Art. 43, secs. 407, 408). The Commission has jurisdiction over the Potomac Valley Conservancy District, which was created by the enabling Act. The District embraces an area of approximately 14,500 square miles in four states (3,818 square miles in Maryland) with an estimated population of 4,000,000, of which 3,000,000 are in the Washington metropolitan area. The Commission 1) coordinates, tabulates, and summarizes existing data on the character, pollution, and water problems in the Conservancy District; 2) supplements existing data when necessary by conducting investigations; 3) disseminates information to the public on the effects of stream pollution and the objectives of the Commission;

4) cooperates with other organizations in studies of treatment methods for sewage and industrial wastes; 5) reviews any plan or program from any public or private agency or organization relating to stream pollution or the utilization, conservation, or development of water or associated land resources; 6) and recommends to signatory bodies standards for cleanliness of streams.

The Commission is financed by appropriations from each of the participating bodies.

S. Congress. Maryland ratified it by Chapter 391, Acts of 1967. The Commission superseded the Interstate Advisory Committee on the Susquehanna River Basin.

The Commission, which was recommended by the Interstate Advisory Committee on the Susquehanna River Basin, develops plans, policies, and projects relating to the water resources, conservation, and management in the Basin. The Commission consists of the Governor or his designee from each signatory state and one member appointed by the President of the United States to serve at the pleasure of the President. ### ATLANTIC STATES MARINE FISHERIES COMMISSION

#### Commissioners from the State of Maryland:

The Atlantic States Marine Fisheries Commission is an outgrowth of the Eastern Conservation Conference begun in 1937. Seven states, including Maryland, drew up and ratified a compact in 1941. Maryland ratified the compact by Chapter 435, Acts of 1941. This compact, assented to by the U.S. Congress and signed by the President in 1942, is the legal basis of the Atlantic States Marine Fisheries Commission, which today has a membership of fifteen Atlantic seaboard states. Each State is represented by three Commissioners, one of whom must be the chairperson or director of the fisheries management agency, one a legislator and a member of the Commission on Intergovernmental Cooperation, and one selected by the Governor.

Maryland is represented by the Fisheries Administrator of the Department of Natural Resources and a member of the Intergovernmental Cooperation Commission, both of whom serve ex officio, and a resident of Maryland with knowledge and interest in marine fisheries problems appointed by the Governor for a three-year term. The Commission advises only, aiding in the development of joint programs dealing with particular species of fish or bodies of water common to two or more states. These programs may result in uniform laws or varying but coordinated measures as the circumstances require. The Commission meets annually and in four regional groups as follows: 1) the North Atlantic States, 2) the Middle Atlantic States, 3) the Chesapeake Bay Area, and 4) the South Atlantic States. In place of special committees, which in the past dealt with particular species, the 15th Annual Meeting created an overall scientific committee to digest scientific material and present condensed reports to the Commission. A similar committee was established to report on legal matters. The technical advice and research facilities of the U.S. Fish and Wildlife Service are available to the Commission and its member states. Each participating state contributes to the support of the Commission in proportion to the value of its

Marine Fisheries catch as compared with the total Atlantic catch. The Commission issues mimeographed minutes of annual, section, and committee meetings. The annual meeting minutes contain scientific appendices. The Commission also issues printed annual reports. All are on file in the office of the Department of Natural Resources (Code Natural Resources Article secs. 4-301 through 4-305). The Commission also publishes and distributes the Marine Resources Leaflet series, including Atlantic Menhaden, Soft-Shell Clam, Southern Shrimp, American Lobster, Summer Flounder, American Shad, Striped Bass, Haddock, Atlantic Cod, Oyster, Marine Bait Worms, Spotted Seatrout, Hard Clam, and Hard Clam Supplement.

The Potomac River Fisheries Commission operates under the Maryland-Virginia Compact of 1958, which was authorized by an Act of Congress. Maryland ratified the Compact by Chapter 269, Acts of 1959, subject to referendum held on November 8, 1960. The Commission is a semiautonomous agency, but its work and policies are closely coordinated with the Fisheries Administration of Maryland and the Virginia Marine Resources Commission. The Commission is responsible for the establishment and maintenance of a program of conservation and improvement of the seafood resources of the Potomac River and the regulation and licensing of fisheries in the Potomac River.

The Commission consists of six members, three from each state. The Governor fills any vacancies that occur. The position of chairperson of the Commission alternates annually between Maryland and Virginia.

The fisheries departments of both states supply the law enforcement for the Commission on the Potomac River (Code Natural Resources Article, sec. 4-306).

In 1964 and 1965, both the Maryland and Virginia legislatures concurred in approving legislation and giving the Commission the authority to

regulate and license the dredging of soft shell clams.

Each State annually appropriates \$50,000 to the work of the Commission. In addition, the Commission receives the proceeds from the sale of crab, oyster, fish, and clam (all commercial) licenses and twenty cents per bushel oyster inspection tax.

The Interstate Oil Compact was executed in Dallas, Texas, on February 16, 1935. Maryland ratified the Compact by Chapter 390, Acts of 1959. The Commission was created to insure cooperation between the various signatory states to conserve gas and oil, to prevent the waste of those valuable mineral resources, and to preserve to the individual states the rights of local control over these matters.

Membership on the Commission consists of the Governor of each signatory state together with an alternate representative. At the present time, thirty states have ratified the Compact. In addition, six other states are associate members (Code Natural Resources Article, secs. 6-401 through 6-404).

The Interstate Mining Commission was created as the result of the Interstate Mining Compact initiated by the Council of State Governments. To date, thirteen states have ratified the instrument. Maryland ratified the Compact by Chapter 297, Acts of 1973. The Compact establishes a Commission with one representative and one alternate from each state. Its function is to study mining operations and their effect upon the land, water, air, and recreation patterns of community or regional development. All of the Commission's powers are of a study, recommendatory, or consultative nature. The Commission is financed by State appropriations based upon a formula allocation utilizing the value of minerals and ores in the party states.

The same Act also created the Maryland Mining Council, which is composed of the Director of the Maryland Geological Survey and six appointed members. The Governor, with the advice of the Secretary of Natural Resources, appoints the members of the Council for four-year terms. Two of the appointed members must represent the mining industries and two must be public members with a demonstrated and continuing interest in conservation matters (Code Natural Resources Article, secs. 7-701 through 7-703).

The Potomac River Basin Advisory Committee, originally known as the Interstate Advisory Committee on the Potomac River Basin, was created as a result of a conference attended by the governors of Pennsylvania, Virginia, West Virginia, and Maryland, and the President of the Board of Commissioners of the District of Columbia, held in Washington, D.C., on April 19, 1965. The Committee was formed to coordinate and represent the genuine interests of the states in Potomac Basin planning activity and, most importantly, to advise the heads of government on the best possible permanent interstate organization to plan, develop, and manage the water and related resources of the Potomac River Basin.

The Advisory Committee, made up of three representatives from each of the five jurisdictions, has pursued its assignments and has completed and presented to the governors a proposal for an interstate-federal water resources Compact. After enactment by each of the Basin states and the U. S. Congress, the new Compact will become effective and the Potomac River Basin Commission will come into being to exercise the powers granted by the Compact.

Virginia ratified the Compact in 1970, while Maryland enacted it by Chapter 30, Acts of 1971 (Code Natural Resources Article, sec. 8-301).

The Advisory Committee maintains an office in Washington, D.C. Currently no funds are being requested from the states for support of the Committee.

## DIVISION OF CORRECTION

Edwin R. Goodlander, *Commissioner*

Elmanus Herndon, *Deputy Commissioner*

6314 Windsor Mill Road  
Baltimore 21207

Telephone: 944-7028

Prior to 1916, the Maryland Penitentiary and the Maryland House of Correction were autonomous institutions operating under the jurisdiction of a separate Board of Directors and a Board of Managers appointed by the Governor. By Chapter 556, Acts of 1916, these institutions were administered by the State Board of Prison Control. By Chapter 29, Acts of 1922, the Board of Welfare superseded the Board of Prison Control and administered the prisons. By Chapter 69, Acts of 1939, the Department of Correction and the Board of Correction assumed all rights, powers, and duties that had formerly been vested in the Board of Welfare.

By Chapter 758, Acts of 1953, the Superintendent of Prisons became the administrator of the Department. The Board of Correction established departmental policies and appointed the executive personnel of the institutions under the jurisdiction of the Department on recommendations made by the Superintendent of Prisons (Code 1957, Art. 27, secs. 667, 669-71, 675, 677). The 1962 General Assembly repealed Article 27, Sections 667-710, of the 1957 Code and 1961 Supplement and enacted new Sections 667 to 704, inclusive, to revise and change the laws governing the administration of the Department of Correction. Chapter 123 of the Acts of 1962 established the Advisory Board and created the office of Commissioner of Correction. Chapter 137, Acts of 1968, repealed and reenacted Section 667 of Article 27, changing the name of the Department from the Department of Correction to the Department of Correctional Services.

Chapter 401, Acts of 1970, effective July 1, 1970, incorporated all of the State's correctional responsibilities under the Department of Public Safety and Correctional Services. Thus, by virtue of this Act the Department of Correctional services was retitled and reestablished as the Division of Correction and continued as the same department in its capacity of exercising central administrative control over the adult correctional facilities in Maryland as provided in Art. 27, Sections 667-726, subject to the authority of the Secretary of Public Safety and Correctional Services. The same act also abolished the Advisory Board of the Department of Correction, the

Advisory Board of the Division of Parole and Probation, and the Advisory Council for Correctional Services (Code 1957, Art. 41, secs. 204D and 204E).

In accordance with the provisions of Chapter 401, Acts of 1970, the Commissioner of Correction is appointed by the Secretary of Public Safety and Correctional Services with the approval of the Governor and by and with the consent and advice of the Senate. The Commissioner is in sole and active charge of the Division of Correction and of its several institutions and agencies, subject only to his responsibility to the Secretary of Public Safety and Correctional Services and to the Governor (Code 1957, Art. 27, secs. 673-674).

The staff of the Division of Correction plans, establishes, and directs programs of administration for the various correctional facilities. The institutions carry on a program of classification, education, and vocational training, employment, and the other segments of rehabilitative treatment.

Chapter 695, Acts of 1967, provided that all criminals sentenced after June 1, 1967, be committed to the Division of Correction, formerly the Department of Correctional Services, and authorized the Department to establish receiving and classification centers for prisoners. On June 1, 1967, the Department established a Reception Center at the Maryland Penitentiary for male inmates and a Reception Center at the Maryland Correctional Institution for Women—Jessup, for female inmates. After diagnostic evaluation and classification, the inmate is then assigned to one of the institutions of the Division (Code 1957, Art. 27, secs. 689 (g), 690, 691-700 (a), 701-702).

By Chapter 285, Acts of 1963, the Work Release Law was established (Code 1957, Art. 27, sec. 700A). The Work Release Program allows prisoners sentenced to an institution under the jurisdiction of the Division of Correction to leave actual confinement during necessary and reasonable hours for the purpose of working at gainful employment in the State and to return to the institution at the end of the work day. Chapter 551, Acts of 1968, extended this privilege to include attendance at school as part of a Work Release Program. Recent amendments provide that the Commissioner of Correction may authorize under certain conditions special leave for the purpose of seeking employment, and further that individuals or small groups of prisoners may leave confinement to participate in special community programs for rehabilitation. Provision is also made for granting weekend leaves under certain conditions by Chapter 448 and Chapter 449, Acts of 1969 (Code 1957, Art. 27, secs. 700A and 700C).

The institutions and camps have well-developed programs of employment. Inmates are assigned to a wide variety of institutional maintenance tasks, as well as to the diversified State Use Industries Program. Opportunities for the development and reactivation of useful and economically profitable occupational skills are available. The programs also provide necessary goods and services to the public agencies eligible to purchase them. Several of the institutions operate laundries, which serve both the institutions and other State agencies and institutions.

Educational activities include academic instruction on both elementary and secondary school levels, varied opportunities for advanced and specialized study, including programmed instruction in the various camp facilities in preparation for obtaining high school equivalency certificates, and programs of vocational and on-the-job training.

With the amendment set forth in Chapter 539 of the Acts of 1976, an educational coordinating council for correctional institutions under the jurisdiction of the Department of Public Safety and Correctional Services was created. The Commissioner of Correction is a member of this council. The council, for administrative and budgetary purposes, is within the State Department of Education. The council is responsible for developing and recommending the educational programs to be conducted in each correctional institution, taking into account the special needs and circumstances of the inmates in the institution. The law provides that from and after July 1, 1978, funds for the operation of the educational programs in correctional institutions shall be provided in the State budget for the State Department of Education. The Department of Public Safety and Correctional Services and other State departments may contribute to these programs as provided in the State budget. The Director of Educational Programs is appointed by the Secretary of Public Safety and Correctional Services (Education Article, secs. 22-101, 102).

Professional staffs render medical, psychiatric, and psychological services in the institutions. The institutions and camps have complete programs of religious activities, and supervised recreational programs are conducted at all correctional facilities.

By Chapter 696, Acts of 1967, the General Assembly created the position of Jail Programming and Inspection Officer, whose duty it is to submit to the Division of Correction for approval regulations covering minimum standards for jails and other places of detention or confinement in the various counties and Baltimore City. He is

charged with making an annual inspection of these facilities. He then must submit a report with his recommendations to the governing body of the county or to the Mayor and the City Council of Baltimore, showing the results of his inspection together with recommendations for improvement (Code 1957, Art. 27, sec. 704).

Chapter 481, Acts of 1968, provides for the establishment of regional detention centers, which are facilities operated by one or more counties for the purpose of detention and confinement. Chapter 540, Acts of 1968, included these regional detention facilities as installations under the general supervision of the Jail Programming and Inspection Officer (Code 1957, Art. 27, secs. 704-705).

In October 1971, the Governor authorized the formation of a Community Corrections Task Force within the Maryland Division of Correction. Its charge was to develop a Statewide Community Corrections program, emphasizing alternatives to incarceration as well as appropriate classification and treatment of offenders through community correctional centers, which would cause the maximum utilization of community resources.

As a result of the work of this Task Force, significant legislation was enacted. Chapter 464, Acts of 1972, provided for the establishment of Community Correctional Centers in the State of Maryland. Chapter 234, Acts of 1976, repealed the former Sec. 706, Art. 27, which related to these community correctional centers, and enacted the present subsections 706 to 710E under the new subtitle "Community Adult Rehabilitation Centers" (CARC). This act provides that the Secretary of Public Safety and Correctional Services, with the assistance and advice of the Commissioner, may evaluate and determine the need, if any, for one or more community adult rehabilitation centers in each county or multi-region of the State. The law outlines the procedure for establishing a program for the development and operation of community adult rehabilitation centers; making certain findings; defining terms; providing certain duties of the Secretary of Public Safety and Correctional Services, the Commissioner of Correction, counties and county governments, and the Board of Public Works; providing for the establishment, location, construction, operation, and funding of county, regional, and State centers; and relating generally to community adult rehabilitation centers. The Task Force began operating centers in March 1974. Effective July 1978 the community adult rehabilitation centers were placed under the correctional camp system as pre-release units.

The Maryland Penitentiary, authorized by Resolution No. 32, Acts of 1804, and opened in 1811, was the second institution of its type established in the United States. It is a maximum security institution for the confinement of long-term prisoners committed by Courts in the State. In 1829 buildings containing workshops were constructed, thereby permitting the establishment of industrial activities. In 1845 an educational program was introduced, with the prison's chaplains teaching the inmates. Over the years a

great deal of construction and demolition has taken place, with the most recent additions being made in 1956 when the old administration building and one of the original cell houses were razed to provide a site for a sixty-bed general hospital to serve male inmates in the correctional system. A new maximum security section for the confinement of prisoners awaiting execution and new execution chambers (lethal gas) were also erected in 1956. The last execution in the Maryland Penitentiary took place in June 1961.

Also located within the Penitentiary facility is the Reception Center.

This facility is located across the road from the Maryland Correctional Institution—Hagerstown. This facility places emphasis upon educational and vocational training. Those inmates who are less amenable to treatment programs either remain in or are transferred to the Maryland Correctional Institution—Hagerstown.

A Work Release Center has also been established in a separate facility on the institutional grounds. This facility has a rated capacity of fifty beds and houses those inmates on the Work Release Program and several inmates who are part of the institutional care.

### MARYLAND CORRECTIONAL INSTITUTION FOR WOMEN—JESSUP

Harry J. Taurig, *Superintendent*

Jessup 20794 Telephone: 799-5550

The Maryland Correctional Institution for Women—Jessup was originally established by Chapter 71, Acts of 1941, as the Women's Prison of the State of Maryland. By Chapter 520, Acts of 1945, it received the name of the Maryland State Reformatory for Women. On July 1, 1962, its name was changed to Maryland Institution for Women. It adopted its present name on July 1, 1964.

Prior to the erection of this institution, female prisoners were lodged in a section of the Maryland House of Correction. Before the opening of the House of Correction in 1879, they had been housed in quarters reserved for them at the Maryland Penitentiary.

Effective July 1, 1967, all persons sentenced by the courts in the State of Maryland are sentenced to the Division of Correction and must be admitted to a Reception-Diagnostic Classification Center for testing, evaluation, and assignment to one of the State's correctional institutions. In accordance with this new law, the Division of Correction has established a Reception-Diagnostic Classification Center at the Maryland Correctional Institution for Women—Jessup. This Center receives all adult females serving sentences ranging from three months through life imprisonment who have been convicted of felonies and misdemeanors and who are not sent to local jails. Upon the completion of these classification procedures in the Center, female inmates are transferred to the proper Maryland Correctional Institution to complete their sentences. Both the Reception Center for Women and the Maryland Correctional Institution for Women are located on the same grounds.

The Division of Correction operates eight minimum security pre-release facilities, formerly known as correctional camps, which provide work and other rehabilitative opportunities for men and women transferred to these installations. For the most part, these facilities house inmates who are participating in the Work Release Program. The Central Laundry Pre-Release Unit was established in July 1960 to serve the laundry needs of institutions under the jurisdiction of the Department of Health and Mental Hygiene. Before assignment to one of the pre-release units, inmates are carefully screened either at the Reception Center or at the institutions to which they are assigned.

These units were originally established as work camps by Chapter 266, Acts of 1955 (Code 1957, Art. 27, sec. 689f), and subsequently were known as "correctional camps." The Sandy Point Correctional Camp was relocated in Jessup and its identification changed from the Sandy Point Correctional Camp to the Maryland Correctional Camp Center by Chapter 385, Acts of 1966. Effective July 1978, the three Pre-Release Units established under the CARC legislation (Art. 27, secs. 706-710E), namely, the Community Corrections Center for Women in Baltimore, the Community Corrections Center located in the Baltimore City Jail, and the CARC Center on Greenmount Avenue in Baltimore City were placed under the jurisdiction of the correctional camp system.

On August 16, 1978, the Board of Public Works approved the request of the Department of Public Safety and Correctional Services to rename the units in the correctional camp system "pre-release units." This change was effected divisionwide September 1, 1978. On or about February 1, 1979, the conversion of the camp

known as the Maryland Correctional Camp Center to a medium security facility will be completed. This facility will, however, continue to be operated by the Maryland Correctional Pre-Release System. This facility, for the purpose of identification, is tentatively titled the Brockbridge Medium Security Facility. The administrative offices of the pre-release system are located in Jessup.

The Division of Parole and Probation was originally created by Chapter 406, Acts of 1939, to administer the parole and probation laws of the State of Maryland. By Chapter 653, Acts of 1953, the Division changed its name to the Department of Parole and Probation. The Division was further reorganized by Chapter 457, Acts of 1968, with the creation of a Division of Parole and Probation separate and apart from the Board of Parole. Heretofore, the Director of the Division of Parole and Probation was also the Chairperson of the Board of Parole. The Division adopted its present name by Chapter 401, Acts of 1970. The Division administers the parole and probation laws of the State and became an agency of the Department of Public Safety and Correctional Services on July 1, 1970.

The head of the Division of Parole and Probation is the Director of Parole and Probation. He is appointed by the Secretary of Public Safety and Correctional Services, with the approval of the Governor and the advice and consent of the Senate, and serves an indefinite term at the pleasure of the Secretary.

The Division supervises the conduct of parolees and regularly informs the Parole Commission of their activities. The Division recommends, at its discretion, that the Commission issue warrants for the retaking of parolees and issues warrants for the retaking of parolees charged with a violation of parole, upon the delegation of this power to the Director. The Division also makes such investigation as may enable the Parole Commission to determine the advisability of granting paroles to persons sentenced under the laws of Maryland whenever such prisoner shall have served in confinement one-fourth of such term or consecutive terms.

Presentence or other investigations are completed for all State Courts when requested; however, the Division must complete a presentence investigation prior to sentencing by any Circuit Court or by the Baltimore City Supreme Bench of any defendant convicted of a felony to the Division of Correction or to Patuxent Institution, unless the Court specifically orders to the contrary. The Division, upon request of the courts, may supervise the conduct of persons placed on probation or suspension of sentence and ascertains and reports to the courts whether or not the conditions of such probation or suspension of sentence are being satisfactorily complied with. The Division also performs other probationary services the court may request.

The Division makes such investigation and prepares such reports as may be required by the Governor concerning persons who may make application for pardon or commutation of sentence or clemency. The Division makes such investigations as may be required by the Uniform Out-of-State Parolee Supervision Act concerning parolees and probationers from other states now living in Maryland. Finally, the Division makes investigations, reports, and recommendations with respect to applications for review of criminal sentences as directed by the Court of Special Appeals.

The Division makes available the services of its staff to the Circuit Courts for the respective counties, the Supreme Bench of Baltimore City, the District Courts, the Parole Commission, the Governor, and the parole and probation jurisdictions of other states through the Out-of-State Parolee Supervision Act.

Recently the Division has shown tremendous growth in investigation and supervision workload. It is now developing a diversification of its services, which are geared to the needs of parolees and probationers in the community. These include an Employment Program to secure adequate jobs for worthy individuals unable to obtain their own; an Alcoholism Rehabilitation and Narcotics Program, which aids those so addicted; and Family Consultations, which provide counseling assistance in family and marital problems. While rendering these and other services, each Parole and Probation agent serves as a counselor and makes appropriate referrals to other agencies, public and private, to facilitate rehabilitation, bearing in mind that the protection of society and the rehabilitation of the offender are primary goals.

The Division maintains offices in the following areas: Annapolis, Baltimore City, Bel Air,

Cambridge, Camp Springs, Centreville, Chestertown, College Park, Cumberland, Denton, Dundalk, Easton, Ellicott City, Elkton, Frederick, Gaithersburg, Glen Burnie, Hagerstown, La Plata, Leonardtown, Oakland, Prince Frederick, Princess Anne, Rockville, Salisbury, Silver Spring, Snow Hill, Suitland, Towson, Upper Marlboro, Westminster, and Woodlawn.

During the fiscal year ending June 30, 1978, the Division supervised approximately 39,000 parole and probation cases and conducted approximately 15,000 investigations of various types.

Effective January 1, 1979, approximately 80,000 support cases will be transferred to the jurisdiction of the Department of Human Resources (Code 1957, Art. 41, secs. 117A-131 A).

## MARYLAND PAROLE COMMISSION

*Chairperson:* Henry P. Turner, 1982

Jasper R. Clay, Jr., 1985; Thomas J. D'Allesandro, Jr., 1980; Herbert Matz, 1981; Louis E. Einschütz, 1982; Isaiah Larkin, Jr., 1983; James L. Thomas, 1983.

Marjorie A. Jennings, *Administrative Officer*

Suite 602, One Investment Place  
Towson 21204 Telephone: 321-3644

The Maryland Parole Commission was created by Chapter 540, Acts of 1976, to replace the Board of Parole. The previous board had been established by Chapter 457, Acts of 1968, to replace the Board of Parole and Probation.

The Commission is composed of a Chairperson and six Commissioners, all of whom are appointed for terms of six years by the Secretary of Public Safety and Correctional Services with the approval of the Governor and with the advice and consent of the Senate. The Secretary of Public Safety and Correctional Services designates the Chairperson of the Commission.

The Commission utilizes hearing examiners to hear certain cases for parole release. The Commission itself has the exclusive power to hear certain serious cases for parole release and has the exclusive power to conduct hearings for revocation of parole. The jurisdiction of the Commission extends to persons sentenced under the laws of this State to any penal or correctional institution, including local jails and detention centers. It has the power to issue warrants for the

return to custody of alleged violators of parole and to suspend or revoke parole upon a showing of a violation of the conditions thereof.

Decisions of its hearing examiners, if concurred in by the Commission on summary review, become final. A final decision of the Parole Commission may be appealed to a panel of its members for review upon the record. The decision of the appeal panel is final.

The Commission must provide a parole interview for every inmate at no later than one-fourth of the sentence. Such hearings are conducted at every penal and correctional institution not less than monthly, and at jails and other places of penal confinement or detention in the State as often as may be required to provide the hearing mandated at the completion of one-fourth of the total sentence. The Commission is also charged with the duty of evaluating information on the activity of parolees as reported to it by the Division of Parole and Probation. In addition, it causes investigations to be made by the Division of Parole and Probation and holds hearings for the purpose of making recommendations to the Governor for his granting of pardons, commutations of sentences, and parole of persons sentenced to life imprisonment. The Commission is also authorized to negotiate and execute tri-party contracts for the release on parole of an inmate at a predetermined future date, conditioned upon the fulfillment of the conditions specified in the agreement. The signatories to such mutual agreements are the Parole Commission, the Commissioner of Correction, and the inmate (Code 1957, Art. 41, secs. 107-117).

## PATUXENT INSTITUTION

Patuxent Institution was first authorized by Chapter 476, Acts of 1951, and was charged with the responsibility for the confinement and treatment, when appropriate, of adult criminal offenders classified as defective delinquents under Article 31B of the Maryland Code. A defective delinquent was defined as 'an individual who by the demonstration of persistent aggravated antisocial or criminal behavior, evidences a

propensity toward criminal activity, and who is found to have either such intellectual deficiency or emotional unbalance, or both, as to clearly demonstrate an actual danger to society so as to require such confinement and treatment, when appropriate, as may make it reasonably safe for society to terminate the confinement and treatment.' It was also charged with the confinement and diagnosis of offenders referred to the Institution by the Courts for determination of their condition under that statute. The Institution conducted a thorough psychiatric evaluation of each offender so referred and rendered a formal opinion to the Court of jurisdiction. If the Institution recommended against commitment, the Court returned the offender to the Division of Correction where he continued to serve his original criminal sentence. If the Institution recommended that the offender be confined at the Institution, the Court promptly provided a hearing, sitting as a Court or with a jury, and found by a special verdict whether or not the offender was a defective delinquent as defined in Article 31B. Commitment as a defective delinquent under Article 31B was for an indeterminate period subject to the order of the Institutional Board of Review or the Courts.

Under that statute the Institution was formally opened on January 3, 1955, under the administrative control of the Department of Correction. By Chapter 629, Acts of 1961, the Institution became an autonomous agency under the control of the Board of Patuxent Institution. By Chapter 401, Acts of 1970, the Institution became a part of the Department of Public Safety and Correctional Services, retaining its status as an institution separate from the Division of Correction and retaining its Board of Patuxent Institution.

By Chapter 678, Acts of 1977, the General Assembly repealed the original Article 31B entitled Defective Delinquents and enacted a totally new Article 31B entitled Patuxent Institution. This statute continued the Patuxent Institution as a part of the Department of Public Safety and Correctional Services and established as the purpose of the Institution to "provide efficient and adequate programs and services for the treatment and rehabilitation of eligible persons. This shall include a range of program alternatives indicated by the current state of knowledge to be appropriate and effective for the population being served. As an integral part of the program, an effective research and development effort should be established and maintained to evaluate and recommend improvements on an on-going basis." An "eligible person" was defined as a person who (1) had been convicted of a crime and is serving a sentence of imprisonment with at least three

years remaining on it, (2) has an intellectual deficiency or emotional unbalance, (3) is likely to respond favorably to the programs and services provided at Patuxent Institution, and (4) can be better rehabilitated through those programs and services than by other incarceration. Persons may be referred for evaluation by the Commissioner of Correction upon recommendation of the sentencing court, upon application by the State's Attorney of the jurisdiction in which the person was last sentenced, upon application of the person himself, or upon recommendation of his staff. Each person so referred is transferred to the Institution for evaluation by an evaluation team consisting of at least three professional employees of the Institution, including at least one psychiatrist, one psychologist, and one social worker or behavioral scientist. The evaluation team assembles and reviews all available relevant information about the person and conducts its own examination of that individual. Based on its own examination and the information assembled, the team determines whether this individual is an eligible person and states its findings in a report to the Director. If the individual is determined not to be an eligible person, he is returned to the Division of Correction to continue his sentence. If the individual is determined to be an eligible person, he remains at Patuxent Institution for treatment.

The Director is the Chief Administrative Officer of the Institution. There are three Associate Directors, one of whom must be a psychiatrist and one of whom must be a behavioral scientist. These two Associate Directors assist primarily in discharging the diagnostic and treatment functions of the Institution. The third Associate Director assists primarily in discharging the custodial function of the Institution. By statute, the staff must also include at least three additional psychiatrists or clinical psychologists, at least four trained social workers, a physician, and a dentist. The Institution offers complete medical, psychiatric, psychological, and social casework services. There is a complete program of academic, vocational, recreational, and religious services. Treatment services are also provided for individuals on pre-parole and parole status. All such programs are directly under the administration of the Institution and are supervised by the same staff members who worked with the inmate while he was at the Institution. To provide for continuation of treatment in these programs, the Institution operates a community clinic in Metropolitan Baltimore. In addition to continued psychotherapy, the clinic staff also provides job and family counseling and social casework services for the individual and his family. In conjunction

with the clinic, the Institution operates a halfway house at the same location. This residential unit provides housing and supportive services for parolees who have inadequate personal or family resources to support them in the community. Additionally, the Institution houses all pre-parole inmates located on the grounds of the Institution. This forty-bed facility is staffed by a trained social worker and officer-counselor who provide continuous counseling and supervision.

### Institutional Board of Review

Kohlmeyer M.D., *Associate Director, Patuxent Institution*; Olive W. Quinn, Ph.D., *Sociologist*; Minor B. Crager, *Professor of Constitutional Law, University of Baltimore School of Law*; Edward A. Tomlinson, *Professor of Constitutional Law, University of Maryland Law School*

The Institutional Board of Review was originally created by Chapter 467, Acts of 1951. The Board was continued under Chapter 678, Acts of 1977. The Board is composed of the Director, the three Associate Directors, the Professor of the University of Maryland School of Law, the Professor of the University of Baltimore School of Law, and one of the two members of the Board of Patuxent Institution who are members of the Maryland Bar, and a sociologist appointed by the Board from the faculty of an accredited institution of higher education in Maryland. The Board of Review is charged with reviewing at least once each year the status of each eligible person and his progress under a written treatment plan. The Board of Review makes appropriate written recommendations for the future treatment and status of the person following each review. The Board is authorized to grant leave or parole to eligible persons if it concludes that such leave or parole will not impose an unreasonable risk to society and will assist in the treatment and rehabilitation of the eligible person. The Board may attach reasonable conditions to the leave or parole and may revoke the status if it finds that the person has violated such conditions. If the person has successfully completed three years on parole without violation and the Board of Review concludes he is safe to be permanently released, it may petition the court to suspend the remaining sentence under conditions the court deems appropriate or to vacate the remaining sentence. If in its review the Board concludes that the person is

no longer an eligible person but should remain confined until paroled by the Parole Commission, or until the expiration of his sentence, or if the person requests a transfer in writing, the Director notifies the Commissioner of Correction and the person is transferred to the appropriate correctional facility designated by the Commissioner. The person may not apply for readmission to Patuxent Institution within three years of his transfer from the Institution.

By Chapter 476, Acts of 1951, an Advisory Board for Defective Delinquents was created to serve as an advisory and consultative body to the Director. By Chapter 629, Acts of 1961, the Institution became an autonomous agency and a new Board of Patuxent Institution was created, in addition to the Advisory Board for Defective Delinquents, to serve as the governing body for the Institution. By Chapter 401, Acts of 1970, the Institution became a part of the Department of Public Safety and Correctional Services, and continued to retain both of these boards. By Chapter 284, Acts of 1975, the Board of Patuxent Institution and the Advisory Board for Defective Delinquents were merged into one single Board, known as the Board of Patuxent Institution. That combined board provided a general consultative and advisory service to the staff of the Institution and the Secretary of Public Safety and

Correctional Services on problems and matters relating to its work. With the total repeal and reenactment of Article 31B by Chapter 678, Acts of 1977, the Board of Patuxent Institution was retained to consult with and advise the Director and the Secretary with respect to the operation, programs, services, personnel, and rules and regulations of the Institution. The Maryland State Police, originally established by Chapter 303, Acts of 1935, had its functions recodified by Chapter 547, Acts of 1968. The Agency is charged with the enforcement of the motor vehicle and criminal laws of the State, and more specifically to safeguard the lives and safety of all persons within the State, to protect property, and to assist in securing to all persons the equal protection of law. The Agency also has the responsibility to preserve the public peace; to detect and prevent crime; to enforce the laws and ordinances of the State and its local subdivisions; to apprehend and arrest criminals and those who violate or are lawfully accused of violating such laws and ordinances; to preserve order in public places; to maintain the safe and orderly flow of traffic on public streets and highways; to cooperate with and assist law enforcement agencies in carrying out their duties; and to discharge its duties and responsibilities with the dignity and manner that will inspire public confidence and respect.

The Agency has Statewide jurisdiction, except in incorporated municipalities. Within such municipalities its jurisdiction is limited to: (1) when in pursuit of an offender or suspected offender; (2) when in search of an offender or suspected offender wanted for a crime committed outside the limits of the municipality, or when interviewing or seeking to interview a witness or supposed witness to such a crime; (3) when requested to act by the chief executive officer of the municipality in question or its chief police officer; (4) when ordered by the Governor to act within the municipality in question; (5) when enforcing the motor vehicle laws of the State; (6) in any building or place when ordered by the President of the Senate and the Speaker of the House, or either of them, to guard the safety of the legislative process; (7) to protect the safety of an elected State official (Code 1957, Art. 88B, secs. 3, 4, 20, and 23).

The State Police also enforce the provisions of the Code relating to Controlled Dangerous Substances (narcotics) throughout the State without any limitation as to activities within municipal corporations or other subdivisions (Code 1957, Art. 27, sec. 298 (g)).

The State Police is directed by the Superintendent, who is appointed by the Governor by and with the advice and consent of the Senate to serve at the pleasure of the Governor. Chapter 547, Acts of 1968, also provides for the appointment of a Deputy Superintendent, who is designated by the Superintendent with the approval of the Secretary of Public Safety and Correctional Services (Code 1957, Art. 88B, secs. 14 and 16).

The Investigation Division of the State Police has the responsibility to conduct requested criminal investigations that occur anywhere within the State of Maryland. This responsibility includes, but is not limited to, the detection and arrest of criminal offenders, the recovery of lost and stolen property, handling extradition proceedings, and performing other investigations as directed by the Superintendent of the State Police.

The Identification Division of the State Police maintains detailed files and records and cooperates with other law enforcement agencies in the exchange of information relating to crimes and criminals. Laboratory services are provided to all allied agencies upon request and field service technicians are available throughout the State to process crime and disaster scenes using the latest in scientific equipment.

In 1976 the State Legislature created the State Criminal Justice Information System. This system, which is a central repository for the collection, storage, and dissemination of criminal history record information, functions under the operational control of the State Police. The system compiles statistics on criminal activity throughout the State. This compilation of criminal statistics from all law enforcement jurisdictions is published in the form of quarterly crime reports for the entire State. Analysis of the figures indicating trends and other pertinent statistical data is accomplished by this system (Code 1957, Art. 27, secs. 742-755).

The State Police is also charged with the licensing of private detectives and security guards (Code 1957, Art. 56, secs. 75-92), as well as with the registration of firearms and the investigation, with the assistance of other police agencies, of those persons desiring to purchase a handgun from a registered firearms dealer (Code 1957, Art. 27, secs. 441-448).

The Agency is charged with the responsibility to investigate all applicants desiring to wear, carry, or transport a handgun. Investigations are conducted by members of the State Police and other police agencies. The Superintendent, after reviewing the report of investigation, has the authority to approve or disapprove the application and either issue, or refuse to issue, an appropriate permit (Code 1957, Art. 27, sec. 36). The Agency also operates a voluntary firearms registration service for those acquiring or owning firearms that are not controlled by other statutes. The Agency investigates and processes those persons desiring to secure a special police commission from the Governor (Code 1957, Art. 41, secs. 60-70).

Legislation in 1965 gave the State Police responsibility for licensing qualified garages and other facilities to make inspections and corrections of equipment and mechanisms and to certify that used motor vehicles, for which titles are sought, meet the equipment standards promulgated by the Motor Vehicle Administration (Code Transportation Article, secs. 13-102, 103).

Reports of motor vehicle accidents investigated by any law enforcement officer in the State must be forwarded to the State Police. The Agency is charged with the responsibility of analyzing and preparing its statistical tables and charts based on these reports.

The Truck Weight Enforcement Division of the State Police, by contract and/or agreement with the State Department of Transportation, enforces the provisions of the Motor Vehicle Code pertaining to size, weight, and load of vehicles (Code Transportation Article, secs. 24-101, 24-112); laws governing registration of aircraft and pilots (Code 1957, Art. 1A, secs. 22-23); and laws governing motor fuel tax (Code 1957, Art. 56, secs. 135-157) and fraud resulting from the sale of motor fuels and lubricants (Code 1957, Art. 27, secs. 231-233).

Chapter 452, Acts of 1968, provided for the administration of the State Aid for Police Protection Fund by the Superintendent of the State Police (Code 1957, Art. 15A, secs. 35-39).

The Aviation Division provides helicopter service throughout Maryland twenty-four hours a day, seven days a week, to effect the evacuation of seriously injured highway and other victims requiring immediate transport to medical assistance. Other missions include search and rescue, criminal investigation support, traffic control, and support in disasters and civil disturbances.

The Tactical Emergency Unit is responsible for providing logistical support to Agency personnel and other law enforcement and emergency assistance organizations during times of civil disturbances, plane crashes, natural disasters, and similar circumstances requiring special-purpose equipment and trained specialists. The Unit maintains a fleet of special-purpose transport and tactical vehicles capable of operating under adverse conditions, which may be dispatched anywhere in the State when needed.

The State Police maintains trained K-9 teams throughout the State. The primary purpose of the trooper/K-9 teams is crime prevention and detection. All teams are trained in basic police procedures, and a number have received special

training in the detection of explosive substances, narcotics, and firearms. Bloodhounds are currently being obtained and trained.

The State Police maintains radio, teletype, and other forms of communication between its own installations and those of other law enforcement agencies within the State and participates in a national teletype system. The Electronic Services Division maintains communication equipment for State Police and allied State, federal, and local agencies. The Division maintains electronic devices, including VASCAR and RADAR for the State Police, and assists other agencies when equipment is of similar design.

The State Police operates a Police Academy for the training of its personnel. These facilities are available to all other law enforcement agencies throughout the State.

The Executive Protection Division provides security for the Governor, Lieutenant Governor, Attorney General, and Comptroller as required. To protect the safety of the legislative process, personnel are assigned when required.

The Intelligence Division is responsible for gathering information pertaining to organized crime, investigating violations of narcotics and dangerous drug laws, as well as gambling, bookmaking, and other crimes of vice.

The State Police Local Division provides police services as a result of a contractual agreement for a trooper(s) between the Superintendent, Maryland State Police, and the governing body of any county and/or Baltimore City. As a result of the entered into agreement(s), the State Police will act and take over all or a portion of a local police force for the county and/or municipality (Code 1957, Art. 88B, sec. 63).

The Department of State Planning was created by Chapter 155, Acts of 1969, and amended by Chapter 596, Acts of 1971, and Chapter 695, Acts of 1972, as the successor to the State Planning Department, established by Chapter 543, Acts of 1959. The predecessor agency had, in turn, replaced the Maryland State Planning Commission, established by Chapter 39, Acts of the Special Session of 1933.

The Department of State Planning functions as the Governor's staff agency in planning matters and prepares, recommends, and keeps up-to-date a balanced integrated program for the development and effective employment of the natural and other resources of the State in order to promote the health, safety, and general welfare of its citizens. The Department prepares the State's capital program and the annual capital budget. It also cooperates with, and provides planning assistance to, county, municipal, and other local governments, instrumentalities, or planning agencies and serves as the applicant and supervisory agency for the U. S. Department of Housing and Urban Development's Comprehensive Planning Assistance grants under Section 701 of the Housing Act of 1954, as amended.

A research group has as its primary purpose the compilation of basic socio-economic data relating to the State of Maryland and its political subdivisions on a common basis useful to all State agencies.

By Chapter 155, Acts of 1969, the Department acquired added responsibilities. These include the coordination of plans and programs of all State departments, agencies, and instrumentalities; the coordination of State programs with those of the federal government; the comprehensive analysis and evaluation of capital plans and programs of the State departments, agencies, commissions, and instrumentalities; and the review and analysis of all federal grants, loans, or services of any type whatsoever available to the State, including an analysis of the impact on the State of existing and proposed future federal programs. The Department also advises the Governor as to the means available to coor-

dinate the plans and programs of federal, State, local, regional, metropolitan, county, and municipal governments in order to avoid duplication and conflict.

The Department's existing authority to guide and to direct the State developmental planning process was expanded by Chapter 291, Acts of 1974, by placing new legal requirements on both the local subdivisions and the State. Effective July 1, 1974, the local subdivisions of Maryland are required to determine, to designate, and to recommend areas of Critical State Concern as a part of their comprehensive plans and to submit such recommendations to the Secretary of State Planning. After consultation with the local subdivisions and considerations of the areas recommended, the Secretary of State Planning must make final determination of areas to be designated as being of Critical State Concern and include such determinations as a part of the State Development Plan. Additionally, the Secretary is empowered to identify areas of Critical State Concern and has established guidelines for use by the local jurisdictions in making their recommendations.

Other new or expanded powers of the Department of State Planning include the authority to expand the Department's functions as the State's clearinghouse to include review and analysis of State grants to local governments; the authority to establish and to recommend a statewide referencing system for all basic planning data for use by all units of State and local government; the right to intervene in, and become a party to, any administrative, judicial, or other proceeding in the State concerning land use, development, or construction; and the responsibility to establish a State depository for all government general, area, and functional plans prepared by State, regional, local, municipal, and interstate agencies. Each entity is required to submit such plans to the Department of State Planning as they are promulgated.

The State Intergovernmental Assistance Clearinghouse is responsible for coordinating the review of approximately 200 federal grants-in-aid programs, directing Federal Development projects in the State, and drafting Environmental Impact Statements pursuant to the provisions of the Intergovernmental Cooperation Act of 1968 as implemented by Office of Management and Budget Circular A-95. All applicants for federal aid under the specified programs must first submit to the State Clearinghouse a Notification of Intent to Apply for Federal Aid. This notification is forwarded to appropriate State, regional, and local government agencies for review and comment. It is checked to assure consistency with comprehensive State, regional, and local plans, to review its environmental impact, and to eliminate duplication and conflict thereby increasing the effectiveness and value received from the expenditure of resources. The Clearinghouse is also designated as the State Central Information Reception Agency and receives all information from federal agencies on grants made within the State. This information is compiled and distributed monthly and annually to interested officials and agencies of the State and its subdivisions. The Clearinghouse is responsible for coordinating the review and analysis of State grants to local governments, such as Program Open Space, Water/Sewage, and proposed nominations to the National Register of Historic Places. The Clearinghouse has been designated by federal regulatory agencies as the focal point in regards to requests for, or the dissemination of, information from those agencies, e.g. railroad abandonments, licensing of nuclear power plants, and public hearings. The Clearinghouse is also responsible for maintaining an inventory of all federal and State owned land in the State and for coordinating changes in use and disposal of all excess State and surplus federal property.

The Catalog of State Assistance Programs provides information on State grants, loans, and services available to State and local agencies and the general public, including: type of assistance; the administering State agency; eligibility requirements; and application procedures. Updated annually, the catalog may be obtained through the State Clearinghouse, Department of State Planning.

## STATE PLANNING COMMISSION

The State Planning Commission constitutes an Advisory Board for the Department of State Planning. The Commission consists of nine members, each serving four-year terms. Seven members representing the public are appointed by the Governor. Membership also includes an ex-

ficio member of the State Senate appointed by the President of the Senate and an ex officio member of the House of Delegates appointed by the Speaker. Members are selected as far as possible to reflect different broad geographic, economic, and social interests in the State. The chairperson of the Commission is designated by the Governor.

The State Planning Commission advises and reports to the Secretary of State Planning on all matters submitted to it by the Secretary, such as the State Development Plan. It may also consider current operations and activities of the Department, the needs of the State for further development, the establishment of regional or metropolitan planning areas, the effectiveness of the Department and its planning activities, and the public awareness and understanding of the objectives and functions of State and local planning. The Commission may establish such subcommittees as may be necessary, and may with the approval of the Secretary of State Planning hold private or public hearings and sponsor public forums in any part of the State whenever it deems it necessary or useful in connection with its advisory functions (Code 1957, Art. 88C, secs. 1-11).

The Regional Planning Council was created by Chapter 753, Acts of 1963, as the official successor to the Baltimore Regional Planning Council, which was terminated in August 1964. The prior agency had been operating as an arm of the State Planning Department since 1956. By Chapter 7, Acts of 1967, the requirements for membership on the Council were changed so as to provide that a majority of the Council members must be elected officials. By Chapter 497, Acts of 1971, the Secretary of State Planning, the Secretary of

Transportation, the Secretary of Natural Resources, and the Secretary of Health and Mental Hygiene were made non-voting ex officio members of the Council. By Chapter 699, Acts of 1975, the Council also includes a representative of a municipal corporation within the regional planning area appointed by the Governor on the advice of the chief executives of all the municipalities in the area.

By Executive Order on February 7, 1972, the Governor assigned the Regional Planning Council to the Department of State Planning for certain administrative matters. Basic responsibility for policy, direction, and operations remains with the membership of the Council.

The Council's area of jurisdiction covers all of Baltimore City and Anne Arundel, Baltimore, Carroll, Harford, and Howard counties, and encompasses an area of 2,259 square miles. The 1970 Census shows that this metropolitan area has a population of 2,070,670. The Regional Planning Council is in effect a council of local governments with State participation. Its voting membership of twenty-three persons consists of three representatives from each of these six-member jurisdictions, a member of the State Senate, a member of the House of Delegates, an elected municipal official, and two members-at-large. The last five members are appointed by the Governor. Of the three members from each of the six jurisdictions the following are members: the Mayor of the City of Baltimore, the County Executives of Baltimore, Anne Arundel, Harford, and Howard counties, the President of the Baltimore City Council, the Chairperson of the County Council in Baltimore, Anne Arundel, Harford, and Howard counties, the President and a member of the Board of County Commissioners from Carroll County, and a member of the Planning Commissions or Advisory Boards of each of the six-member jurisdictions. The elected officials representing the six-member political subdivisions have the right to designate an alternate to act in their absence.

The Regional Planning Council provides an opportunity for its member governmental units to work together with the State in dealing with common problems and planning for the future development of the region.

By law, the Council is required to reexamine, revise if necessary, readopt, and republish the General Development Plan for the region every five years, with the next revision scheduled in 1982. Criminal justice, transportation, housing, recreation, water/sewer, solid waste, and environ-

mental planning are all facets of the Regional Planning Council program. The Regional Planning Council's work also encompasses socio-economic analysis and evaluation of regional problems and opportunities. Housing, manpower training, job placement, regional economy, and coordination of statistical data resources are included (Code 1957, Art. 78D).

the Special Session of 1956 (Code 1957, Article 89B, secs. 141-162A).

Currently, the facilities handle more than 54,800,000 toll transactions annually and produce revenue of more than \$46,000,000, which is utilized for debt service after deduction of maintenance and operating costs.

The administrative offices and the maintenance bureaus of these facilities are centralized in the Administration Building, which is part of a sixth major toll facility, the Francis Scott Key Bridge over Baltimore's outer harbor. The Francis Scott Key Memorial Bridge was completed in 1976. The facility connects Sollers Point in Baltimore County with Hawkins Point in Baltimore City. It also completes the length of the Baltimore Beltway.

The William Preston Lane, Jr., Memorial Bridge is one of the largest over-water structures in the world. It spans 4.35 miles of the Chesapeake Bay between Sandy Point on the Western Shore to a point near Stevensville on the Eastern Shore. The traffic lanes between the suspension towers are 2,922-1/2 feet in length and 198-1/2 feet above the Bay to a total height of 354 feet. This bridge was opened to traffic on July 30, 1952. It is located on two principal motor arteries, U.S. 301 and U.S. 50. At the request of the General Assembly, the State Roads Commission renamed the Chesapeake Bay Toll Bridge the William Preston Lane, Jr., Memorial Bridge in 1967 (Res. No. 21, Acts of 1967).

On October 1, 1968, Bridge and Tunnel Revenue Bonds were issued to provide funds for the cost of constructing an additional bridge across the Chesapeake Bay, the cost of constructing a crossing of the Patapsco River from Hawkins Point to Sparrows Point, and the cost of constructing a connection between U.S. Route 1 and Interstate Route 95 near Elkridge.

On June 28, 1973, the parallel Bay Bridge was opened to traffic. In conjunction with this, the existing toll plaza was widened from six to ten lanes and the Administration Building and maintenance facilities were enlarged.

The Susquehanna River Toll Bridge spans the Susquehanna River from a point near Perryville in Cecil County to a point near Havre de Grace in Harford County. It is 7,613 feet long and was opened to traffic on August 28, 1940.

The Potomac River Toll Bridge in Charles County was opened to traffic in 1940. It is on

U.S. 301. The State Roads Commission redesignated the Potomac River Toll Bridge as the Gov. Harry W. Nice Memorial Bridge in 1967.

The Harbor Tunnel Thruway, opened to traffic on November 30, 1957, provides a north-south bypass of the City of Baltimore.

The John F. Kennedy Memorial Highway (formerly the Northeastern Expressway) was constructed with revenue bond proceeds authorized by Chapter 1, Acts of the Special Session of 1956 (Code 1957, Article 89B, secs. 141-162A). This toll road, which is a part of Interstate Route 95, was opened to traffic on November 14, 1963. Its forty-two miles extend from the Delaware State line to White Marsh, north of Baltimore. Combined with the New Jersey Turnpike, the Delaware River Bridge, the Delaware Turnpike, and the Patapsco (Baltimore Harbor Tunnel), this highway is an integral segment of the major north-south traffic facility along the East Coast.

The administrative offices of the John F. Kennedy Memorial Highway are located at the Perryville Plaza Barrier where tolls for through traffic are collected (Code Transportation Article, secs. 4-101 through 4-404).

By Chapter 526, Acts of 1970, the State Roads Commission became a part of the Department of Transportation, its name was changed to the State Highway Administration, and the title of Director of Highways was changed to State Highway Administrator (Code Transportation Article, secs. 8-101 through 8-812).

The State Roads Commission continues with the authority and function vested in it by Article III, Section 40B, of the Constitution, specifically the acquisition by condemnation proceedings of property needed for highway purposes. Except for this specific power granted by the Maryland Constitution and legislation adopted pursuant thereto, all previous powers and functions were by Chapter 526, Acts of 1970, transferred to the State Highway Administration and the Maryland Transportation Authority.

The State Roads Commission consists of eight members appointed by the Secretary of Transportation with the approval of the Governor for four-year terms. Seven members are referred to as Regional Commissioners. One member is appointed from the Eastern Shore; one from Anne Arundel, Calvert, Charles, or St. Mary's County; one from Allegany, Carroll, Frederick, Garrett, or Washington County; one from Montgomery County; one from Prince George's County; one from Baltimore, Harford, or Howard County; and one from the City of Baltimore. These members serve part time. The chairperson, who is also the State Highway Administrator, is appointed by the Secretary of Transportation with the approval of the Governor and serves at the pleasure of the Secretary. At least two of the regional members must belong to whichever of the two leading political parties in the State is not the party of the Governor (Code Transportation Article, secs. 8-210 through 8-218).

The basic function of the State Highway Administration is to construct and maintain an adequate State highway system. The State Highway Administration also maintains, constructs, and administers the road system of six of the twenty-three counties of the State. These counties are Cecil, Kent, Talbot, Calvert, Charles, and St. Mary's.

The Administration's main offices are located in Baltimore. For operational purposes, however, the State is divided into seven engineering districts.

The Maryland Port Administration was created on July 1, 1971, as a part of the Maryland Department of Transportation, succeeding the Maryland Port Authority, a semiautonomous State agency established by Chapter 2, Acts of the Special Session of 1956. It adopted its present name by Chapter 526, Acts of 1970, which provided for the transfer of the rights, duties, powers, and obligations of the Authority to the Administration. Not included are those powers and duties that were transferred to the Maryland Transportation Authority.

The Administration endeavors to promote and increase waterborne commerce in Maryland. To this end the Administration maintains field offices in Pittsburgh, Chicago, New York, Brussels, London, Tokyo, and Hong Kong, as well as in Baltimore.

When the Administration's predecessor agency was created in 1956, the primary objective of the General Assembly was to improve the facilities and strengthen the workings of the private operator. If private facilities were found inadequate, however, or inadequately operated at any time, the Authority was empowered to construct, and if necessary operate, supplementary public facilities (Code Transportation Article, secs. 6-101 through 6-502). This power was transferred to the Administration in 1970.

From 1956 through fiscal year 1973, the Maryland Port Administration invested some \$108,000,000 in modernizing and constructing international general cargo facilities in the port of Baltimore and expended another \$2,000,000 in new port facilities at Cambridge and Crisfield on Maryland's Eastern Shore.

## MOTOR VEHICLE ADMINISTRATION

William T. S. Bricker, *Acting Administrator*

6601 Ritchie Highway  
Glen Burnie 21062

Telephone: 768-7000

The Office of the Commissioner of Motor Vehicles was established by Chapter 207, Acts of 1910. The Legislature changed this title to the Department of Motor Vehicles by Chapter 1007, Acts of 1943. By Chapter 526, Acts of 1970, the Department was placed within the Maryland Department of Transportation and became the Motor Vehicle Administration (Code Transportation Article, secs. 12-101 through 12-209).

## OPERATIONS

Charles F. Pfaff, *Deputy Administrator*

## DIVISION OF CONSUMER SERVICES

Nance Stamboni, *Director*

This Division is responsible for licensing motor vehicle dealers, manufacturers, wreckers and scrap processors, professional driving schools, and title service agents. The Division also ensures that each school bus is inspected for safety three times a year. With the powers of licensing and investigation, the Division ensures that dealers and others in the automotive business honor their agreements and warranties. Consumer complaints are handled by this Division.

## DIVISION OF VEHICLE REGISTRATION

Donald W. Harrison, *Director*

This Division is responsible for titling and registering all passenger and commercial vehicles in Maryland. The Division also collects the five percent excise tax imposed on vehicles titled in the state, the annual registration fees, and issues registration tags.

## DIVISION OF DRIVER EXAMINATION AND LICENSING

Lt. Col. Arthur McCormick, *Director*

The Division of Driver Examination and Licensing is responsible for conducting examinations of all new drivers and renewing motor vehicle operators' licenses.

Examinations include testing of the applicant's visual acuity, knowledge of motor vehicle laws, and the ability to operate a motor vehicle safely.

Maryland licenses are now classified according to the type of vehicle the driver will operate and

are designated A, B, C, D, and E. Any class license will authorize the licensee to operate vehicles in that particular class, except E, providing the licensee meets the age requirements of the several classes. The five classes are as follows:

Class A—Required to operate tractor-trailers; Class B—Required to operate trucks over 20,000 pounds gross weight; Class C—Required to operate buses; Class D—Required to operate automobiles, station wagons, and trucks up to 20,000 pounds gross weight; and Class E—Required to operate motorcycles.

Examinations are conducted at the Glen Burnie Headquarters and at the Regional Offices in Baltimore City, Chesapeake City, College Park, Cumberland, Forestville, Hagerstown, Rockville, Salisbury, and Waldorf. In addition, examining and licensing teams conduct driver examinations at fourteen other locations throughout the State. Three mobile van testing units are also used to conduct Class A, B, and C tests at large trucking, bus, or utility facilities, including fire departments and schools. These vans are equipped to enable the examiners to conduct vision screening, written law tests, and to collect and account for the applicable fees.

## DIVISION OF FIELD SERVICES

Clifton E. Lubert, *Director*

To make the Motor Vehicle Administration's services more accessible to Maryland residents, regional offices, in addition to the Glen Burnie headquarters, are located at: Salisbury, Cumberland, Hagerstown, Rockville, Forestville, College Park, Waldorf, Chesapeake City, and Baltimore City.

These branches offer a full range of services, including vehicle registration, license review hearings, driver rehabilitation clinics, title and driver record information, and tag sales. All offices except Baltimore City also conduct license testing.

## SUPPORT SERVICES

Thomas E. Widerman, *Deputy Administrator*

## DIVISION OF DEPARTMENTAL SERVICES

Richard Streif, *Director*

This Division encompasses a variety of supporting activities necessary to the overall functioning of the Motor Vehicle Administration. It includes the Communications, Print Shop, and the Mail sections.

The Communications Section supplies law enforcement and other authorized agencies with motor vehicle information around-the-clock, seven days a week. Recently installed computerized equipment in this section now furnishes instant records on stolen vehicles nationwide.

### **DIVISION OF INVESTIGATIVE SERVICES**

Lt. Col. John Satterfield, *Director*

The Division of Investigative Services maintains a staff of investigators who secure the return of operators' licenses and tags from those drivers who have had their privileges revoked or suspended. These investigators also assist in determining whether or not unsafe drivers have been sufficiently rehabilitated. They also assist the Vehicle Registration Division in the regulation of automobile dealers, auto wreckers, and scrap processors in Maryland.

Another important duty is to retrieve automobile tags of uninsured motorists who fail to obtain automobile liability insurance when their policy has been terminated.

### **DIVISION OF VEHICLE AND DRIVER RECORDS**

Leroy A. Hall, *Director*

This Division's activities include the suspension, revocation, and restriction of driving privileges of those individuals not responsive to rehabilitation or who have committed extremely serious violations.

The Central License File and the Case History Files are located within this Division.

### **SAFETY RESPONSIBILITY**

John H. Calhoun, *Deputy Administrator*

### **DIVISION OF ADMINISTRATIVE ADJUDICATION**

Joseph Lupinek, *Director*

This Division consists of hearing officers who conduct administrative hearings to determine the

appropriate action that the Administration should take against errant drivers, business firms, and others that are licensed by this Administration and that have violated the laws pertaining to their operation in Maryland.

### **DIVISION OF FINANCIAL RESPONSIBILITY**

Agnes Stoicos, *Director*

The prime function of the Financial Responsibility Division is the enforcement of compulsory insurance. Under the compulsory insurance law, all Maryland licensed insurance companies are required to notify the Motor Vehicle Administration of cancellations or terminations of liability insurance policies as well as excluded drivers. This Division is required to maintain an active file with the names of all uninsured motorists required to recertify the statutory minimum motor vehicle liability requirements. Their failure to present the required evidence of insurance results in the suspension of vehicle tags.

In addition to the enforcement of the compulsory insurance law, this Division receives motor vehicle accident reports from motorists involved in accidents that have resulted in personal injury or property damage in excess of \$100 that have not been investigated by police authorities.

### **DIVISION OF DRIVER CONTROL**

Leonard W. Kestler, *Director*

This Division comprises the Driver Review and Reinstatement Section, the Driver Rehabilitation Section, and the Alcohol Safety and Action Program. The Rehabilitation Clinic was established in 1962 to improve the attitudes of problem drivers. It consists of four two-hour sessions held at Glen Burnie or the regional offices.

The Driver Review and Reinstatement Program was established to assist further in rehabilitating unsafe drivers and in identifying persons who demonstrate dangerous attitudes about driving. Based on hearings held for errant drivers, license reviewers recommend administrative action regarding an individual's driving privileges.

The Division is assisted by the Medical Advisory Board, which consists of twenty-five physicians appointed by the Motor Vehicle Administrator to advise him on the medical aspects of driver licensing. Whenever an individual's physical or mental condition may affect his

driving ability, the Administrator relies on the Board for professional guidance.

## STATE AVIATION ADMINISTRATION

The State Aviation Administration was created by Chapter 526, Acts of 1970, as a unit of the Department of Transportation, replacing the State Aviation Commission established by Chapter 318, Acts of 1939. It is responsible for developing and operating airports and for fostering and regulating aeronautical activity within the State. The Administrator is appointed by the Secretary of Transportation with the approval of the Governor and serves at the Secretary's pleasure.

Under Chapter 180, Acts of 1972, the operation of Baltimore-Washington International Airport, the State's major air carrier facility, was assigned to the State Aviation Administration. As authorized by this legislation, Baltimore-Washington International Airport was purchased from Baltimore City by the State of Maryland on July 26, 1972, for \$36,000,000. The same act abolished the Friendship International Airport Authority originally created by Chapter 529, Acts of 1970. In 1973 Governor Mandel issued an Executive Order changing the name from Friendship to Baltimore-Washington.

The State Aviation Administration inspects and licenses commercial airports, air schools, and air school instructors for safe operation and registers aircrafts and pilots. It fosters safety in aviation through its publications—the newsletter *Flight Plan*, a directory of Maryland airports, and a Maryland aeronautical chart—and through educational seminars for pilots and mechanics.

The Administration provides technical and financial assistance to airport sponsors and owners in the preparation of master plans and in improvements to facilities. Standardized runway markings are applied and maintained at airports throughout the State. A Maryland Aviation System Plan has been prepared in cooperation with the Planning and Development staff in the Secretary's Office and other State and local agencies (Code Transportation Article, secs. 5-101 through 5-1105).

The Administration also supervises the operation of the State-owned Glen L. Martin Airport in Baltimore County.

## BOARD OF AIRPORT ZONING APPEALS

*Chairperson:* Robert A. Sindall, Jr., 1980

*Appointed Members:* Leroy A. Kirby, Jr., 1983; Patricia K. Krehnbrink, 1983; Josephine Thanner, 1980; Jack C. Fisher, 1981; Sandra Tuvson, 1981; Edward A. Griffith, 1982; George E. Mills, 1982.

Telephone: 787-7263

This Board was created to help enforce the BWI Airport Noise Zone Regulations. These regulations establish a "noise zone" around BWI Airport, within which zone new land development is prohibited if it is incompatible with airport noise levels.

The Board of Airport Zoning Appeals, originally created by Chapter 450, Acts of 1968, had its membership altered and reconstituted by Chapter 443, Acts of 1976. The Board now consists of eight members appointed by the Governor with the advice of the Secretary of Transportation and the advice and consent of the Senate.

Three members of the Board must be residents of Anne Arundel County. Three members represent Baltimore County and two, including the Chairperson, represent areas in which a State-owned airport is not located. The Chairperson of the Board is designated by the Governor. Members serve four-year terms.

The Board is authorized and empowered to hear, decide, and grant specific variances from airport zoning regulations in cases of practical difficulty or unnecessary hardship (Code Transportation Article, sec. 5-506).

As the public transit arm of the Department, the Mass Transit Administration operates and maintains the public bus system and proceeds with the development and implementation of the Baltimore Region Rapid Transit System. These operational and developmental activities are conducted within the Mass Transit Administration's metropolitan service area, which encompasses Anne Arundel County, Baltimore City, and Baltimore County. In addition, the Mass Transit Administration administers a program to provide technical and financial assistance for the development or improvement of public transportation facilities in small urban areas throughout the State of Maryland.

Prior to its incorporation into the Department of Transportation in July of 1971, the Mass Transit Administration functioned as the Metropolitan Transit Authority, which was originally established by Chapter 160, Acts of 1969, succeeding a former Authority created by Chapter 670, Acts of 1961.

The Mass Transit Administration fleet, which numbers over 1,000 buses, travels in excess of 26 million miles a year throughout the metropolitan service area.

The Section A rapid transit system is the first segment of the Baltimore Region Rapid Transit System to be implemented. Section A extends

from Reisterstown Road Plaza to Charles Center (Code Transportation Article, secs. 7-101 through 7-706).

## GOVERNOR'S COMMITTEE TO PROMOTE EMPLOYMENT OF THE HANDICAPPED

*Chairperson:* Chester A. Troy, Sr.

Louise E. Kier, *Executive Secretary*

2100 Guilford Avenue  
Baltimore 21218 Telephone: 383-5285

The Governor's Committee to Promote Employment of the Handicapped was established by

the Governor in 1947 in response to a request by the President of the United States. The Governor appoints the chairperson and committee members, and all serve without compensation. Committee funds are used for the salary of the Executive Secretary, promotional materials, stationery, printing, postage, contest prizes, expansion of local programs, and conferences.

The Governor's Committee functions primarily as an educational and public relations instrument to create a public awareness of the problems faced by handicapped individuals in finding employment; to cooperate with all groups, public and private, in promoting services for the handicapped; and to initiate and promote programs to stimulate hiring the handicapped. Annual regional conferences are held, particularly in conjunction with National Employ the Handicapped Week.

To reach all sections of the State, twenty-four local committees have been organized, one in each county and one in Baltimore. The Governor's Committee acts as liaison between the President's Committee and local committees. To coordinate the program and to keep committees informed on State and national activities, a newsletter goes out to over 300 volunteer members in the State. The committee sponsors annual writing and poster contests among high school juniors and seniors as a means of arousing public awareness of the employment and rehabilitation programs for Maryland's disabled citizens. An annual awards program recognizes outstanding employees, citizens, and handicapped individuals in the State.

In 1968 the Governor's Committee cosponsored legislation resulting in a law and regulations which established standards of facilities for public buildings that are accessible to the handicapped. The Committee continuously disseminates information regarding the regulations and their enforcement, and has introduced new legislation on behalf of the handicapped.

The State Historical Records Advisory Board was appointed in 1976 by the Governor to carry out the national historical records program of the National Historical Publications and Records Commission. The program is a cooperative effort of the Commission, the State Records Coordinators, the Advisory Boards, and institutions and organizations throughout the country concerned with the records of the nation.

Through its national historical records program, the National Historical Publications and Records Commission encourages a greater effort at all levels of government and by private organizations to preserve and make available for use those records, generated in every facet of life, that further an understanding and appreciation of American history. In the public sector, these historical records document significant activities of State, county, municipal, and other units of government. In the private sector, historical records include manuscripts, personal papers, and family or corporate archives that are maintained by a variety of general repositories as well as materials in special collections relating to particular fields of study, including the arts, business, education, ethnic and minority groups, immigration, labor, politics, the professions, religion, science, urban affairs, and women. In addition to supporting projects relating directly to a body of records, the Commission may also support projects to promote cooperative efforts among institutions and organizations and to improve the knowledge, performance, and professional skills of those who work with historical records.

Records program grants are not intended to replace support from other sources for historical records projects; rather, they are intended to supplement and expand such projects throughout the country.

Further information is available in a pamphlet entitled *Guidelines and Procedures: Applications and Grants* available from the Office of the Coordinator.

The State Historical Records Coordinator is the State Archivist. The Advisory Board contains at least seven members, including the Coordinator who serves as the Chairperson. Members of the Board represent the archival and research institutions and organizations in the State and serve for three-year terms.

Harry F. Walker, *Deputy Director*

James F. Chmelik, *Assistant Director*

301 West Preston Street  
Baltimore 21201

Telephone: 383-5064

The Office on Aging was established by Chapter 261, Acts of 1975, as an independent agency to consolidate and coordinate all efforts concerned with the problems of older Marylanders. Its predecessor agency was the State Coordinating Commission on the Problems of the Aging created by Chapter 1, Acts of 1959. The name of this agency was changed to the Commission on the Aging by Chapter 595, Acts of 1971. In 1974, by Executive Order, the Governor established the Governor's Coordinating Office on Problems of the Aging. The creation of the Office on Aging as a cabinet-level agency resulted in the merger of the Commission on the Aging staff with the Governor's Coordinating Office on Problems of the Aging. The Commission on Aging was reassigned as both an advisory and policy-making board to the Director of the Office on Aging.

The Director of the Office on Aging is appointed by and responsible to the Governor. The Director's actions are subject to the advice, counsel, and approval of the Commission on Aging. The Office is divided into two divisions: the Community Services and Planning and Evaluation Division headed by the Deputy Director and the Administration Division headed by the Assistant Director.

In the Community Services and Planning and Evaluation Division are the program officer, the nutrition program officer, the senior aides program officer, the direct service projects coordi-

nator, special assignments coordinator, and supporting staff. They are responsible for administering the Title III and Title VII programs under the Older Americans Act, as well as the Senior Aides Program funded under a special grant from the National Council of Senior Citizens and CETA, and other special projects. This division also includes the following services and programs: Life Support, Legal Services, and Public Guardianship.

The Planning and Evaluation Unit within this division works on both federal and state planning and evaluation requirements, assists with preparing legislation, and provides assistance for program staff and grantees.

The Administration Division includes the fiscal and personnel services, information services, housing services, legislative advocate, nursing home advocate, and various support staff members. Fiscal services is responsible for the budget, fiscal planning, fiscal grants management, accounting, and office personnel management. Information services handles planned programs of communication as well as voluntary reporting on aging issues, programs, and services within the state. Public education involves working with the elderly and general population in fostering a positive approach towards the aging process. The public information unit works directly with senior citizen groups and on behalf of individuals in handling specific aged-related concerns. The legislative advocate works as a liaison officer with community-based agencies, other state departments, and the General Assembly. Complaints about nursing home practices are received and acted upon by the nursing home advocate in accordance with Chapter 857, Acts of 1975. The housing unit has authority by Chapter 143, Acts of 1976, to develop guidelines and standards for sheltered housing for the elderly, which will serve to govern certification of such housing in Maryland.

The Office on Aging coordinates, assesses, and evaluates all state and local programs and services, both public and private, insofar as they relate and are important to the well-being of the state's aged. The Office on Aging administers programs and activities delegated by the federal government to the state under the provisions of the Older Americans Act of 1965, as amended; provides leadership in bringing about changes in the law beneficial to the elderly; investigates complaints concerning the operations of nursing homes (Chapter 857, Acts of 1975); engages in training activities for, and provides consultative and technical assistance to, local units and

agencies conducting programs for the aged; and under Chapter 143, Acts of 1976, develops, certifies, and assists in the operation of sheltered housing for the elderly. The Office on Aging carries out its responsibilities to meet the problems and needs of older persons by encouraging independent living through legislation and programs that effect income security, housing, transportation, nutrition, employment, and other services. It also minimizes institutionalization for those who are disabled by encouraging community-based services designed to meet their needs, which include day care, community home care, and geriatric evaluation services. Finally, it assures a dignified level of living for the institutionalized elderly through life enrichment activities.

### THE COMMISSION ON AGING

The Commission on Aging consists of thirteen members appointed by the Governor. Each member serves a four-year term and may serve a maximum of two consecutive terms. One Commissioner must be a member of the Senate and one a member of the House of Delegates. The remaining eleven members are selected to reflect geographical representation and because of their interest in the problems of the aging. Of the thirteen members, no less than seven must be fifty-five years of age or over (Code 1957, Art. 70B).

### STATE DEPARTMENT OF ASSESSMENTS AND TAXATION

*Director:* William L. Shoemaker

Michael S. Silver, *Administrator, Maryland Property Tax Assessment Appeals Boards*, 1982

Baltimore 21201

Telephone: 383-2526

By Chapter 757, Acts of 1959, the General Assembly created the State Department of Assessments and Taxation. The same legislation also created the Maryland Tax Court, thereby separating the administrative from the quasi-judicial appeal responsibilities of the State Tax Commission, the agency that was replaced by the Department and the Court. The Commission had been established by Chapter 841, Acts of 1914, and had replaced the office of the State Tax Commissioner, created by Chapter 178, Acts of 1878.

The head of the State Department of Assessments and Taxation is the Director, who is appointed by the Governor and who holds office thereafter under the Merit System.

The Director is charged with the duty of administering and enforcing the property assessment and property tax laws of Maryland and each county and city thereof, in accordance with the provisions of Article 81. Specifically, this includes the responsibility to supervise the assessment of all property in the counties and cities to the end that all taxable property is entered upon the assessment rolls and equalized between persons, firms, and corporations so that all will be assessed alike for like kind of property. The Director must establish a continuing method of assessment, requiring an annual review of each assessment of real and personal property, including operating property of railroads and public utilities. The Department is instructed to participate in any court proceedings wherein any assessment or taxation question is involved (Code 1957, Art. 81, sec. 232; Art. 41, sec. 318).

The Director must appoint a Supervisor of Assessments for each of the several counties and Baltimore City from a list of five qualified applicants submitted to the Department by the Mayor of Baltimore City, the County Commissioners, or where a charter form of government exists, by the County Council or the County Executive with the approval of the Council. Each Supervisor serves during good behavior, and may be relieved only after a hearing by the Department for incompetency or other cause.

The Department is designated custodian of domestic charters for Maryland corporations and of qualifications and registrations for foreign corporations. Appropriate fees are collected and the personalty of such corporations is assessed by the Department and the values are certified to the subdivisions for application of local tax rates and eventual collection of taxes.

The cadastral or property location maps are prepared by the Map Division. These maps, which delineate property boundaries, are the only available complete inventory of all land in the State. They are drawn to scale and are integrated into the State Grid System. They show ownership, sizes, references, and depict natural and man-made features. Aside from their public usefulness, they are an invaluable tool in making property assessments. Maps showing the different grades of soils, based upon agricultural capability, are in the process of being drawn for Maryland's agricultural acreage.

As directed by Chapter 784, Acts of 1973, the State Department of Assessments and Taxation assimilated all personnel and functions of the twenty-four local assessment offices. The State

completed its assumption of total responsibility on July 1, 1975, when the clerical employees of each office entered State service. The State has also provided for local Property Tax Assessment Appeal Boards in each subdivision. Each Board is comprised of three appointed members. Clerical assistance is provided by the Department.

The Maryland Automobile Insurance Fund (MAIF) was created by Chapter 73, Acts of 1972, to replace the Maryland Automobile Insurance Plan and the Unsatisfied Claim and Judgment Fund (UCJF).

By Chapter 241, Acts of 1976, the Fund is governed by an eleven-member Board of Trustees. The Chairperson of the Board is, ex officio, the Executive Director of the Maryland Automobile Insurance Fund. The Board was created to advise the Executive Director with respect to his exercise of the powers and duties conferred on him by this subtitle and to formulate policy for the Fund. The Executive Director is the administrative head of MAIF and is its chief executive officer. He is responsible for the exercise of all duties conferred on

the Fund, except those reserved to the Board of Trustees. The first Executive Director was appointed by the Governor and continues to serve at his pleasure. Future vacancies occurring in the office of the Executive Director will be filled by the Board of Trustees. The incumbent Executive Director cannot vote on the selection of his successor, and if the Board fails to agree on the successor the Governor shall appoint him.

Five members of the Board are appointed by the Governor with the advice and consent of the Senate and serve at his pleasure. Five members are appointed by the Board of Directors of the Industry Automobile Insurance Association in accordance with Article 48A, sec. 243M (Chapter 241, Acts of 1976).

The MAIF is not part of any department of the State government but is an independent body directly under the Governor. It performs two basic functions: one, to assume the role of the former UCJF and process and pay claims against uninsured motorists; and two, to sell policies of automobile liability insurance to those Maryland residents who have been rejected by at least two private insurers or who have had a policy of automobile liability insurance cancelled or non-renewed for any reason other than non-payment of premiums. With respect to the second function, MAIF acts as any private insurance company and is subject to regulation by the Insurance Commissioner.

Effective January 1, 1974, every owner of a motor vehicle registered in this State must maintain the basic required primary coverage of \$20,000/\$40,000 bodily injury, \$5,000 property damage, and \$2,500 economic loss coverage. The advent of such compulsory insurance should serve to reduce substantially the number of uninsured claims. However, it is not expected that they will disappear completely. There will be hit and run accidents, out-of-state uninsured drivers, and Marylanders who will not comply with the law. For that reason the UCJF function has been retained.

The MAIF receives no general funds from the State of Maryland and its assets are not part of the Treasury of the State. As a result MAIF is not subject to the normal budgetary review procedures. The reasons for this broad exemption were noted in oral testimony before the Committee. The testimony summarized the statutory operational environment that created (1) difficulty in estimating what personnel and other resources would be needed by MAIF in order to operate, and (2) the impossibility of accurately estimating

what amounts will be needed to pay claims and their allocated operational expenses.

The present assets of the MAIF are derived from four sources: (1) Monies collected from premiums and earnings from investments (Code 1957, Art. 48A, secs. 243-243L). (2) By virtue of Chapter 241 (1976), as amended by Chapter 364 (1978), each insurer authorized to write automobile liability and physical damage insurance in this State may be assessed up to 4% of its net direct written premiums. The MAIF Board of Trustees determines whether or not it will have a cash operating deficit on a projected basis. If so, MAIF certifies this amount to the Industry Automobile Insurance Association (I.A.I.A.), which represents the insurance industry in Maryland. I.A.I.A. collects the certified amount from its member companies and places it in a trust fund maintained within the State of Maryland for the use and benefit of MAIF. MAIF may apply to the trustees for the use of the funds only after it sustains an actual cash operating deficit during any calendar quarter in the year following its projected certified cash operating deficit. These statutes contain a recoupment mechanism whereby the I.A.I.A. member insurers may recoup the assessment from their individual insureds. Assessment monies may be used for the general purposes of the fund; however, premium and investment income may be used only for payment of claims and administrative expenses of the fund arising out of policies issued by the fund. The fund is required to keep separate records of income and expenses directly attributable to the processing and payment of uninsured claims. (3) The Uninsured Division (former UCJF) has the right of recovery (subrogation) against the uninsured motorist for those monies it expends as the result of the uninsured motorist's negligence. (4) Chapter 291, Acts of 1975, as amended by Chapter 499, Acts of 1966, and Chapter 346, Acts of 1978, authorizes the Motor Vehicle Administration to assess a penalty of up to \$100 against those motorists who operate a vehicle in Maryland without insurance. The Motor Vehicle Administration may deduct a fee of ten percent (10%) of the amount collected, and the balance is remitted to MAIF for the use of its Uninsured Division operation.

## OFFICE FOR CHILDREN AND YOUTH

*Director:* Tucky P. Heller

301 W. Preston Street, Suite 1502  
Baltimore 21201

Telephone: 383-2290

The Office for Children and Youth was created by Chapter 426, Acts of 1978. The basic purpose of the Office for Children and Youth is to coordinate programs, services, and plans for children and youth. The accomplishment of these purposes precludes operation of programs and services. Rather, it is to assist operating agencies, local governments, and organizations in carrying out their functions efficiently, economically, and effectively and to assist families and the general public in knowing and obtaining information about programs, services, and plans for children and youth. The Office consists of a Director, twenty-four local Children's Councils, and the State Advisory Committee for Children and Youth. Within the Office is the Youth Advisory Council, formerly associated with the Governor's Commission on Children and Youth, Department of Human Resources.

The Director for Children and Youth is appointed by and serves at the pleasure of the Governor and is directly responsible to him. Among other duties, the Director examines programs, services, and plans for children from birth through age eighteen to identify duplications, gaps in service delivery or inefficiencies, effectiveness of programs, resources, and unmet needs. In regard to children's programs and services, the Director secures and analyzes Departmental plans and budget requests, reviews Federal funds used by and available to the State, collates relevant Governor's Budget items, issues impact statements, and makes recommendations to the Governor and appropriate Department heads on planning and expenditures. The Director serves as liaison with Departments and local governments to coordinate services and to make the best use of existing resources to effect an efficient and systematic delivery of services. With representative local Children's Councils and other child advocacy groups, including parents, the Director receives advice on resources, needs, and priorities in different localities. In addition, the Director provides public information on children's services in the State, advises the legislature on the needs of children and their families, and prepares an annual report to the Governor and the public.

The Advisory Committee, appointed by the Governor, consists of the Secretary of Health and

Mental Hygiene, the Secretary of Human Resources, and the Superintendent of Education or their designees; one representative from each of the twenty-four local Children's Councils, and twelve appointed members. Of the members initially appointed twelve shall serve for a term of one year, twelve shall serve for a term of two years, and twelve shall serve for a term of three years. After the expiration of the initial terms, members are appointed for a term of three years. The Advisory Committee biennially reviews the operation of the Office to identify issues and priorities, and reports its findings to the Director.

Local Children's Councils exist in each county and in Baltimore City. Each Council is appointed by the chief executive officer of that subdivision and includes representatives of the local departments of health, education, social services and juvenile services, and members appointed at large. One-half of the members initially appointed serve for two-year terms; the remainder serve for three-year terms. After the expiration of the initial terms members are appointed for three-year terms. Within their jurisdictions, the Children's Councils examine programs, services, and plans for children; secure and analyze Departmental plans and budget requests affecting children's programs and services; review the use and availability of Federal funds; identify, document, and communicate the needs, resources, and priorities to the local chief executive and to the Director of the Office for Children and Youth; and provide public information on children's programs and services.

The State Board for Community Colleges was established by Chapter 454, Acts of 1968, to coordinate the community colleges in the State. Until July 1, 1969, the Board served as an advisory board to the State Board of Education with respect to the operation, promotion, and functions of the community colleges. After July 1, 1969, the Board assumed its statutory duties.

The Board consists of eight members. Seven members are appointed by the Governor with the advice and consent of the Senate for six-year terms. One member must be a student member appointed by the Governor upon the recommendation of the Community College Presidents, with the advice and consent of the Senate for a one-year term of office (Chapter 537, Acts of 1973). Members of the Board must be appointed for their interest in civic and public affairs and for their knowledge and perception in educational matters. The Board selects its own officers and employees.

The same Act provided that local boards of education sponsoring community colleges could request of the Governor that they be divested of authority, which authority would then be vested in separate local boards of community college trustees. Chapter 538 of the Acts of 1976, maintains existing boards of trustees, and authorizes the Governor to establish, upon petition of the respective counties, boards of trustees where no community colleges currently exist, upon approval of the State Board for Higher Education acting upon the recommendation of the State Board for Community Colleges. All local boards of trustees are appointed by the Governor, except in Baltimore City where appointments are made by the Mayor and City Council.

The State Board for Community Colleges establishes general policies for the operation of the State's community colleges. In addition, it conducts studies on the problems of community college education, assists the colleges in providing expert professional advice in all areas of their activities, reviews and advises upon all curriculum proposals for newly established community colleges and for proposed major additions to or modifications of programs in existing community colleges, and recommends, reviews, and advises upon proposals for the establishment of new community colleges. The Board also coordinates relationships among the community colleges to assure the widest possible educational opportunities for the students of the State and the most efficient use of funds, facilitates the transfer of students between the community colleges and the University of Maryland, the State colleges, and

other institutions of higher education; coordinates relationships between the community colleges and the State and local public school systems and the private high schools in order to facilitate cooperation with them in guidance and admission of students to the community colleges, and arranges for the most advantageous use of facilities. The Board establishes and maintains a system of information and accounting of community college activities; provides grants-in-aid for the prompt and adequate planning of new colleges and new programs in existing colleges; administers the State's program of support for the community colleges; assists and represents the community colleges in seeking and administering Federal funds available to them; assists the State Board for Higher Education in the performance of its duties as they pertain to community colleges and in its preparation of plans and recommendations for the establishment and location of new facilities and programs relating to community colleges.

During fiscal year 1979 there were fifteen community colleges and two regional community colleges in operation. In addition, a full branch campus in Carroll County was operated under contract with Catonsville Community College. Through the various programs and course offerings at the colleges, a total of 84,887 students were served.

The State Board for Community Colleges submits an annual report in January of each year to the Governor and the members of the General Assembly that includes a summary of the Board's major activities for the preceding year together with a financial statement and other statistical data pertaining to the community colleges. The Board also publishes a brochure for distribution throughout the State entitled "Educational Opportunities in Maryland Community Colleges — A Guide for Students and Counselors." This brochure provides prospective college students with information concerning curricula offered at the colleges. A monthly newsletter, the *SBCC Bulletin*, is distributed to the colleges and State officials. Other reports are published as required (Code 1978, Education Article, Title 16).

The Criminal Justice Information Advisory Board was created by Chapter 239, Acts of 1976. For budgetary and administrative purposes only the Board is within the Department of Public Safety and Correctional Services. The Board consists of a member of the Senate appointed by the President, a member of the House of Delegates appointed by the Speaker, the Executive Director of the Governor's Commission on Law Enforcement and Administration of Justice who serves ex officio, three persons from the Judicial Branch of the State government appointed by the Chief Judge of the Court of Appeals, the Secretary of Public Safety and Correctional Services, who serves ex officio, two executive officials of police agencies, one executive official from a correctional services agency, two elected county officials, the Attorney General of Maryland who serves ex officio, one elected municipal official, one State's Attorney, and one public member, all appointed by the Governor for three-year terms. The Governor designates the chairperson.

The Board advises the Secretary of the Department of Public Safety and Correctional Services and the Chief Judge of the Court of Appeals on matters pertaining to the development, operation, and maintenance of the Criminal Justice Information System as it relates to the security and privacy of criminal history record information. The Board monitors the System; recommends procedures and methods for the use of criminal history record information for research, evaluation, and statistical analysis of criminal activity; recommends legislation necessary to implement, operate, and maintain the System; and reports annually to the Governor and the General Assembly on the development and operation of the System.

The Secretary of the Department of Public Safety and Correctional Services and the Chief Judge of the Court of Appeals adopt rules and regulations for the establishment, operation, and maintenance of the System. These rules and regulations include those governing the collection, reporting, and dissemination of criminal history record information by the courts and all other criminal justice agencies; those necessary to insure the security of the system and all criminal history record information; those governing the dissemination of criminal history record information

consistent with Federal law and regulations; those governing procedures for inspecting and challenging criminal history record information; and those governing the auditing of criminal justice agencies to insure that criminal history record information is accurate and complete and is disseminated in accordance with provisions of the legislation.

The System's central repository is used for the collection, storage, and dissemination of criminal history record information. It is operated by the Maryland State Police.

The Act provides that every criminal justice agency report criminal history record information to the central repository and establish time requirements for reporting various types of information and reporting methods that may be used. The Secretary of the Department of Public Safety and Correctional Services and the Chief Judge of the Court of Appeals may determine the events to be reported by each criminal justice agency to avoid duplication in reporting.

Regarding the rights of inspection and challenge, a person may inspect criminal history record information maintained by a criminal justice agency concerning him or her. The person may challenge the completeness, contents, accuracy, or dissemination of such information by giving written notice of the challenge to the central repository and the agency where the information was inspected if other than the central repository. The central repository will conduct an audit of that part of the person's criminal history record information necessary to determine the accuracy of the challenge. The central repository will notify the person of the results of its audit within ninety days after receipt of the notice of challenge. If it is determined that the challenge is valid, the central repository will correct its records and notify any criminal justice agency that has custody of the information. If the criminal justice agency has disseminated the information, it will notify the agency or person to whom the information was disseminated.

If the challenge is denied, the central repository will give written notice of the denial to any agency with which a copy of the challenge was filed. A person may not inspect any criminal history record information if the information or any part of it is relevant to a pending criminal proceeding. The Secretary of the Department of Public Safety and the Court of Appeals adopt appropriate rules and procedures for administrative appeals from decisions by criminal justice agencies denying the right of inspection of or challenges made to criminal history record information. A person aggrieved by a decision of any administrative appeal

including the central repository and the criminal justice agency may seek judicial review in accordance with the Administrative Procedure Act and the Maryland Rules.

Some portions of the legislation became effective July 1, 1976. These included the portions dealing with the creation of the Advisory Board; the rule-making authority of the Secretary of the Department of Public Safety, the Court of Appeals, and the Chief Judge; and the right of individual inspection, challenge, and appeal (when the right of inspection or challenge is denied).

The remaining portions of the legislation became effective December 31, 1977. These included mandatory reporting requirements of criminal justice agencies to the Central Repository; limits on dissemination; security requirements; and auditing and quality control requirements (Code 1957, Art. 27, secs. 742-755).

A centralized administration of the Maryland public schools was attempted in 1865, but the General Assembly did not establish the State Board of Education until 1870 (Ch. 311, Acts of 1870). The Board, composed of nine members appointed by the Governor for staggered five-year terms, makes policy for the public school system and passes the bylaws and regulations that govern it (Code Education Article, secs. 2-101 through 2-205).

The State Board of Education appoints the State Superintendent of Schools for a four-year term. He directs the State Department of Education and executes the policy and enforces the regulations adopted by the Board (Code Education Article, secs. 2-301 through 2-303). The State Department of Education consists of the State Superintendent of Schools and the professional staff employed by the Board to assist him. The State Committee on the School Bus Formula, created by Chapter 873, Acts of 1977, advises the State Board on reimbursement elements in the school bus reimbursement formula. The organization of the Department is as follows:

## DIVISION OF ADMINISTRATION

The Division of Administration is responsible for the development and implementation of MSDE policies, procedures, and systems relative to administrative operations in such areas as Personnel Services, Information Systems, Grants and Contracts Administration, and General Services, as well as the operational activities of pupil transportation and school food services.

## DIVISION OF CERTIFICATION AND ACCREDITATION

The Division of Certification and Accreditation is responsible for both regulatory and administra-

tive functions relating to the certification of teachers and the accreditation of nonpublic schools.

The Division issues certificates to teachers in the public, nonpublic, and independent schools and various other institutions of the state. It has the responsibility for the initial certification, renewal, and upgrading of certificates for educational personnel at all levels, kindergarten through grade 12. In addition, the Division interprets certification standards and administers interstate reciprocity in certification of teachers. The Division also provides an advisory and consultative service on school staffing.

The Division evaluates teacher education programs offered by the colleges and universities in the State and provides consultative services for the improvement of such programs.

The Division interprets and implements State statute and State Board of Education bylaws relating to the approval of all levels of nonpublic education from nursery school through secondary school. Certificates of approval are issued to approved schools.

The Division administers the testing program that leads to the attainment of the Maryland High School Diploma. The Division processes applications, arranges for test sites, test administration, scoring, reports of test results, and issuance of diplomas to successful candidates.

## DIVISION OF COMPENSATORY, URBAN, AND SUPPLEMENTARY PROGRAMS

The Division of Compensatory, Urban, and Supplementary Programs is responsible for the administration and supervision of federal and state programs concerned with improving the educational development of economically and socially deprived children. The primary function of the Division is to coordinate the state leadership and administrative responsibilities of these programs so as to provide maximum support and supplementary services to the local school systems of the State of Maryland.

The array of federal educational programs necessitates coordination at the State Department level to insure that these supplementary services may achieve the purposes of the legislation and benefit to the greatest degree the school children of Maryland.

## DIVISION OF INSTRUCTION

The Division of Instruction is responsible for the development and recommendation to the State Superintendent of policy guidelines for programs and services in elementary and secondary schools; to include curriculum and adult continuing education in all public schools and State agency educational programs; to conduct evaluation of education programs to include the accountability program; to insure the implementation of such policies, guidelines, programs, and services through staff development, program audits, and supervision; to conduct conferences of personnel of the county school systems on matters relating to content, needs, and improvements of schools; to prepare and publish pamphlets to stimulate public interest, promote the work of education, and foster professional insight and efficiency in teachers; and to work cooperatively with the State Department of Health and Mental Hygiene in developing public standards and guidelines for school health programs.

The Education Commission of the States operates under the provisions of the Compact for Education, which Maryland ratified by Chapter 128, Acts of 1966. The Commission was created to establish and maintain close cooperation and understanding among the executive, legislative, professional educational, and lay leadership on a nationwide basis at the State and local levels. It also informs political and educational leaders of current trends and ideas in education, as well as provides a forum for the discussion, development, crystallization, and recommendation of public policy alternatives in the field of education. In addition, the Commission provides a clearinghouse of information on matters relating to educational problems and how they are being met in different places throughout the United States, so that the executive and legislative branches of each State government and of the local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have addition-

al avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education. Maryland pays an annual fee of \$17,250 for its State membership assessment.

The same Act also created the Maryland Educational Council, which consists of seven members, of whom two are ex officio members and three are appointed by the Governor because of their interest in educational matters and who reflect the interests of the State government, higher education, the State educational system, and local education. Their terms coincide with those of the appointing Governor. The ex officio members are the Governor and the State Superintendent of Schools. The State Board for Higher Education was created by Chapter 538, Acts of 1976, to replace the Maryland Council for Higher Education, which originally was created by Chapter 41, Acts of 1963, as the Advisory Council on Higher Education.

The State Board consists of eleven lay members appointed by the Governor with the advice and consent of the Senate. Members serve five-year terms. Members are eligible for reappointment. However, no person may serve more than two full five-year terms. (Code Education Article, secs. 12, 17, 24, 25).

The Board is assisted by a Segmental Advisory Committee consisting of nine members appointed by the Governor. Of these nine members, one represents the University of Maryland Board of Regents; one represents the Morgan State University Board of Regents; two represent the Board of Trustees of the State Universities and Colleges; two represent the State Board for Community Colleges; two represent the private colleges and universities in the State; and one represents the postsecondary vocational-technical institutions in Maryland. These members serve two-year terms.

The State Board appoints a Commissioner for Higher Education who executes the policies adopted by the Board, directs the Board's staff, and serves as a member of the Governor's Executive Council. The Commissioner serves a four-year term and is eligible for reappointment.

The Board carries forth its broad responsibility for coordinating the overall growth and develop-

ment of postsecondary education through activities in the following functional areas:

## RESEARCH, PLANNING AND EVALUATION

The Board prepared a statewide master plan for postsecondary education in Maryland, which was adopted by the Board on July 6, 1978. The Board is required to update the plan annually. Each year the Board reviews for consistency with the overall plan the short-range and long-range goals and objectives of the State's various postsecondary education institutions and agencies. The Board also coordinates participation by the postsecondary education community in the State's Executive Planning Process. In accord with its broad planning responsibilities, the Board serves as the State Postsecondary Education Commission under Title XII of the Higher Education Act of 1965, as amended.

In support of its planning functions, the Board collects, compiles, analyzes, and disseminates data related to postsecondary education in the State. It develops and implements management tools and information systems to aid policy-makers at the State and institutional levels. In consultation with postsecondary education agencies and institutions, the Board conducts studies of educational needs in the State and the resources available to meet them. In order to encourage the effective and equitable use of resources for postsecondary education, the Board sets guidelines for tuition and fees and for faculty and administrative salaries. The Board also makes recommendations for improving the coordination and operation of student financial aid programs in the state, as well as recommendations about how State and Federal programs of support for higher education can be meshed for maximum benefit to the citizenry.

## FINANCE, FACILITIES AND PROGRAMS

In consultation with the Department of Budget and Fiscal Planning, the Board annually reviews and makes recommendations upon operating budget requests from the University of Maryland, Morgan State University, the Board of Trustees of the State Universities and Colleges, St. Mary's College, the State Board for Community Colleges, the State Scholarship Board, and the Higher Education Loan Corporation. On the basis of this review, a consolidated operating budget for higher education is developed for presentation to the Governor. In consultation with the Department

of State Planning, the Board also reviews proposals for capital projects requested by public and private institutions of higher education. This capital budget review function is facilitated by the Board's facilities inventorying efforts as well as by its other activities in the area of space planning utilization. In conjunction with its budget review responsibilities, the Board also administers the State's program of aid to private institutions of higher education.

The Board must approve all proposals for new programs and for major changes in existing programs in the State's public postsecondary institutions. It also reviews and makes recommendations about the continuation, modification, or duplication of programs currently in operation in public institutions and about programs offered by private institutions that receive State funds. In relationship to its program review and approval functions, the Board is charged with making recommendations to the Governor and the General Assembly about any name or governance change requested for a public institution of higher education.

In order to obtain maximum benefit from available educational resources, the Board encourages the development of cooperative programs among the State's public institutions. Policies for the transfer of students and the reciprocal acceptance of credits are also developed. In cooperation with the Southern Regional Education Board and with individual states, the Board pursues interstate approaches to meeting educational needs.

The Board engages in efforts aimed at improving cooperation between the Federal government and policy-makers at the State and institutional levels. It also serves as the administrative agency in the State for programs under Title I of the Higher Education Act of 1965, and Title IV, the Education Information Center Program. Title I provides higher education institutions in the State with opportunities for discretionary funding in the areas of community service and continuing education.

## ACCREDITATION

The State Board is responsible for the accreditation of all public and private institutions of postsecondary education operating in the State. Accreditation is awarded based on an institution's ability to meet standards developed by the Board. These standards prescribe the minimum requirements for the issuance of certificates, diplomas, and degrees. The Board must review and approve educational programs that enroll

veterans and war orphans in order for these students to become eligible for Federal financial benefits under Title 38 of the U.S. Code. The Board also engages in a variety of other activities aimed at enhancing the quality of postsecondary education in Maryland.

## EQUAL EDUCATIONAL OPPORTUNITY

The State Board for Higher Education is responsible for coordinating and monitoring the implementation of the *Maryland Plan for Completing the Desegregation of the Public Postsecondary Education Institutions in the States*. As part of its efforts to carry out this broad responsibility, the Board collects, compiles, analyzes, and disseminates data related to desegregation in the State. The results of these efforts are published each year in the form of an *Annual Desegregation Status Report*, which consists primarily of data collected by institutions and segment boards, and a *Midyear Desegregation Status Report*, which provides a narrative evaluation of desegregation activities throughout the State.

Through the use of Desegregation Impact Statements, the Board reviews all new degree programs and facilities for their potential effect on the State's desegregation efforts. The Board also conducts special studies on specific areas of concern, such as the retention and progression of students by race and the impact of academic program offerings on the racial composition of student enrollments.

The Board administers a variety of programs designed to enhance desegregation efforts. These include: the Other Race Grants Program for Graduate and Professional School Students, the Minority/Other Race Internship Program, the Central Placement Bureau, and the Faculty and Administrator Exchange Program. In cooperation with the Maryland State Department of Education, the Board also operates a program designed to improve guidance information for high school students. The Board attempts to increase minority and other race enrollment in graduate and professional schools by collecting and disseminating information about strategies useful in recruiting these students. All of the Board's desegregation activities are carried out in consultation and cooperation with the State's postsecondary education institutions and agencies.

## SPECIAL PROGRAMS AND COMMUNITY SERVICE

The Board maintains public awareness of activities in postsecondary education through the

publication of a newsletter entitled *Record*; through news releases to newspapers and to radio and television stations; and through the publication of numerous documents, including its *Admissions and Financial Aid Information* manual and *Directory of Public and Private Postsecondary Institutions*. The Board also proposes a legislative program addressing the concerns of the postsecondary education community. In order to benefit from the advice of students, faculty, and other groups in the State's postsecondary education community, the Board appoints advisory committees composed of faculty, students, and citizens to develop recommendations on specific areas of concern.

Three members of the State Board for Higher Education and the Commissioner for Higher Education serve on an Education Coordinating Committee, which is charged with responsibility for studying and making recommendations about matters of educational policy and administration that concern both higher education and elementary and secondary education. Through this mechanism, policies and activities at all levels of education are coordinated. The State Board for Higher Education and the State Department of Education furnish staff assistance to the Education Coordinating Committee.

The Commission reports to and is subject to the authority of the Commissioner of Higher Education. The Commission consists of eleven members appointed by the Governor with the advice and consent of the Senate. Staff service to the Commission is provided by the State Board for Higher Education.

The Fire-Rescue Education and Training Commission is responsible for developing standards for fire-rescue education programs and procedures

for the accreditation of instructors and schools involved in these programs. The Commission works with schools toward the standardization of course content and the reciprocal acceptance of course credits. The Commission develops and maintains a statewide master plan for the purpose of coordinating all emergency services training courses and activities in Maryland. In support of its other activities, the Commission collects and disseminates data and reviews research relevant to fire-rescue education. The Commission prepares an annual report that describes its activities and sets forth its recommendations for improvements in emergency services education. The Commission's activities are carried out in cooperation with the University of Maryland and other schools engaged in training fire-rescue personnel in the State (Code Education Article, sec. 12-113).

This Agency was created pursuant to Article 77, paragraph 56A, of the Annotated Code of Maryland for the purpose of raising the educational level of all people in Appalachian Maryland (Allegany, Garrett, and Washington counties) to better enable them to develop socially, culturally, and economically. This consortium of public education institutions had its beginnings in 1967 with the creation of a committee to examine the needs of education in the three counties and what might be done to meet these needs on a cooperative basis. One result was the creation of the Regional Education Project Office in 1970 to plan for a regional education service agency, an organizational concept recommended by the Appalachian Regional Commission. In 1971 the office was organized as a service agency under its present name, and in 1973 it became a separate administrative entity of government according to State law.

An advisory council of professionals from educational institutions, regional organizations, and State agencies concerned with human development meets the fourth Thursday of every month in joint session with the Board of Directors. This provides a forum and advisory body for the Board of Directors who can then take direct and immediate action.

The Agency is specifically organized and is operated for educational purposes, including but not

limited to the following: To foster cooperation among all educational institutions and organizations concerned with the needs of the people in the region; to establish goals, policies, and procedures for regional education projects; to plan, coordinate, and conduct regional educational projects; to promote the improvement of educational, scientific, and literary facilities and programs at and among participating institutions; and to organize and support an operational office to be governed by a Board of Directors responsible to public authorities.

One of the responsibilities of this Agency is to recommend to the State those plans, programs, and activities directed toward education's role in the development of the region according to the Appalachian Regional Development Act. These recommendations are the basis for funding operational and construction programs for education by the Appalachian Regional Commission through the State.

RESA is a voluntary cooperative in that member institutions determine the need and extent of regional programs and services. It is not an intermediate level of authority, and therefore no institution is required by vote or otherwise to participate in a particular program or service; however, member institutions have joined together in support of the purposes of RESA. Program development policies are generally directed toward projects that serve the needs of two or more counties, two or more institutions, or that may serve as a demonstration to others.

The Agency provides a basic staff to assist member institutions in identifying needs that might be met through regional programs or services. Based on Board policy the staff provides direct support and leadership for interagency/institutional liaison, project development and implementation, and project review and evaluation. In addition to the basic staff, regional staff from the Maryland Fire and Rescue Institute (University of Maryland) are housed in RESA, and on occasion temporary staff may be added to implement programs.

The operations of the Agency are partially funded through budget allocations of the signatory members. Supplemental funding for operations and programs come from federal and State sources, which includes the Appalachian Regional Development Act.

Thirteen other states have also ratified the Compact. The purpose of the Compact is to develop graduate, professional, and technical education in the South without unnecessary duplication. The Southern Regional Education Board is active in approximately twenty-five academic fields. It administers the regional education contracts through which states lacking schools in certain fields are able to secure training for their students at institutions operated either by other states or by private corporations. The Board also studies needs and resources in various academic fields and joins with universities in Memoranda of Agreement to plan the development of specific programs on a regional basis. The University of Maryland carries on the administrative work of the Board in Maryland (Code Education Article, Title 25). The Maryland representatives on the Board are the Governor and four other persons appointed by him.

The creation of the Governor's Salary Commission was proposed as a Constitutional Amendment by Chapter 543, Acts of 1976. As ratified by the voters at the general election of November 1976, the Commission consists of seven members. These include the State Treasurer and three appointments made by the President of the Senate and three by the Speaker of the House of Delegates. All members serve four-year terms. The Commission selects its own chairperson.

The Commission recommends to the General Assembly the salaries of the Governor and the Lieutenant Governor. This is presented in the form of a joint resolution and must be done no later than the fifteenth day of the regular session in 1978 and every fourth year thereafter. The General Assembly may endorse or reduce the Commission's recommendations, but may not increase the salaries proposed. Failure to adopt a joint resolution within fifty calendar days following its introduction results in adoption of the salaries recommended by the Commission. Salaries recommended by the Commission and endorsed by the Legislature go into effect at the beginning of the next term of the Governor. A failure of the Commission to provide salary recommendations to the Legislature results in no salary changes (Const. 1867, Art. II, secs. 1A, 21 and 21A).

The Office for the Coordination of Services to the Handicapped identifies, analyzes, and evaluates all programs and services for handicapped citizens in the State; systematically collects information to identify needs and gaps in services and programs; coordinates and supports public and private agencies, departments, and organizations that provide services and programs to the handicapped; and provides an information and referral service for such services and programs. The Commission was established by Chapter 559, Acts of 1927, which added a new Article 49-1 (now 49B) to the Annotated Code of Maryland. By the statute a permanent "Interracial Commission" was established to consider matters concerning the "welfare of colored people residing in the State... recommend legislation and sponsor movements looking to the welfare of said people, and to the improvement of interracial relations, and to cooperate with other State agencies to these ends." Subsequent amendments to Article 49B over the years changed the name of the Commission and expanded its authority and responsibilities.

The current Commission consists of nine members appointed by the Governor with the advice and consent of the Senate for six-year terms. The Commission designates one of its members as Chairperson. In the appointment of Commission members, consideration is given to representation from all areas of the State. A staff, currently consisting of 70 authorized positions, is employed to perform a variety of Commission activities.

The Commission formulates general policy and direction, acts upon programs and administrative proposals, conducts public meetings, and promotes Commission community presence and assistance. It is authorized to eliminate discrimination based on race, color, national origin, religious creed, sex, marital status, physical handicap, mental handicap, or age. The Commission is empowered to administer and enforce the Maryland Public Accommodations Law, Discrimination in Housing Law, and the Fair Employment Practices Law. By Chapter 153, Acts of 1969, the Commission was empowered to initiate complaints and investigate complaints of discrimination in State agencies. Through its staff, the Commission receives, investigates, and conciliates complaints that allege violation of these laws. The Commission has the power to conduct public hearings, administer oaths, issue subpoenas, and to compel the attendance, the testimony of witnesses, the production of books, papers, records, and documents relevant or necessary for proceeding under these laws and to dismiss complaints where evidence shows an absence of discriminatory acts or issue a cease and desist order if evidence shows that a respondent has engaged in a discriminatory act.

The Commission has the authority and power to make such surveys and studies concerning human relations, conditions, and problems as it may determine, and to promote in every way possible the betterment of human relations. The Commission is further directed to promote in every way possible the betterment of interracial relations, submit legislative and administrative recommendations to the Governor in the field of human relations, and to oversee compliance with the Code of Fair Practices as promulgated by the Governor.

The 1974 General Assembly made major amendments to the law. Discrimination in housing on the basis of marital status and sex was prohibited, and exceptions were provided with respect to the application of certain provisions in the Discrimination in Housing subtitle (Chapter 848). A second bill provided that it is unlawful for persons and organizations to discriminate in

certain employment practices against persons who are mentally or physically handicapped, to prohibit certain discriminatory activities against the physically or mentally handicapped in housing or obtaining loans on dwellings, and to make technical corrections to the language (Chapter 601). A parallel bill prohibited discriminatory activities in public accommodations, employment, and housing because of marital status or physical or mental handicaps relating generally to discrimination based on marital status or physical or mental handicaps and clarifying the language (Chapter 875).

By Chapter 419, Acts of 1975, the Commission may seek certain types of court relief; namely, a temporary injunction if the Commission believes that appropriate civil action is necessary to preserve the status of the parties or to prevent irreparable harm. Chapter 333, Acts of 1975, provides that it is not an unlawful employment practice for an employer to establish standards concerning an employee's dress and grooming if the standards are directly related to the nature of the employment.

By Chapters 937, 907, and 706, Acts of 1977, a number of important changes in the law were mandated. By Chapter 937, Acts of 1977, the legislature reduced the size of the Commission from 12 members to 9, empowered the Commission to designate its own Chairperson, and abolished the previous \$16,000 salary for the Chairperson. The new legislation continues the appointment of the Executive Director by the Governor, but provides that he must choose from a list of five names submitted by the Commission and also provides for the Executive Director's removal by the Governor upon recommendation of two thirds of the members of the Commission. The power of appointment and removal of the Deputy Director and the General Counsel has been transferred from the Governor to the Executive Director with approval by the majority of the Commission members. The law also authorizes the appointment of hearing examiners to hear cases under the Human Relations law, and provides for an appeal from the decisions of the hearing examiner to the Commission. Finally, the new legislation expands the Commission's power to order appropriate relief for victims of discrimination by empowering the Commission to award monetary relief, limited to two years back pay, to victims of employment discrimination.

In addition to these changes in MCHR's structure, procedures, and authority, by Chapter 907, Acts of 1977, employers are required to treat disabilities caused or contributed to by pregnancy

or childbirth in the same manner as they treat other disabilities; and by Chapter 706, the procedures that the Commission must follow in processing employment discrimination complaints against State agencies are altered.

Efforts in Fair Employment Practices are supplemented by a deferral relationship and funding as provided by the Equal Employment Opportunity Commission. An annual report is submitted to the Governor and the General Assembly as required by Article 49B.

The General Assembly created the State Lottery Agency by Chapter 365, Acts of 1972 (Article 88D of the Annotated Code of Maryland) for the purpose of generating revenue to help support the operation of the State. The establishment of the Agency was contingent upon the adoption of an amendment to Article III, Section 36, of the Constitution of Maryland. The amendment was ratified by referendum on November 7, 1972, and accordingly the Agency commenced operation on January 2, 1973, under the guidance of a Commission and the immediate supervision of a Director.

The Commission consists of five members, all of whom are appointed by the Governor with the advice and consent of the Senate of Maryland for specified terms. The Commission members annually elect one member as Chairperson of the Commission.

The Agency is under the immediate supervision and direction of a Director appointed by the Governor with the advice and consent of the Senate. The Director is aided by three Deputy Directors who are appointed by the Director with the approval of the Commission.

The Agency conducts a statewide lottery operation from its Baltimore headquarters consisting of weekly and daily games. For the weekly game a distribution and collection system is maintained with the cooperation of commercial banks in various areas of the State for the purpose of distributing weekly lottery tickets, retrieving unsold weekly tickets, and collecting weekly lottery revenues due. The actual lottery ticket sales outlets consist of retail establishments such as drug stores, food stores, and liquor stores. Weekly televised drawings are held and prizes are claimed through any of the Claim Centers located in selected existing commercial establishments and public facilities throughout the State. Millionaire drawings are held periodically depending on the accumulation of sufficient prize money.

In July 1976, the Agency began a legal pick-your-own three-digit daily lottery called "The Numbers Game", which is patterned after the illegal street game. Retail establishments offer daily lottery tickets for sale through a terminal connected to a computerized on-line real-time system. Drawings in "The Numbers Game" are held daily Monday through Saturday and are also televised (Code 1957, Art. 88D).

The Maryland School for the Deaf was established in 1868 as a free public residential school for deaf and hard-of-hearing children who reside in the State. The Governor appoints the thirty members of the Board of Visitors for indefinite terms (Acts 1867, chap. 247; 1868, chap. 409; 1880, chap. 19; 1916, chap. 76; 1957, chap. 148 as amended).

Chapter 462, Acts of 1968, established a Branch of the Maryland School for the Deaf to be located near the population center of the State and to be administered and operated as part of and subject to the Maryland School for the Deaf.

The first phase of this Branch School, which is called Columbia Campus Maryland School for the Deaf, opened in September 1973 (Code Education Article, sec. 8-304).

The school offers an academic education similar to that of public schools and in addition provides thorough instruction in communication skills, including speech and speech reading, signs

and fingerspelling, auditory training, and use of individual hearing aids. In addition to the academic program, courses of study in vocational education are also offered to both male and female students. The vocational training includes industrial arts, homemaking, and woodworking. The school offers a broad athletic and physical education program, including such major sports as football, baseball, and track, as well as a wide range of social and recreational activities. Vocational rehabilitation services are available to all graduating students to assist them in seeking employment, vocational or technical training, or higher education.

## MILITARY DEPARTMENT

Major General Edwin Warfield III, *The Adjutant General and Ranking Line Officer*

Brigadier General Benjamin F. Dean, *Assistant Adjutant General for Army*

Brigadier General Malcolm E. Henry, *Assistant Adjutant General for Air*

Fifth Regiment Armory  
Baltimore 21201 Telephone: 728-3388

The Charter of Maryland empowered Lord Baltimore to raise troops to put down insurrection or rebellion and to subdue the enemies of the province. Since that time the organization, maintenance, and administration of the State militia has been an integral part of the State's functions. The present military establishment of Maryland conforms to Title 32, U.S. Code and regulations issued pursuant thereto, and to the Militia Law of Maryland (Code 1957, Art. 65).

The Adjutant General is appointed by the Governor with the consent of the Senate and serves until his successor is appointed and qualified or until he is removed from office as a result of sentence imposed by court martial (Const. 1867, IX, 2 ). The Ranking Line Officer (at the present time also the Adjutant General) is head of the Military Department and exercises all his powers and duties under the Militia Law of Maryland.

The Military Department prepares all State forms and records required for use by the militia and the reports and returns required by the Federal Government. It maintains a register of all commissioned officers and service records of all officers and enlisted men of the Maryland National Guard.

The Ranking Line Officer is the custodian of all State and Federal property used by the organized militia and apportions and provides for the proper application of funds for the military establishment. He also maintains all State-owned armories located in Maryland and all other properties that may be occupied, purchased, or leased by the Military Department. The Ranking Line Officer makes all regulations for the use of such

facilities and applications for their use should be made to him. In addition, he is responsible for the administration, training, and supply of approximately 8,000 National Guardsmen, including 930 full-time employees (170 State-paid and 760 Federally-paid).

In time of war or other national emergency when the National Guard is absent from the State, the Governor, as commander in chief of the militia, has the power to organize the Maryland State Guard. Such forces are separate and distinct from the National Guard and are composed of officers, commissioned or assigned, and all able-bodied male citizens of the State who volunteer and are accepted for service. Members of the State Guard are uniformed as prescribed by the Governor, who also has the power to reduce or disband such forces when deemed necessary.

Morgan State College was organized in 1867 under the auspices of the Methodist Episcopal Church as the Centenary Biblical Institute. In 1890 the school's name was changed to Morgan College in honor of Dr. Lyttleton Morgan, whose gift of a large sum of money enabled the school to offer academic work at the college level. The school remained under church jurisdiction until the State of Maryland purchased it in 1939.

By Chapter 550, Acts of 1975, Morgan State was granted university status. A public university, Morgan now includes the Schools of Business and Management, Urban Studies and Human Development, Education, Graduate Studies, and a College of Arts and Sciences.

The University is governed by a Board of Trustees consisting of twelve members appointed by the Governor for six-year terms. By Chapter 538, Acts of 1976, a student in good standing at the University is appointed a member of the Board for a one-year term.

The University is fully accredited by the Middle States Association of Colleges and Secondary Schools and the State Department of Education. It is also approved by the Regents of the University of the State of New York, the American Chemical Society, the American Medical Association, and the Maryland State Board of Public Accountancy.

The University, which consists of twenty-two departments, offers twenty-eight baccalaureate

and twenty master's degree programs. The faculty, which approves of all academic programs, consists of sixty-seven full professors, sixty-eight associate professors, eighty-seven assistant professors, and fifty-three instructors.

During the academic year 1977-1978, 6,091 students were enrolled at Morgan. Of these, 4,487 were full-time students and 1,604 were part-time students (Code Education Article, secs. 13-201 through 13-204).

The Public Defender System was created by Chapter 209, Acts of 1971, to provide for the realization of the constitutional guarantees of counsel in the representation of indigents, including related necessary services and facilities, in criminal and juvenile proceedings within the State, and to assure effective assistance and continuity of counsel to indigent accused taken into custody and indigent defendants in criminal and juvenile proceedings before the Courts of the State of Maryland, and to authorize the Office of the Public Defender to administer and assure enforcement of these provisions.

The Board of Trustees of the Public Defender System consists of three members appointed by the Governor for three-year terms. Two of the members must be active attorneys-at-law. The Board elects its own Chairperson.

The Public Defender is appointed by the Board of Trustees and serves at the Board's pleasure. He must be an attorney-at-law, admitted to practice law in Maryland by the Court of Appeals, and must have engaged in the practice of law for a period of five years prior to his appointment. The Public Defender, with the approval of the Board of Trustees, appoints the Deputy Public Defender and one District Public Defender for each District of the District Court who must possess the same qualifications as the Public Defender. Assistant Public Defenders may also be appointed by the Public Defender with the advice of the District Public Defenders.

Each District has a District Advisory Board composed of five members. One member is the judge of the Circuit Court or the District Court in

the district. The other four must be active attorneys-at-law and are appointed by the Governor for three-year terms. The Governor annually designates the chairperson of each board.

The Public Defender provides legal representation for any indigent defendant in criminal or juvenile proceedings requiring the presence of counsel before a commissioner or judge, post-conviction proceedings, and any other proceeding where incarceration pursuant to a judicial commitment of individuals in institutions of a public or private nature may result.

In 1975 the Public Defender installed three Divisions in the headquarters office, i.e., Mental Health, Appellate, and Inmate Services. Each Division provides services as indicated by furnishing representation to all persons involuntarily committed to facilities under the jurisdiction of or licensed by the State Department of Health and Mental Hygiene, the processing of all appeals to the Appellate Courts, and legal assistance to all indigent inmates who have legal problems concerning their incarceration. The law applies only to representation in or respect to the courts of Maryland. The Public Defender must submit a report annually to the Board of Trustees, the Governor, and General Assembly. The Public Defender system commenced operation on January 1, 1972 (Code 1957, Art. 27A).

The Public Disclosure Advisory Board, formerly called the Financial Disclosure Advisory Board, was originally created by Chapter 3, Acts of the Special Session of 1973, to oversee the law requiring the public disclosure of the personal finances of public officials in Maryland. In 1977 (Chapter 938), the Legislature added to the Board's responsibilities oversight of the law requiring lobbyists to register and file activity reports.

The Board consists of five members. One is appointed by the Governor, two by the President of the Senate, and two by the Speaker of the House of Delegates. One appointee of the President and one of the Speaker must be from the majority party and one each from the minority party. Members serve four-year terms, coextensive with the term of the Governor. The Board selects its own chairperson and the necessary staff.

The Board has the duty to recommend to the Secretary of State such forms as may be desirable for the filing of the necessary statements. It reviews statements filed, investigates complaints of alleged violations of the Disclosure or Lobbying Acts, and reports violations to the Attorney General. The Board issues opinions concerning the coverage of the Acts upon the request of persons required to file statements, and may issue an opinion upon the request of any other person.

Persons required to file the financial disclosure statements must do so by April 15 of each year. Persons required to register as lobbyists must do so by January 10 or not later than 5 days after first performing any acts requiring registration, whichever is later. Registered lobbyists must file two activity reports annually, one by May 31 covering the period November 1 through April 30, and one by November 30 covering the period May 1 through October 31. Financial disclosure statements, lobbyists' registrations, and lobbyists' activity reports are filed with the Secretary of State (Code 1957, Art. 33, secs. 29-1 to 29-12; Art. 40, secs. 5 to 14A).

The Public Service Commission of Maryland was established by Chapter 180, Acts of 1910. The Commission consists of five Commissioners appointed by the Governor with the advice and consent of the Senate, one of whom is designated as Chairperson (Chapter 756, Acts of 1976). The five Commissioners serve for six-year terms, with the Chairperson and two Commissioners being full time while two Commissioners may be part time. The General Counsel of the Commission is an attorney-at-law of the State and is appointed by and serves at the pleasure of the Commission (Chapter 756, Acts of 1976).

The Public Service Commission has jurisdiction over common carriers, including steam and electric railroads, sleeping car companies, bus lines, express companies, steamboat companies, power boats, ferry companies, carriers by aircraft, toll bridges, and all carriers, generally, engaged in the public transportation of passengers or freight within the State of Maryland, except those carriers of passengers that come within the jurisdiction of the Washington Metropolitan Area Transit Commission (Acts of 1959, Ch. 613). The Commission also has jurisdiction over all taxicabs operating in the City of Baltimore, Baltimore County, Cumberland, and Hagerstown. In addition, the Commission licenses the taxicab drivers in Baltimore City. The Commission also exercises jurisdiction over all gas, electric, telephone, telegraph, water, sewage disposal, heating, and refrigerating companies operating within the State. The Commission has the power to fix both minimum and maximum rates and to suspend schedules pending the determination of the reasonableness of the proposed rates. Public utilities may not abandon or discontinue the exercise of any franchise without permission of the Commission. The Commission tests all gas and electric meters before installation; it also tests previously installed meters at the request of the consumer. It maintains a laboratory in which it makes daily tests of gas furnished in the City of Baltimore. It also makes regular and frequent tests of the gas and electricity furnished in other parts of the State. It hears matters relative to 1) rate adjustments; 2) applications to exercise franchise; 3) approval of issuance of securities; 4) promulgation of new rules and regulations; 5) quality of utility and common carrier service; and 6) railroad safety. The Commission has the authority to issue a Certificate of Convenience and Necessity in connection with an electric utility's application to construct a new generating station or transmission lines of a certain capacity (Code 1957, Art. 78, secs. 1 to 107).

The Commission is also authorized to make joint investigations, hold joint hearings, and issue joint or other concurrent orders in conjunction with any official board or commission of any state or the Federal government under agreements and compacts between states, under the concurrent powers of states to regulate interstate commerce as an agency of the Federal government, or otherwise (Code 1957, Art. 78, sec. 59). The Public Service Commission is also represented on joint boards created by the Interstate Commerce Commission under the Federal Motor Carriers Act to hear and pass upon applications and proceedings pertaining to interstate motor carrier operation conducted in or through not more than three states.

By Chapter 234, Acts of 1973, the General Assembly provided for a new method of financing the operations of the Public Service Commission. The filing fee of .0009 percent imposed on gross intrastate utility operating revenues was repealed. In its place utilities and common carriers under the jurisdiction of the Commission are assessed a proportionate share of the Commission's direct and indirect expenses based on their proportion of jurisdictional revenues.

The Office of People's Counsel operates independently from the Commission and may participate in all proceedings before the Commission. People's Counsel represents the interests of the Maryland consumers generally before the Commission and facilitates their inquiries on specific utility complaints. The People's Counsel may appear before any federal or State agency as necessary to protect the interests of residential or noncommercial users (Chapter 756, Acts of 1976). The Office of People's Counsel may utilize existing staff of the Commission, and may also retain additional expert witnesses to testify in various proceedings before the Commission.

Chapter 860, Acts of 1978, created a Utility Consumer Advisory Panel within the Public Service Commission. The Panel consists of thirteen public members geographically representative of the utility consuming public, seven of whom are appointed by the President of the Senate and six of whom are appointed by the Speaker of the House of Delegates. The term of membership is three years, except that of the original appointees four shall serve one-year terms, four shall serve two-year terms, and five shall serve three-year terms as determined by lot within each category. ## THE UNIVERSITY

The University of Maryland is the State university and the "Land-Grant" institution of Maryland.

The present University of Maryland is the result of the merger of the former privately owned University of Maryland located in Baltimore with the former Maryland State College of Agriculture at College Park. The former University of Maryland was founded in 1807 as the College of Medicine of Maryland (Chapter 53, Acts of 1807). In 1812, it enlarged its curriculum and changed its name to the University of Maryland (Chapter 159, Acts of 1812). Subsequently, it added faculties of law (1823), dentistry (1882), nursing (1889), and pharmacy (1904).

The Maryland State College of Agriculture was founded by Chapter 114, Acts of 1856, as the Maryland Agricultural College, a private institution at College Park, and became the beneficiary of the Land-Grant Act of 1862 (Chapter 178, Acts of 1865). By Chapter 129, Acts of 1914, the State assumed complete control of the school and in 1916 the Legislature granted it a new charter, which renamed the school the Maryland State College of Agriculture (Chapter 372, Acts of 1916). The General Assembly consolidated the University of Maryland and the Maryland State College of Agriculture in 1920 and gave the name University of Maryland to the new institution (Chapter 480, Acts of 1920).

The Eastern Shore Campus (UMES) had diverse affiliations and several names before becoming the University of Maryland, Eastern Shore, on July 1, 1970. The institution was founded in 1886 as the Delaware Conference Academy for Negroes under the general control of what came to be known as Morgan College, then a private institution in Baltimore. By the Morrill Act of 1890 the Academy received Federal funds and became known as the Princess Anne Academy. This funding began a relationship with the then Maryland Agricultural College, although the campus continued to be a part of Morgan College. College level work began at Princess Anne in 1927. The State authorized purchase of the Academy in 1935 (Chapter 548, Acts of 1935) and, beginning in 1936, Princess Anne Academy became a division of the University of Maryland. The institution bore the name of Maryland State College from 1948 until 1970.

In accordance with 1963 legislation authorizing the University to establish a branch in Baltimore County, the University of Maryland, Baltimore

County Campus (UMBC), opened initially to freshmen students in September 1966 (Code Education Article, sec. 13-104f).

Evening courses were offered by various departments and colleges of the University from the 1920s through the World War II period. In 1947 the College of Special and Continuation Studies was established to administer the off-campus evening programs with a dean as the principal officer. The name was changed to University College in 1959. In 1970 the unit was designated as one of five major components headed by a chancellor.

The University of Maryland is under the administration of the Board of Regents consisting of fifteen members who are citizens of Maryland. Fourteen of the members are appointed by the Governor with the advice and consent of the Senate. The remaining member, the Maryland Secretary of Agriculture, is *ex officio* with voting privileges. Two of the members must be students at different campuses of the University of Maryland, appointed for one-year terms from July 1. Each may be reappointed if he remains a student at any campus of the University. Board members serve without compensation but are paid their reasonable and necessary expenses while engaged in the discharge of their official duties. The term of office of all members appointed after July 1, 1969, is five years with the exception of the Secretary of Agriculture and the student members. Appointed members may not serve more than two consecutive terms. Members appointed to fill vacancies occurring during a term serve for the remainder of the term and are then eligible for reappointment (Code Education Article, sec. 13-102).

The Board of Regents, within the limits prescribed by law, may issue revenue bonds to finance the building of dormitories and other student housing facilities. Student union buildings at College Park and Baltimore have been constructed as well as a combination Physical Education and Auditorium building at College Park. The Regents issue such bonds directly with the payments of principal and interest made from revenues realized from the use of the building (Chapter 22, Acts of 1978).

There are four principal campuses of the University located in Baltimore, Catonsville, College Park, and Princess Anne. University College, a unit under a chancellor, administers adult and continuing education courses and programs and awards degrees.

The Baltimore campus is located at Lombard and Greene Streets. The schools of Dentistry,

Law, Medicine, Nursing, Pharmacy, Social Work, and Community Planning offer both professional and graduate instruction. Complementing these schools are the University Hospital, the Institute of Psychiatry and Human Behavior, and the Health Sciences Library. The Maryland Institute for Emergency Medical Services is also centered on the campus.

The Baltimore County (UMBC) Campus is located in Catonsville at the southeast corner of the intersection of the Baltimore Beltway and Wilkens Avenue. Undergraduate offerings include a range of programs in the arts, sciences, and humanities, including professional and pre-professional programs in teacher education, social work, nursing, pharmacy, dental hygiene, medical technology, physical therapy, pre-law, pre-dental, pre-medical, and combined degree programs in medicine, law, and dentistry. Graduate programs are developing and include doctorates in applied mathematics, biochemistry, experimental biology, and policy sciences, as well as masters degrees in applied sociology, community clinical psychology, biological and medicinal chemistry, and instructional systems development.

At College Park instruction is offered at undergraduate and graduate levels in a wide variety of disciplines. There are the Colleges of Agriculture, Business and Management, Education, Engineering, Human Ecology, Journalism, Physical Education, Recreation and Health, and the Schools of Architecture and Library and Information Services. The schools, colleges, and departments are within the divisions of (1) Agricultural and Life Sciences, (2) Mathematical and Physical Sciences and Engineering, (3) Behavioral and Social Sciences, (4) Arts and Humanities, and (5) Human and Community Resources.

The Eastern Shore Campus (UMES) is located at Princess Anne. This campus offers baccalaureate degree programs within three divisions: (1) Liberal Studies, (2) Professional Studies, and (3) Experimental Studies. There are teaching degree areas and non-teaching degree areas including agriculture, art education, biology, building construction, business administration, chemistry, elementary education, English, history, industrial education, human ecology, mathematics, music education, physical education, social sciences education, and sociology. Minor areas include economics, foreign languages, political science, and physics. The initial years of nursing and pharmacy are offered at UMES. There is a master's program in guidance and counseling.

University College has its administrative headquarters and its conferences and institutes

center at College Park. As stated above, University College administers the adult and continuing education programs of the University of Maryland with fiscally self-supporting courses and programs offered in the late afternoon and evening on the several campuses and at off-campus centers throughout the State of Maryland. University College also maintains overseas centers for United States military personnel and civilians logistically supported by U.S. government agencies abroad in the European, Atlantic, and Far East Divisions. In addition, University College, through its Conferences and Institutes Division, has an extensive series of non-credit adult courses, seminars, workshops, and institutes. Since 1972 University College has operated an "open university" program in cooperation with the Open University of Great Britain.

Each campus operates one or more summer sessions.

The Graduate School embraces all of the graduate programs of the University with liaison among the campuses maintained by a Vice President for Graduate Studies and Research and through the President's Advisory Committee for Graduate Studies and Research.

## AGRICULTURAL EXPERIMENT STATION

Symons Hall  
University of Maryland  
College Park 20742

Telephone: 454-3707

The Maryland Agricultural Experiment Station was established following passage of the Federal Hatch Act in 1887. The Act made available to the states grants-in-aid for the conduct of research pertaining to agriculture and now both State and Federal funds support these activities. The administrative headquarters are located on the College Park Campus, as well as laboratories for research in the animal and plant sciences, agricultural engineering, agricultural and resource economics, rural sociology, and home and consumer economics. Provisions are made for maintenance of experimental herds, flocks, field and tree plots and for investigations of soils and insect and disease control (Chapter 55, Acts of 1888, as amended).

Research is conducted at nine locations throughout the State with particular attention to the type of farming dominant in the respective locations. These include the Plant Research Farm near Fairland in Montgomery County, the Tobacco Research Farm near Upper Marlboro in

Prince George's County, Fruit Research at Hancock in Washington County, the Sharpsburg Research Center, the Dairy-Agronomy Research Farm near Ellicott City, a Horse Research Farm near Jessup in Howard County, and a Livestock Research Farm at Springfield in Carroll County. Research on vegetables, corn, soybeans, and other field crops is conducted at Wye Institute in Queen Anne's County, at the Poplar Hill Farm, and at the Poultry-Vegetable Research Farm near Salisbury in Wicomico County. Broiler production research is also conducted at the latter site.

The United States Department of Agriculture supports agricultural research on the University of Maryland Eastern Shore Campus. There is the requirement that the University pursue a coordinated program. Farms and facilities for research are available to faculties on both campuses and, through planning, undesirable duplication of effort is prevented.

## EXTENSION SERVICE

Symons Hall  
University of Maryland  
College Park 20742 Telephone: 454-3742

The Cooperative Extension Service was established by federal and state laws in 1914. It is supported by Federal, State, and county funds (Chapter 247, Acts of 1914).

In its role as the "off-campus out-of-classroom" arm of the University of Maryland, the Extension Service uses a number of different methods to offer its educational programs, including personal consultations, direct mail, publications, radio, television, workshops, institutes, short courses, and various other functions.

One of the strengths of the Extension Service is its uniquely effective system of educational resources information. Offices and staffs in all twenty-three Maryland counties and Baltimore City bring the University of Maryland close to the people. Field staffs rely on campus extension specialists to provide up-to-date, meaningful information. State administrative offices and most of the specialists are on the College Park Campus. The Cooperative Extension Service is noted for its programs in agriculture, home economics, 4-H and youth, energy and marine sciences, and community and resource development. There is now Federal funding for the University of Maryland Eastern Shore component of Cooperative Extension. The University of Maryland Eastern Shore carries special responsibility in Cooperative

Extension for programs that relate to small and part-time farmers, housing education, the Spanish speaking population, and youth programs for new and previously unreached clientele. As Maryland has grown and changed, the needs of its people have altered. Extension has been quick to respond to high priority needs of people and is broadening its program scope to better serve more people. This has meant adjusting resources to give more attention to such concerns as farm management, marketing, safety, waste disposal, pollution abatement, land use, human development, consumer competence, money management, low income programs in nutrition and health, work with the aging, the handicapped, and disadvantaged and urban youth.

The Center for Environmental and Estuarine Studies was established by the Board of Regents in 1970. The Center, in cooperation with the University campuses, conducts studies of environmental problems important to the State of Maryland. The program includes research in fields that have environmental significance, direct service to State agencies and to the public, technical education, and, in collaboration with the campuses, instruction at the academic level.

The Center has administrative offices and facilities at the Horn Point Environmental Laboratories on a 720-acre site on the Choptank River near Cambridge. This property was originally given to the City of Cambridge by the late Francis P. DuPont and was conveyed by Cambridge to the State of Maryland for use by the University

in 1971. The Center also includes the Natural Resources Institute (Chapter 776, Acts of 1961), which conducts a comprehensive program of research and education related to the resources of Maryland. Institute facilities include the Chesapeake Biological Laboratory at Solomons Island on the Patuxent River, the Marine Products Laboratory at Crisfield (formerly the Seafood Processing Laboratory), the College Park Station at College Park (now under the direction of the Appalachian Environmental Laboratory), and the Appalachian Environmental Laboratory on the Frostburg State College Campus. Specialized facilities include research vessels up to sixty-five feet in length, the new Reginald V. Truitt Environmental Laboratory located at the Chesapeake Biological Laboratory at Solomons, and hatcheries at Horn Point for shellfish of the Bay Region.

The research programs of the Center presently involve studies of the Chesapeake Bay and its best uses; forests, fish, and wildlife of the land areas of the State; waste management; energy conservation; noise control and abatement; and investigations directed toward basic comprehension of the Maryland environment. Educational emphasis includes estuarine ecology, resource analysis, the process of public decision making in matters that affect environmental quality, and environmental education in cooperation with other public agencies and groups.

A wide series of publications is issued, including the quarterly journal, *Chesapeake Science*, devoted to research related to the Chesapeake Bay Region.

## MARYLAND VETERANS COMMISSION

David L. Brigham, 1979; William F. Thomas, 1980; Meyer Sokolow, 1981; John J. Devlin, 1982; T. Leo Sullivan, 1983; Richard C. Manning, 1985; Robert T. O'Leary, 1985; Paul L. Thompson, 1985.

John H. Eaton, *Executive Director*

Federal Building, Room 110A  
31 Hopkins Plaza

The Maryland Veterans Commission was first established by Chapter 344, Acts of 1924. It was reorganized by Chapter 803, Acts of 1945, Chapter 310, Acts of 1968, and Chapters 370 and 617, Acts of 1971. In 1977 it was removed from the jurisdiction of the Department of Human

Resources, formerly the Department of Employment and Social Services, and made an independent agency (Chapter 895, Acts of 1977). It is composed of nine Maryland veterans appointed by the Governor for seven-year terms. One of the members is designated by the Governor as the Chairperson. Each congressional district is represented and one member serves at large. The Commission appoints the State Service and Executive Officer, who serves as administrative director of the agency. The State Commanders of the American Legion, the Veterans of Foreign Wars, the Disabled American Veterans, the Marine Corps League, the World War I Veterans, the Amvets, the Catholic War Veterans, the Jewish War Veterans, the Maryland Retired Officers Association, the Polish-American Veterans, and a designee of the Fleet Reserve Association as determined by its Board of Directors of Branch 6 serve as an advisory committee to the Commission.

The Commission provides for the establishment of veterans' cemeteries in Maryland, the acquisition, supervision and control of veterans' cemeteries, and the requirements for eligibility for burial in veterans' cemeteries in Maryland, as well as other matters relating to veterans' cemeteries in Maryland. The agency also assists veterans and their dependents in securing federal, State, or local aid to which they may be entitled. The Commission maintains a permanent registry of graves of all persons who served in the military or naval forces of the country in time of war and who are buried in Maryland (Code 1957, Art. 96-1/2, secs. 3-7). ## VETERANS CEMETERY PROGRAM

Robert V. Maring, *Manager*

State House  
Annapolis 21404

Telephone: 269-3428

The Maryland Veterans Commission was authorized by Chapter 504, Acts of 1973, to acquire sites for the purpose of establishing cemeteries for Maryland veterans honorably discharged from the Armed Forces of the United States, and the members of their immediate families. Funds appropriated were authorized by Chapter 775, Acts of 1974, to be used for the development of veterans' cemeteries rather than the acquisition of sites, since State land was to be used. The Commission was directed to supervise, maintain, and control such cemeteries established. The office of Program Manager was created for the purpose of supervising the development of the cemeteries and the establishment of procedures for the administration of the veterans' cemetery program. Maryland veterans' cemeteries are located as follows:

Eastern Shore — Dorchester County:  
Route 331 East of Preston

Cheltenham — Prince George's County:  
Route 301 Cheltenham

The Washington Metropolitan Area Transit Authority is a governmental agency created by an Interstate Compact entered into by and between the State of Maryland, the Commonwealth of Virginia, and the District of Columbia with the consent of Congress. Maryland ratified the Compact by Chapter 869, Acts of 1965.

The Authority was created to plan, finance, and develop a regional rapid transit system for the national capital region. By acts of the Congress and the General Assemblies of Maryland and Virginia, this purpose was enlarged to include the ownership and operation of all mass transit bus facilities in the Washington region. All of these bus facilities were acquired by February 4, 1973 (Chapter 776, Acts of 1971). Legislation was passed by the United States Congress and signed by the president on June 4, 1976 (PL 94-306), to approve a compact amendment passed by the Maryland and Virginia General Assemblies in 1974 (Maryland, Chapter 586, Acts of 1974; Virginia, Chapter 576, Acts of 1974), which authorizes the Washington Metropolitan Area Transit Authority to establish and maintain a regular police force for the protection of the patrons, personnel, and property of the Authority.

The Authority is controlled by a six-member Board of Directors (and six Alternate Directors). Each of the three signatories to the Compact appoint two members. The Maryland members are appointed by the Washington Suburban Transit Commission. The Virginia members are appointed by the Northern Virginia Transportation Commission. The District of Columbia members are appointed by the District of Columbia City Council. The Board members and alternates serve terms commensurate with their service as members of their appointing bodies.

The chief administrative officer is the General Manager, who is responsible for all activities of the Authority subject to policy direction by the Board (Code Transportation Article, secs. 10-202 through 10-204).

The Washington Metropolitan Area Transit Commission was established in 1961 for the purpose of regulating privately-owned transportation facilities in the District of Columbia metropolitan area. The Commission was created by the Washington Metropolitan Area Transit Regulation Compact, an agreement among Maryland, the District of Columbia, and Virginia. Maryland ratified the Compact with the adoption of Chapter 613, Acts of 1959. The Washington Metropolitan Area Transit District, also created by the Compact, embraces the District of Columbia, the cities of Alexandria and Falls Church, and Arlington and Fairfax counties in Virginia and Montgomery and Prince George's counties in Maryland.

The Commission is composed of three members. One member is appointed by the Governor of Maryland, one by the Governor of Virginia, and one by the Mayor of the District of Columbia. Each Commissioner serves a term coincident with his term of office on the agency from which he is selected. The Commission annually selects its own officers.

The Commission has the power to prescribe fares, regulations, and practices of transportation companies and taxicabs in the area.

Expenses of the Commission are allocated annually in proportion to the population of each signatory in the metropolitan area. Maryland's share is forty-four percent (Code 1957, Art. 41, secs. 257-307).

Maryland Wholesale Produce Market

7460 Conowingo Avenue

Jessup 20794

Telephone: 799-3880

The Maryland Wholesale Food Center Authority, originally created as the Greater Baltimore Consolidated Wholesale Food Market Authority by Chapter 145, Acts of 1967, is to establish, operate, and maintain a consolidated food center within the Greater Baltimore Region. By Chapter 475, Acts of 1972, the Authority assumed the liabilities and interim operation of the Baltimore Wholesale Produce Market administered by the former New Marsh Wholesale Produce Market Authority. On January 15, 1976, the Baltimore Wholesale Produce Market facility reverted by deed to the City of Baltimore to be used for purposes other than as a produce market.

The Authority consists of the Comptroller of the Treasury, the Secretary of the Department of General Services, the Secretary of the Department of Agriculture, and the Director of Extension Services of the University of Maryland who serve *ex officio* and eight members appointed for five-year terms by the Governor with the advice and consent of the Senate. One or more terms expire each year and any member may be reappointed. One member must be a resident of Howard County. The Authority selects its own officers and staff.

Chapter 729, Acts of 1975, revised the composition of the Advisory Council to consist of eleven members, with five members appointed by the Maryland Agricultural Commission and five appointed by produce merchants who are tenants in the Maryland Wholesale Produce Market. The Executive Director of the Authority serves as the non-voting, *ex officio* Chairperson of the Advisory Council. This same Act changed the name of the Authority from the Greater Baltimore Consolidated Wholesale Food Market Authority to the Maryland Wholesale Food Center Authority.

The goal of the Authority is to construct a modern, efficient food distribution center capable of satisfying most of the wholesale food requirements of the Baltimore and Washington metropolitan areas. This endeavor is based on the recommendations made by the U.S. Department of Agriculture after a two year investigation of the antiquated, inefficient, and unsanitary markets in Baltimore. Maryland was the third area in the world, following Paris and Philadelphia, to undertake such a development. This concept is now being followed by most of the world's large metropolitan areas.

The Authority is developing a 398-acre site at the intersection of U.S. Route 1 and Maryland Route 175 in Howard County near Jessup for the establishment of the Maryland Wholesale Food Center. The Center will be able to provide better quality food products to Maryland consumers more efficiently and at less cost than possible prior to the establishment of a consolidated food center. As of June 30, 1978, approximately 1,380,000 square feet of food warehousing space has been completed or is under construction within the Food Center at an estimated cost of \$37 million. Furthermore, the Authority has signed commitments for construction of an additional 533,000 square feet of food warehousing space. Of 330 saleable acres, approximately 165 acres have been sold or leased as of June 30, 1978. It is estimated that approximately \$100 million will be invested in food distribution facilities by the completion of the project.

The State's total investment of \$9 million will be completely repaid over a period of years. The original Act provided an initial loan of \$4 million in State general obligation bonds for land acquisition and development. An additional \$5 million loan for Produce Market construction was provided by Chapter 409, Acts of 1969.

The original Act permitted the Authority to issue \$6 million in negotiable revenue bonds. As of June 30, 1978, \$2 million has been privately sold, with \$1 million being purchased by the Equitable Trust Company in order to finance a portion of the Maryland Wholesale Produce Market. The revenue bonds sold are structured in such a manner as not to be a direct encumbrance on Authority revenues.

During Fiscal Year 1979 the Authority will complete roadways and utilities to serve the Phase III area of the project, which is the only remaining undeveloped portion. In January 1976 the Maryland Wholesale Produce Market began operations. This facility, containing 204,500

square feet, is fully leased and has twenty-four produce merchant tenants who were formerly in the Baltimore metropolitan area. Plans are now being prepared for an approximate 86,000 square foot addition to the Market at an estimated cost of \$2.25 million dollars, which will be partially financed by the sale of \$1.5 million in Authority Revenue Bonds. The satisfactory outcome of construction of the Maryland Wholesale Produce Market, combined with the previous separate land sales to Giant Food, Inc., Distribution Centers, Inc., Smelkinson Brothers Corporation, American Foodservices, Albright Wholesale, The Equitable Trust Company, and The Truckers Inn assures the operational and financial success of the Maryland Wholesale Food Center (Code 1957, Art. 41, secs. 410, 412, 413, 416).

## WORKMEN'S COMPENSATION COMMISSION

*Chairperson:* Charles J. Krysiak, 1980

Clement R. Mercaldo, 1991; Maurice Cardin, 1981; William R. Hughes, 1981; Francis J. Valle, 1982; Harold Lee Frankel, 1989; Joseph I. Paper, 1989; Edward A. Palamaro, 1990.

The Workmen's Compensation Commission, created by Chapter 800, Acts of 1914, as the State Industrial Accident Commission, received its present name by Chapter 584, Acts of 1957. Under the provisions of Chapter 238, Acts of 1961, the Commission was increased from five to seven members, all of whom are appointed by the Governor with the advice and consent of the Senate for terms of twelve years.

Like its predecessor, the Commission administers the Workmen's Compensation Law. It hears contested cases and holds hearings throughout the State; it receives reports of accidents and adjudicates claims for compensation arising under the law; and it investigates companies and firms that fail to carry insurance under the terms of the Act. The Chairperson sits on the trial of cases when his administrative and executive functions permit (Code 1957, Art. 101, secs. 1, 2, 5, 16, 38-40).

In recent years the General Assembly has made many important changes in the Workmen's Compensation Act. Among the most significant have been acts increasing maximum temporary disability payment to one hundred percent of State average weekly wage; increasing maximum permanent total disability payments to one hundred percent of State average weekly wage; and increasing the maximum total payable for total disability to

\$45,000, provided, however, that if the employee's total disability shall continue after a total of \$45,000 has been paid, then further weekly payments at the rate previously paid shall be paid to him during such disability. In 1965 the Serious Disability Section was added to the Act. This provides for a greater amount and rate of compensation for a workman who sustains a serious disability, as defined by the Law (Code 1957, Art. 101, secs. 21-36, 66).

## MEDICAL BOARD FOR OCCUPATIONAL DISEASES

*Chairperson:* James Frenkil, M.D., 1983

J. Howard Frantz, M.D., 1979; John F. Schaeffer, M.D., 1981

The Medical Board for Occupational Diseases was established by Chapter 465, Acts of 1939. The Governor appoints the members of the Board for six-year terms with the approval of the Senate from lists of nominees submitted by the deans of the schools of medicine of the University of Maryland, The Johns Hopkins University, and the Medical and Chirurgical Faculty of Maryland. Each of these agencies submits a list of three persons, two of whom are experienced in occupational diseases and one of whom is an experienced physician in good professional standing. Two must have had at least five years practice in the treating, diagnosis, and care of industrial diseases, and a third must have been trained in roentgenology and must have had five years practice and experience. The Governor designates the Chairperson of the Board. The Board hears and adjudicates all claims for compensation for disability caused by an occupational disease. The decisions of the Board are subject to review by the Workmen's Compensation Commission (Code 1957, Art. 101, secs. 22-29).

## GOVERNOR'S COMMISSION TO REVIEW LAWS GOVERNING THE WORKMEN'S COMPENSATION LAWS

*Chairperson:* Clement R. Mercaldo

Sidney Blum, Thomas E. Cinnamond, Ada Evans, Dominic N. Fornaro, Sol J. Friedman, John S. Hebb III, John J. Kent, Charles J. Krysiak, Eli M. Lippman, Douglas Macnab, Alfred M. Porth, Maurice J. Pressman, Norman R. Stone, Jr., Joseph P. Wiley.

Telephone: 383-4700

This Commission was originally created by the Governor in 1959 to improve the Workmen's Compensation Law and to insure that changes in the law are made to improve the workmen's compensation system in accordance with the standards, but at the same time to insure that Maryland still remains competitive with the other states.

The Commission meets regularly and recommends to the Governor and the Legislature improvements in the law. The changes considered by this Commission are discussed with representatives of labor, management, and the insurance industry and have resulted in a greater understanding between the various interests. Its recommendations have been well accepted by the Legislature, as well as the workingman and the employer.

#### **WORKMEN'S COMPENSATION FUND BOARD**

*Chairperson:* H. Edward Vincent, 1983

Dominic N. Fornaro, 1983; Victor DiRienzo, 1983.

111 N. Charles Street

Telephone: 383-4720

The Board, created by Chapter 398, Acts of 1975, is composed of three members appointed by the Governor with the advice and consent of the Senate for four-year terms. One member represents labor, one member shall be from management, and one member shall be from the public sector.

The Board supervises, operates, and administers the subsequent injury fund, the uninsured employers' fund, and other funds created from time to time under this article, except the State Accident Fund (Code 1957, Art. 101, sec. 69A).

The Court of Appeals is the highest tribunal of the State of Maryland. It was created by the Constitution of 1776. From 1777 to 1805 the Court sat in Annapolis on the Western Shore. Between 1805 and 1851 it sat at Easton on the Eastern Shore as well. Since 1851 the Court has met only at Annapolis.

By the terms of the reorganization Act of 1960, Ch. 11, the Court is composed of seven judges, five of whom constitute a quorum. One judge is elected from each of the first five Appellate Judicial Circuits and two from the Sixth Appellate Judicial Circuit, which is Baltimore City. The Judges are appointed by the Governor and hold office until the next general election following the expiration of one year from the date of the vacancy, at which time the Judge shall stand election

for continuance in office for a term of ten years. The Governor designates the Chief Judge.

The Court of Appeals of Maryland has (1) jurisdiction to review a case or proceeding pending in or decided by the Court of Special Appeals in accordance with applicable law, and (2) exclusive appellate jurisdiction with respect to a question of law certified to it under the Uniform Certification of Questions of Law Act (Code Courts Article, sec. 12-307). The Court also admits all eligible candidates to the State Bar. The term of the Court begins the second Monday of September in each year (Code Courts Article, secs. 12-301 to 12-306).

The Chief Judge of the Court of Appeals is the chief administrative officer of the State's judiciary. The Court of Appeals makes rules for the conduct of its own practice and procedure and that of the various courts and districts of the State. The Chief Judge may also assign the Judges of the various Circuits to duties in other Circuits or Districts, the Court of Appeals, and the Court of Special Appeals for any purpose.

The Clerk of the Court of Appeals is appointed by the Court. He maintains the docket, receives the briefs and transcripts of all appeals filed with the Court, and maintains official custody of the decisions of the Court, the Acts of the General Assembly, and of all other records that the law may require to be filed with the Court (Const. 1867, Art. IV, sec. 17).

The creation of the Court of Special Appeals was authorized by an amendment to the Constitution, which was ratified on November 8, 1966. The implementing legislation creating the Court was provided by Chapters 11 and 12, Acts of 1966 (Const. 1867, Art. IV, sec. 14A; Courts Article, secs. 1-402; (a) and (b), 1-403 (a)-(c)).

The Court was originally composed of five judges, each of whom was elected from a special appellate circuit. Its jurisdiction was limited to hearing primarily criminal appeals except where the death sentence was imposed.

By Chapter 99, Acts of 1970, the number of judges was increased from five to nine. The special appellate judicial circuits were abolished and the new law provided that one judge should be elected from each of the five Appellate Judicial Circuits and two from the Sixth Appellate Judicial Circuit representing Baltimore City. By Chapter 361, Acts of 1972, the number of judges was increased from nine to ten. By Chapter 706, Acts of 1974, the number of judges was increased to twelve with five judges elected from the State at large. By Chapter 252, Acts of 1977, the number of judges was increased to thirteen with six judges elected from the State at large. Cases before the Court are to be heard by a panel of not less than three judges. The terms of the judges

are for ten years and the Governor designates one member of the court as the Chief Judge.

Chapter 2, Acts of 1973, Chapters 359 and 448, Acts of 1975, and Chapters 338 and 457, Acts of 1976, give the Court of Special Appeals exclusive initial appellate jurisdiction over any reviewable judgment, decree, order, or other action of a Circuit Court or Orphans' Court, except for appeals in criminal cases in which the death penalty is imposed (Chapter 3, Acts of 1978).

The Clerk of the Court of Special Appeals is appointed by the Court. He maintains the docket, receives the records and briefs of all appeals filed with the Court, and maintains official custody of the decisions of the Court.

A proposed constitutional amendment in 1969, which was ratified by the voters in the State at the November 1970 general election, brought into existence the Maryland District Court, a statewide court of limited jurisdiction. The initial implementing legislation for the court was contained in Chapter 528 of the Acts of 1970 and was further supplemented by Chapter 423, Acts of 1971, and by other 1971 legislation.

The court commenced operation on July 5, 1971, and functions on a statewide basis in every county in the State and Baltimore City. The District Court

is part of the State's judicial system, is a court of record, and replaces entirely the theretofore existing justices of the peace, the county trial magistrates, the People's Courts in certain counties, the People's Court of Baltimore City, and the Municipal Court of Baltimore City. It has uniform jurisdiction throughout the State and, in Montgomery County only, it has also been given juvenile court jurisdiction as existed prior thereto in the People's Court for that county. Although the District Court is a court of limited jurisdiction it has been given expanded jurisdiction over the prior existing lower court systems.

In accordance with constitutional provisions, the first Chief Judge of the District Court was appointed by the Governor. Subsequent chief judges will be appointed by the Chief Judge of the Court of Appeals from among the judges of the court. By statute the State is divided into twelve judicial districts. In addition to the Chief Judge, eighty-five associate judges are authorized by law. District Court judges are appointed by the Governor for ten-year terms, subject to confirmation by the Senate. At the expiration of a ten-year term, the name of the judge is automatically presented to the Senate for confirmation for an additional term. Judges must meet the same qualifications set out in the Constitution for judges of the appellate courts and courts of general jurisdiction. They must devote their full time to their judicial duties, and they are prohibited from engaging in any way in the practice of law.

Within the District Court system there is a Chief Clerk appointed by the Chief Judge. The Chief Judge also designates from among the judges an Administrative Judge for each district. Each district also has an administrative clerk. In addition, a District Court Clerk for each county within a district and all other necessary court employees are chosen. Further commissioners are appointed by the administrative judge of the district with the approval of the Chief Judge to function in each county and in Baltimore City as may be needed. The commissioners perform functions similar to the old Committing Magistrates with respect to issuance of arrest warrants, setting bail or collateral, or other terms of pre-trial release pending a hearing or incarceration prior to hearing.

The District Court has jurisdiction in criminal, traffic, and civil matters. It has virtually no equity jurisdiction and has juvenile jurisdiction in Montgomery County only. In criminal cases the court may conduct preliminary hearings in felony cases; it has general jurisdiction over misdemeanors, whether common law, statutory, or established by ordinance, and over criminal

violations of state and local regulations. In addition, it has jurisdiction over certain enumerated felonies if the amount or value of the goods taken or obtained by the party charged does not exceed \$500. Its jurisdiction is exclusive if the penalty may not exceed confinement for one day less than three years or a fine of \$2,999, or both. If the confinement is three years or more, or the fine is \$3,000 or above the jurisdiction is concurrent with the Circuit Court.

The traffic jurisdiction of the court extends to almost every violation of the Vehicle Law, if the offense is not classified as a felony.

In civil cases, the District Court has exclusive jurisdiction if the amount claimed does not exceed \$2,500 and in cases involving landlord and tenant replevin, forcible entry and detainer, and grantee suits regardless of amount involved. Where the claim exceeds \$2,500 and up to a maximum of \$5,000, it has concurrent jurisdiction with the trial courts of general jurisdiction. If the amount in controversy in a civil suit is in excess of \$500, then either party has the right to demand a jury trial, in which event, upon timely

demand being made, the case will be transferred from the District Court to a trial court of general jurisdiction. In criminal and traffic cases a right to trial by jury exists if the punishment for the crime may exceed confinement for a period of over three months. The State may not demand a jury trial.

Appeals from decisions of the District Court are taken to the Circuit Court in the county in which the judgment was rendered. In Baltimore City, criminal and traffic case appeals are taken to the Criminal Court of Baltimore City and civil cases to the Baltimore City Court. In criminal and traffic cases and in civil cases of less than \$500 the appeal shall be tried *de novo* unless the parties agree to an appeal on the record. In civil cases involving claims of more than \$500 the appeal shall be on the record. The time for noting an appeal in all cases must be within thirty days from the date of judgement in the District Court (Code 1957, Art. 26, secs. 139-157; Code Courts Article, secs. 1-601 through 1-608, 2-601 through 2-607, 4-301 through 4-304, 4-401 through 4-530, 6-403, 7-301, 7-302, 9-201, 11-402, 11-701 through 11-703, 12-401).

The Commission on Judicial Disabilities, originally created by Chapter 773, Acts of 1965, had its powers redefined by Chapter 506, Acts of 1967. The Act of 1965 was ratified on November 8, 1966, as an amendment to the Constitution (Const. 1867, Art. IV, secs. 4A and 4B). Originally, the Commission consisted of five members. Three of the members had to be judges, either of the Court of Appeals, the Circuit Courts, or the Supreme Bench of Baltimore City. One member had to be a lawyer with a minimum of fifteen years of law practice. One member represented the general public. Chapter 789, Acts of 1969, increased the membership of the Commission to seven members by adding an additional lawyer member and a member representing the District Courts. Members of the Commission are appointed by the Governor and serve four-year terms. Members must be citizens and residents of the State. Four members are appointed from among the Judges of the Appellate Courts, the Circuit Courts for the counties, the Supreme Bench of Baltimore City, and the District Court. Two members must be lawyers with a minimum of fifteen years of law practice, and one member must represent the public. The Commission elects its own Chairperson from among its membership.

The Commission is empowered to investigate complaints, conduct hearings, or take informal action as it deems necessary provided that the judge involved has been properly notified. Its operating procedures are as follows: The Commission conducts a preliminary investigation to determine whether to initiate formal proceedings, after which a hearing may be held regarding the judge's alleged misconduct or disability. If, as a result of these hearings, the Commission by a majority vote decides that a judge should be retired, censured, or publicly reprimanded it recommends that course of action to the Court of Appeals. The Court of Appeals may order a more severe discipline of the judge than the Commission recommends. In addition, the Commission has the power in limited situations to issue a private reprimand (Code 1957, Art. 40, sec. 45; Code Courts Article, secs. 13-401 through 13-403; Md. Rule 1227).

It currently consists of twenty-four members of whom five are judges, eighteen are practicing members of the Bar, and one a Circuit Court Clerk representing the Maryland State Court Clerks Association.

The Courts of Maryland were first authorized to examine persons seeking to practice law in 1715 (Acts 1715, Chap. 48, sec. 12). The examination of attorneys remained a function of the courts of the State until 1898, when the Legislature created the State Board of Law Examiners (Chapter 139, Acts of 1898). The Board is composed of seven members appointed by the judges of the Court of Appeals. Twice yearly, in the winter and summer, the Board conducts examinations for admission to the Bar. It also passes upon the petitions of attorneys from other states desiring admission and administers an Out-of-State Attorneys' Examination twice yearly. The Board passes upon appeals from the findings and recommendations of the Character Committees of the various circuits. Law students expecting to practice in Maryland must register their intentions with the Board. The Court of Appeals formulates the rules governing the Board, but the Board may prescribe rules for the conduct of examinations, providing such rules do not conflict with those made by the Court (Code 1957, Art. 10, secs. 2-8).

By Executive Orders of July 6, 1970, and July 17, 1970, respectively, the Governor of Maryland created the Governor's Commission on Appellate Judicial Selection and the Governor's Commissions on Trial Court Judicial Selection.

On December 18, 1974, the Governor issued an Executive Order restructuring the eight Trial Court Judicial Nominating Commissions and the Appellate Court Judicial Nominating Commission. Most of the changes included in the 1974 Order were based on recommendations made by the Maryland State Bar Association, Inc.

An additional change directly effecting the Administrative Office of the Courts was the designation of the State Court Administrator as ex officio secretary of all nine nominating commissions, with

authority to activate any commission in the event of an existing or foreseeable judicial vacancy. This change was intended both to expedite the filling of judicial vacancies and to provide staff support for the nominating commissions. On October 4, 1977, Acting Governor Lee issued an Executive Order making some changes in Commission procedures, but generally confirming the 1974 Order.

The 1977 Executive Order directs that certain members of each Judicial Nominating Commission should be lawyers elected by fellow lawyers of the State in an election conducted by the Administrative Office of the Courts pursuant to rules governing such elections promulgated by the Court of Appeals. The other members of each Judicial Nominating Committee are lay members appointed by the Governor from the general public with a chairperson for each selection commission also appointed by the Governor who may be either a lawyer or a lay member.

The Appellate Judicial Nominating Commission is composed of thirteen members from each of the six Appellate Judicial Circuits. The six elected members must be lawyers; the six lay members are appointed. The chairperson, who may be either a lawyer or lay member, is appointed from the State at large.

There are eight Trial Court Judicial Nominating Commissions, one for each of the eight Judicial Circuits in the State. Each of the Trial Court Commissions is composed of thirteen members, six of whom are lawyers and six of whom are lay members. Each of the six lawyer members is elected from the particular Judicial Circuit in which he maintains a principal office. The six appointed lay members from each Judicial Circuit must be residents and registered voters of that circuit and there must be at least one representative from each county if the Judicial Circuit is composed of more than one county. The chairperson of each commission, appointed from the Judicial Circuit in which he resides, must be a registered voter and may be either a lawyer or lay member.

The terms of the members of the Appellate Commission and the Trial Court Commissions are for four years. The terms of the present members expire in January 1979.

The function of the Appellate Nominating Commission and the Trial Court Nominating Commissions is to consider and pass upon the qualifications of proposed judicial appointees and to nominate to the Governor those fully qualified for vacant judicial offices to be filled by him on

the Court of Appeals, the Court of Special Appeals, the County Circuit Courts, the Supreme Bench of Baltimore City, and the District Court. The Executive Order binds the Governor to appoint from the list of nominees.

The Maryland Judicial Conference was informally organized in 1945. It was formally established in 1969 when the Court of Appeals promulgated Maryland Rule 1226.

The Conference consists of all judges of the Court of Appeals, Court of Special Appeals, the Circuit Courts for the counties, the Supreme Bench of Baltimore City, and the District Court. The Administrative Office of the Courts serves as secretariat for the Conference and all committees appointed by it. The Chief Judge of the Court of Appeals is Chairperson of the Conference and appoints all committees except the Executive Committee, which is elected by the Conference.

The Conference meets annually in plenary session. It conducts educational activities for the judges and considers "the status of judicial business in various courts," devises "means for relieving congestion of dockets where it may be necessary," considers "improvements of practice and procedure in the courts," considers and recommends legislation and exchanges "ideas with respect to the improvement of the administration of justice and the judicial system in Maryland."

The Court of Appeals created this Commission in 1975 to supervise and administer the discipline and the inactive status of attorneys. The Commission consists of seven attorneys appointed by the Court of Appeals for four-year terms. The Court designates the Chairperson. No member may serve more than one full term. The Court also created an Inquiry Committee as well as a Review Board to act on disciplinary cases. At the same time the Court of Appeals established a Disciplinary Fund, contributions to which are required of all practicing attorneys.

The staff of the Commission investigates and prosecutes misconduct of any attorney in Maryland. It is also responsible for the investigation of petitions for reinstatement (Rule 1100, Chap. BV).

The State Library was originally established by an act of the Legislature, Chapter 53, Acts of Assembly 1827, and at that time was an agency under the Executive branch. Its primary purpose was to serve the legal and general reference needs of the Legislative and Judicial branches of State government. The Library operated under this organizational structure until the Legislative session of 1978, when it was placed under the Judicial Department and given a new name (Chapter 128, Laws of 1978). This reorganization formalized a relationship that the Library had with the Courts since the establishment of the Library in 1827.

The Library Committee, which acts as the governing board of the Library, must be composed

of at least three members who are appointed by the Court of Appeals (Code Courts Article, sec. 13-502). This Committee's powers include appointment of a director of the Library, appropriate rule making, and purchase authorization for new titles (Code Courts Article, sec. 13-503).

Besides the primary purpose of serving the legal information needs of the State's Appellate Courts and other branches of State government, and also acting as a resource center for Circuit Court libraries throughout the State, the Library is open to the public and encourages the use of a number of extremely valuable reference resources—law, general reference materials, State and Federal government documents, and State and local history and genealogy. With a total collection well in excess of 130,000 volumes, this Library facility offers the researcher access to a unique information resource. The collection, which is basically composed of reference material, does not circulate except to State Agency personnel. Much of the collection, however, is available on interlibrary loan and photocopy facilities are available to patrons.

Law related material makes up the major portion of the total collection and contains reported court decisions from all appellate jurisdictions across the country in addition to some English speaking foreign countries. Legislative enactments, both in session law form and as statutory compilations, are also filed in the Library from almost every state and include all federal and some foreign statutes. The Library's legal periodical holdings include 260 current subscriptions from all the major law schools and many bar groups and commercial publishers. In addition there is a strong and growing collection of legal texts and topical looseleaf reporting services along with the other legal reference materials found in most law libraries.

The State and Federal government documents holdings is a vast area of valuable information. The Library has been a select U.S. Government depository for federal agency and congressional publications for many years and as a result has collected and indexed thousands of reference publications in the area of social sciences, economics, law enforcement, legislative histories, and numerous other disciplines. The Maryland government documents collection is probably the most complete retrospective holdings of State agency documents available. In addition, all local governments must file copies of their codes with the State Law Library.

A third distinct subject collection and a heavily used resource is the local history and genealogy collection. This resource, which has been actively developed over the years, complements much of the original source records researchers have access to in the Maryland Hall of Records and Maryland Historical Society. Included among the holdings are the Maryland census schedules from 1776 through 1900 with name indexes; a complete and invaluable original file of the earlier issues of the *Maryland Gazette* (1745-1838); a complete run of the *Baltimore Sun* (1837-date); and numerous county histories, family genealogies, and research guides.

Additional items of interest are the Library's holdings of rare books, early Maryland maps and documents, including the subscription

edition of James Audubon's four-volume elephant folios, *Birds of America*. Also on display in the Library are the classic lithograph prints of each of the official state birds for 35 states and the American Bald Eagle, commissioned by the Nature Society and painted by Richard Sloane. The State Law Library was designated as the official depository for these prints by the Governor in 1970.

Finally, the Library is to act as the distributing agency for the *Maryland Reports* and the *Maryland Appellate Reports* (Code Courts Article, sec. 13-504). The Library also distributes the *Annotated Code of Maryland* under the direction of the Board of Public Works. The Library publishes a bimonthly list entitled *Recent Acquisitions*, as well as miscellaneous bibliographies.

This Commission has general park and planning jurisdiction over the Maryland-Washington Metropolitan District created by Chapter 448, Acts of 1927, and the Maryland-Washington Regional District created by Chapter 714, Acts of 1939. Both districts are within Montgomery and Prince George's counties adjoining the District of Columbia, and embrace approximately 841 square miles and 987 square miles respectively. The estimated January 1, 1978, census population was 593,500 in Montgomery County and 677,100 in Prince George's County.

The 1977-1978 estimated taxable base of Montgomery County is \$6.2800 billion; the Regional

District is Assessable Base \$5.5806 billion; and the Metropolitan District is Assessable Base \$5.5806 billion. The 1977-1978 taxable base of Prince George's County is \$5.0250 billion; the Regional District is \$4.9537 billion; and the Metropolitan District is \$4.7536 billion.

The Commission has been given, through Public General Laws enacted by the Maryland General Assembly, definite jurisdiction over the regional planning of the Maryland-Washington Regional District, which includes all of Montgomery County and Prince George's County, excepting certain incorporated communities that retain their own planning and zoning authority.

The Commission is composed of ten members, five of whom must be residents of Montgomery County and five of whom must be residents of Prince George's County. Not more than three members from each county may be members of the same political party. Members of the Commission are appointed by the County Executive of Prince George's County and confirmed by the County Council. In Montgomery County, members of the Commission are appointed by the County Council and confirmed by the County Executive. Appointments to the Commission are for four-year terms. Vacancies are filled in the same manner as appointments and are for the unexpired term. The respective appointing authorities may, at their discretion, designate a member of the Commission from each county to serve on a full-time basis. Each appointing authority designates a member for the position of Chairperson and Vice-Chairperson of the Commission. The positions of Chairperson and Vice-Chairperson of the Commission alternate between the Chairpersons of the respective County Planning Boards on a fiscal-year basis.

The five members from each County constitute the County Planning Board. The Chairperson and the Vice-Chairperson of the Commission also act as Chairpersons, respectively, of their County Planning Boards. The Commission appoints its Executive Director, Secretary-Treasurer, and General Counsel, as well as other staff members as may be necessary. The respective County Parks Directors and County Planning Directors are also Commission appointees and act as Director of Parks and Director of Planning, for bi-county matters, in the years that coincide with those years in which the Chairperson of the same County's Planning Board serves as Chairperson of the Commission.

Within the Maryland-Washington Metropolitan District, the Commission is empowered to

acquire, develop, maintain, and operate a park system with recreational facilities, the expense of which, including debt service, is paid from a separate park tax levied within the district. The Commission is authorized to cooperate and negotiate with federal agencies for financial assistance and with other agencies in the park development program. In Prince George's County the Commission operates the County's recreation program.

Within the Maryland-Washington Regional District, the Commission is empowered to make, adopt, and amend a General Plan for the Physical Development of the District, which takes into account all factors of urban, suburban, rural, and regional planning. The two County Planning Boards have exclusive subdivision control, power and jurisdiction over street grades and locations, public buildings and utilities, and after the adoption of a Master Plan of Highways, over street naming and house numbering. The Planning Boards have advisory zoning powers, but the zoning ordinances and amendments are enacted by the County Councils sitting as District Councils for the portion of the district within their respective county. Through the Planning Boards the Commission recommends land use or zoning ordinances and similar ordinance subject matters to the respective District Councils. The administrative and planning expenses of the Commission are paid from an administrative tax levied within the regional district.

The taxes levied by the Commission, which are collected in both counties, are as follows for Fiscal Year 1977-1978:

<b>Montgomery County</b>

Administrative Tax	7.50¢	/ \$100

The Washington Suburban Sanitary Commission, the governing body of the Washington Suburban Sanitary District, created by Chapter 122, Acts of 1918, consists of six members, three of whom are from Prince George's County and three from Montgomery County, appointed by the governing body of each county.

When the Commission was organized the District's service area covered ninety-five square miles: forty-one miles in Montgomery County and fifty-four miles in Prince George's County. The District had a population of 32,000 and a total assessable tax base of \$20,000,000. In succeeding years, the General Assembly has made additions to the service area, and the Washington Suburban Sanitary District now contains about 1,000 square miles within Prince George's and Montgomery counties adjacent to the District of Columbia. The present Sanitary District has a population of more than 1,200,000 and an assessable tax base of approximately \$11,000,000,000.

The Commission provides for the construction, maintenance, and operation of water supply and sewerage systems; it has jurisdiction over storm drainage in Prince George's County only. It regulates and inspects plumbing and gas fitting installations in both counties. The Commission has been designated as the organization responsible for the administration, maintenance, and

operation of the Anacostia River Flood Control and Navigation Project. As of June 30, 1978, the water system and sewerage system of the Commission contained 3,373 and 3,314 miles of mains, respectively.

Two major sources of water now supply the Washington Suburban Sanitary Commission system. The Patuxent River, which the Commission has impounded with the construction of two dams near Brighton in Montgomery County and Laurel in Prince George's County, gives the Commission a yield of up to sixty-five million gallons a day through the Patuxent Filtration Plant. The Potomac River supplies raw water to the Potomac River Filtration Plant. This facility was opened in 1961 and has a capacity of almost 200 million gallons a day. The Potomac River plant will be expanded in stages to reach a peak production capacity of up to 400 million gallons a day. It serves both counties.

Much of the sewage from the Commission service area is transported through trunk sewers into the District of Columbia and is treated at the District's Blue Plains Pollution Control Plant. The Commission pays for this service on a metered volume basis, and it also contributes its share to capital improvement of the Blue Plains facility. Sewage disposal plants operated by the Washington Suburban Sanitary Commission are near Laurel, at Piscataway Bay, and at the Western Branch of the Patuxent River. The Commission also operates several smaller interim wastewater plants.

Ten-Year Water and Sewer Plans for Montgomery and Prince George's counties, formerly drafted by the Washington Suburban Sanitary Commission, are now prepared by the respective county governments. The Washington Suburban Sanitary Commission annual budget also is subject to joint approval by the governing bodies of Montgomery and Prince George's counties. The Washington Suburban Sanitary Commission has the responsibility for setting customer rates pertinent to Washington Suburban Sanitary Commission functions in its Suburban Maryland service area. Significant legislative enactments by the Maryland General Assembly include: Acts 1918, Ch. 122; Acts 1929, Ch. 362; Acts 1937, Ch. 391; Acts 1943, Ch. 451; Acts 1947, Ch. 733; Acts 1949, Ch. 728; Acts 1953, Ch. 430, 434; Acts 1955, Ch. 79, 117; Acts 1957, Ch. 624; Acts 1959, Ch. 618; Acts 1961, Ch. 740; Acts 1963, Ch. 483, 828; Acts 1965, Ch. 819, 834, 896; Acts 1966, Ch. 679; Acts 1967, Ch. 53, 54; Acts 1968, Ch. 628, 703; Acts 1969, Ch. 700; Acts 1970, Ch. 337, 468, 513; Acts 1971, Ch. 113, 115, 714;

The Washington Suburban Transit Commission, created by Chapter 870, Acts of 1965, consists of seven commissioners, three of whom are appointed by the Montgomery County Executive, three by the Prince George's County Executive, and the Secretary of Transportation, who serves ex officio. Commissioners who are appointed serve at the pleasure of the Executive, and commissioners who are not appointed from among the members of the governing bodies serve for a period of three years. By law, chairpersonship of the Commission rotates on an annual basis between Montgomery and Prince George's counties.

The Commission was established for the purpose of administering the activities and functions of the Washington Suburban Transit District, with powers to develop, on a bi-county basis, a transportation system including mass transit facilities for the needs and growth of both counties. The Commission appoints two of its members and two alternates to the Board of Directors of the Washington Metropolitan Area Transit Authority (WMATA), the interstate agency charged with the overall responsibility of planning, financing, and operating the regional rapid rail and bus

transit systems for the Washington metropolitan area. The Commission works in conjunction with the interstate authority in the development of the regional rapid rail transit system, which has been under construction since December 1969. The first segment of the system—4.5 miles extending from the Rhode Island Avenue Station to Farragut North Station in downtown Washington, D. C.—began revenue operations March 29, 1976. With completion of an additional 5.5 miles of track, the Red Line was extended from the Rhode Island Station to Silver Spring, where the first Maryland Station was ceremoniously opened for revenue operations on February 6, 1978.

In February 1973, the interstate authority acquired the operations of the areas' four privately-owned bus companies and began immediate plans for improving transit service in Montgomery and Prince George's counties. The Commission acts as the financial conduit through which funding of mass transportation projects within the counties take place. The Commission acts as the coordinating body with regard to mass transit matters within the bi-county area, and as such coordinates mass transit activities of the two county governments with each other, with the Washington Metropolitan Area Transit Authority, and with the Maryland Department of Transportation.

## COUNTY GOVERNMENT IN MARYLAND

Since the nineteenth century, most Maryland counties have been governed by County Commissioners. Today, with a Board of County Commissioners serving executive and legislative functions, twelve counties continue this form: Calvert, Caroline, Carroll, Cecil, Charles, Dorchester, Frederick, Garrett, Queen Anne's, St. Mary's, Somerset, and Washington.

In recent decades the citizens of several counties have adopted alternative modes of government. Eight counties, Montgomery (in 1948), Baltimore (in 1956), Anne Arundel and Wicomico (in 1964), Howard (in 1968), Prince George's (in 1970), Harford (in 1972), and Talbot (in 1973) have adopted charter governments with special departments and officers that perform functions formerly exercised by the Board of County Commissioners. Three additional counties, Kent in 1970, Allegany in 1974, and Worcester in 1976, have adopted the optional powers of home rule as provided in Article XIF of the Constitution and Article 25B of the 1957 Code. For provisions relating to the counties that do not fall into these categories, see Article 25 of the Code as amended. Even in these counties, however, most of the traditional offices remain, and though many of them are not regulated by charter they work side by side with the new departments (Const. 1867, Art. XIA; Code 1957, Art. 25A, as amended). For this reason the officers of all counties, regardless of the type of county government, are listed according to function rather than according to the legal or administrative relationships their charters have created.

### METHODS OF APPOINTMENT

#### JUDICIAL OFFICERS

*Circuit Court Resident Judges:* Elected by the voters of the First, Second, and Eighth Judicial Circuits and in other circuits by the voters of the county for fifteen-year terms (Const. 1867, Art. IV, secs. 19-26; Courts Art., secs. 1-501 through 1-503).

*Circuit Court Clerks:* Elected by the voters of the county for four-year terms (Const. 1867, Art. IV, sec. 25; Courts Art., secs. 2-201 through 2-206).

*District Court Judges:* Appointed by the Governor with the advice and consent of the Senate for ten-year terms or until mandatory retirement is reached at the age of seventy. The District Court system replaced the previously existing justices of the peace, county trial magistrates, people's courts, the Municipal Court of Baltimore City, and other courts of limited jurisdiction (Const. 1867, Art. IV, sec. 41-D; Courts Art., secs. 1-601 through 1-605).

*District Court Administrative Clerks:* Appointed by the chief judge of the District Court upon the recommendation of the administrative judge of the District (Const. 1867, Art. IV, sec. 41-F; Courts Art., sec. 2-602).

*Orphans' Court Judges:* Elected by the voters of Baltimore City and each county for four-year terms, except in Montgomery and Harford counties where the Circuit Court judges perform that function. The Governor designates the chief judge (Const. 1867, Art. IV, secs. 20, 40; Code 1957, Art. 93).

*Registers of Wills:* Elected by the voters of the county for four-year terms (Const. 1867, Art. IV, sec. 41; Code 1957, Art. 93).

*Sheriffs:* Elected by the voters of the county for four-year terms (Const. 1867, Art. IV, sec. 44; Code 1957, Art. 87; Courts Art., secs. 2-301 through 2-309).

*State's Attorneys:* Elected by the voters of the county for four-year terms (Const. 1867, Art. V, sec. 7-12).

*District Public Defenders:* Appointed by the Public Defender with the approval of the Board of Trustees of the Public Defender System (Code 1957, Art. 27A, sec. 3).

#### ADMINISTRATIVE OFFICERS

##### A. CHARTER COUNTIES OF MARYLAND

*County Executives:* Elected by the voters for four-year terms (Const. 1867, Art. XI-A, sec. 3). Of the charter counties, Wicomico and Talbot only have no elected County Executive. The executive

authority of both these counties is vested in the County Council in executive session.

*County Councils:* Elected by the voters for four-year terms. In each county except Harford County, where the voters elect the presiding officer, all presiding officers are chosen by the County Council itself (Const. 1867, Art. XI-A, sec. 3; Code 1957, Art. 25A, secs. 2-3).

*Secretary to County Councils:* Appointed by the Council for an indefinite term. In Prince George's County the position is called the Clerk to the County Council (Code 1957, Art. 25A, sec. 5(Q)).

*County Boards of Appeals:* In the charter counties, members are appointed by the County Council to serve such terms as may be provided in that county's charter. In Anne Arundel County the Board consists of five members who serve four-year terms. In Baltimore County the Board has three members and two alternate members who serve for three years. In Howard County the Board has three members who serve for three years. In Montgomery County terms are for three years. In Talbot County the Board consists of five members appointed by the Council for three-year terms (Code 1957, Art. 25A, sec. 5(U)).

*Directors of Administration:* In Anne Arundel County the County Executive makes the appointment. In Wicomico and Talbot counties it is by the County Council. In all other counties the County Executive makes the appointment subject to Council approval. In Talbot County the County Manager is the chief administrative officer and is appointed by the Council.

*Directors of Finance:* In Anne Arundel County the position is called the Controller and the appointment is made by the Director of Administration. In Baltimore County he is appointed by the County Administrative Officer with the consent of the County Executive. In Howard County he is appointed by the County Executive. In Montgomery and Prince George's counties he is appointed by the Executive with the approval of the County Council. In Wicomico County he is appointed by the Administrative Director subject to confirmation by the County Council. In Talbot County the County Manager performs these duties.

*County Attorney:* In Montgomery and Prince George's counties he is appointed by the County Executive subject to Council confirmation and in Wicomico and Talbot counties by the Council. In Anne Arundel, Harford, and Howard counties he is appointed by the County Executive.

- 1732-1771. Frederick Calvert, sixth Lord Baltimore. Succeeded to title on death of Charles, April 24, 1751.

He was bequeathed the Province of Maryland in Frederick's will. After the Revolution, Harford relinquished his claim to Maryland in return for a monetary grant from the British government.

### COLONIAL GOVERNORS

- 1634-1644/5. Leonard Calvert. Prior to the granting of the Charter to Cecilius Calvert, Captain William Claiborne, acting under a commission from the King, had established a trading post and plantation on Kent Island in 1631. He was driven from the island by Leonard Calvert a few months after the colonists landed. Calvert had occasion to leave the colony several times, usually for only a month or two, but once for over a year. During his absences the following men governed the province: 1637/8 and 1638, John Lewger; 1638 and 1641, Captain Thomas Cornwaleys; 1643-1644, Giles Brent; 1644, William Brainthwait.
- 1644/5-1646. Captain Richard Ingle. Usurped the government and maintained control until about the middle of 1646.
1646. Captain Edward Hill. Elected Governor by the Council while Leonard Calvert was still in Virginia, Hill also claimed to have a commission from Calvert. His appointment was illegal, as he was not a member of the Council when elected, and Calvert was out of the province when the commission was issued. He does seem to have held office, however, for he later attempted to collect certain fees and emoluments that were due him by virtue of his service.
- 1646-1647. Leonard Calvert.
- 1647-1648/9. Thomas Greene.
- 1649-1651/2. Captain William Stone. During absences from the province he left the following men to act in his place: 1649, Thomas Greene; 1650, Thomas Hatton.
1652. Parliamentary Commissioners.
- 1652-1654. Captain William Stone.
- 1654-1657. Commissioners appointed by the Parliamentary Commissioners.
- 1657-1660. Josias Fendall. Appointed Luke Barber to serve in his place while he was absent from the province from June 1657 to February 1657/8.
- 1660-1661. Philip Calvert.
- 1661-1676. Charles Calvert. Left Philip Calvert, William Calvert, Jerome White, and Baker Brooke as deputies governing the colony from May 1669 to November 1670 while he was in England. On November 30, 1675, his father died, and he became Lord Proprietary.
1676. Jesse Wharton. Cecilius Calvert, infant son of the Lord Proprietary, was the nominal governor from June to October 1676, but actually the province was governed by the deputy governors.
- 1676-1679. Thomas Notley. Succeeded Wharton as deputy governor, and later, in October 1676, was commissioned governor by the Lord Proprietary.

- 1678/9-1684. Charles Calvert, Lord Proprietary. Calvert was definitely back in the province by January 1678/9, perhaps earlier, but he appears to have permitted Notley to retain the title of governor until his death in April 1679.
- 1684-1688. Council of Deputy Governors. Benedict Leonard Calvert, infant son of the Lord Proprietary, was commissioned governor, but the duties were actually performed by the deputies. The deputies named in the commission were George Talbot, Thomas Tailler, Colonel Vincent Lowe, Colonel William Stevens, Colonel William Burgess, Major Nicholas Sewall, and John Darnall. Most of them served the entire period indicated, but there were a few changes.
- 1688-1689. William Joseph. Named president of the Council of Deputies in a commission from the Lord Proprietary.
- 1689-1690. John Coode. Leader of the Protestant Associators who seized the government on August 1, 1689.
- 1690-1692. Nehemiah Blackiston. Appointed president of the Committee for the Government of Maryland when Coode went to England.
- 1692-1693. Sir Lionel Copley.
1693. Sir Thomas Lawrence. Elected governor after the death of Copley, but had served only a week or two when Sir Edmund Andros arrived in Maryland to assume control of the government.
1693. Sir Edmund Andros. Remained in Maryland about ten days before returning to Virginia.
- 1693-1694. Colonel Nicholas Greenberry. Appointed president of the Council by Andros.
1694. Sir Edmund Andros. Remained in Maryland about a week.
1694. Sir Thomas Lawrence. Appointed president of the Council by Andros.
- 1694-1698/9. Sir Francis Nicholson.
- 1698/9-1702. Colonel Nathaniel Blackiston.
- 1702-1704. Thomas Tench. Appointed president of the Council by Blackiston.
- 1704-1709. Colonel John Seymour.
- 1709-1714. Major General Edward Lloyd. Elected president of the Council when Colonel Francis Jenkins, who was senior member of the Council and thus entitled to succeed Seymour, failed to assert his right promptly.
- 1714-1715. John Hart.
- 1715-1720. John Hart. Continued to serve as governor after control of the province was returned to Charles, fifth Lord Baltimore, a professed Protestant.
1720. Thomas Brooke. Became president of the Council by virtue of his seniority when Hart returned to England.
- 1720-1727. Charles Calvert.
- 1727-1731. Benedict Leonard Calvert.
- 1731-1732. Samuel Ogle.
- 1732-1733. Charles Calvert, Lord Proprietary.
- 1733-1742. Samuel Ogle.
- 1742-1746/7. Thomas Bladen.
- 1746/7-1752. Samuel Ogle.
- 1752-1753. Benjamin Tasker. Became president of the Council upon the death of Governor Ogle.
- 1753-1769. Horatio Sharpe.
- 1769-1776. Robert Eden. Eden was in England from May to November 1774, during which time Richard Lee, president of the Council, governed the province. Lee also governed the province briefly in 1776 during the interval between the departure of Eden and the assumption of the government by the Convention.

## REVOLUTIONARY INTERREGNUM

During the years 1774-1776, the powers of government increasingly came to be exercised by extra legal assemblies. In all there were nine meetings of six appointed or duly elected provincial conventions. Apparently neither contemporaries nor subsequent publishers of the extant proceedings were certain how to differentiate separately elected and self-contained conventions from those sessions that were merely a continuation of an adjourned meeting. This confusion

partly results from the ambiguity of the surviving journals. On July 3, 1776, the penultimate Convention decreed that its own dissolution date would be August 1, 1776. The last entry on July 6, however, recorded that "the convention adjourns till Thursday the first day of August next...." For convenience each session is listed below as a distinct convention, although there were elections only to the second, fourth, fifth, sixth, and ninth.

It was inconvenient for so large a group (at one meeting there were 141 delegates) to remain in continuous session; therefore, Councils of Safety were elected by the Conventions to exercise executive power during the intervals between Convention meetings. With some exceptions, the Councils of Safety were composed of nine members, five from the Western Shore and four from the Eastern Shore. The Convention, which met from August 14, 1776, about six weeks after the Declaration of Independence, through November 11, 1776, framed the Constitution that governed Maryland until 1851. The General Assembly established by the Constitution began meeting on February 5, 1777, but the Council of Safety continued to function as the executive body of the State until March 20 of the same year. On March 22, 1777, the Assembly adopted a resolution "for dissolving the Council of Safety and Vesting the Governor and Council with their Powers." The Governor and Council had qualified two days earlier on March 20, and they immediately began to perform the duties assigned to them.

The office of lieutenant governor was created by the Constitution of 1864 (Art. 2, Sec. 6). He served as president of the Senate, and acted as governor in case of the death, resignation, removal from the state, or other disqualification of the governor. The Constitution of 1867 contained a special provision that the governor could serve out the full term for which he had been elected, which expired on the second Wednesday of January 1869. This provision did not apply to the other officers who had been elected in 1864.

The office was reestablished by a Constitutional Amendment (Chapter 532, Acts of 1970) ratified by the people on November 3, 1970.

IV. Prerogatives, Royalties, Liberties, Immunities, and royal Rights, and temporal Franchises whatsoever, as well by Sea as by Land, within the Region, Island, Islets, and Limits aforesaid, to be had, exercised, used, and enjoyed, as any Bishop of *Durham*, within the Bishoprick or County Palatine of *Durham*, in our Kingdom of *England*, ever heretofore hath had, held, used, or enjoyed, or of Right could, or ought to have, hold, use or enjoy.

V. AND WE do by these presents, for US, our Heirs and Successors, MAKE, CREATE and CONSTITUTE HIM, the now Baron of BALTIMORE, and his Heirs, the TRUE and ABSOLUTE LORDS and PROPRIETARIES of the Region aforesaid, and of all other the Premises (except the before excepted) saving always the Faith and Allegiance and Sovereign Dominion due to US, our Heirs, and Successors; to HAVE, HOLD, POSSESS, and ENJOY the aforesaid Region, Islands, Islets, and other the Premises, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to the sole and proper Behoof and Use of him, the now Baron of BALTIMORE, his Heirs and Assigns, forever. To HOLD of US, our Heirs and Successors, Kings of *England*, as of our Castle of *Windsor*, in our County of *Berks*, in free and common SOCCAGE, by Fealty only for all Services, and not *in Capite*, nor by Knight's Service, YIELDING therefore unto US, our Heirs and Successors, TWO INDIAN ARROWS of those Parts, to be delivered at the said Castle of *Windsor*, every Year, on Tuesday in Easter-week: and also the fifth Part of all Gold and Silver Ore, which shall happen from Time to Time, to be found within the aforesaid Limits.

VI. Now, That the aforesaid Region, thus by us granted and described, may be eminently distinguished above all other Regions of that Territory, and decorated with more ample Titles, KNOW YE, that WE, of our more especial Grace, certain Knowledge, and mere Motion, have thought fit that the said Region and Islands be erected into a PROVINCE, as out of the Plenitude of our royal Power and Prerogative, WE do, for Us, our Heirs and Successors, ERECT and INCORPORATE the same into a PROVINCE, and nominate the same MARYLAND, by which name WE will that it shall from henceforth be called.

VII. AND forasmuch as WE have above made and ordained the aforesaid now Baron of BALTIMORE, the true LORD and PROPRIETARY of the whole PROVINCE aforesaid, KNOW YE therefore further, that WE, for Us, our Heirs and Successors do grant unto the said now Baron, (in whose Fidelity, Prudence, Justice, and provident

Circumspection of Mind, WE repose the greatest Confidence) and to his Heirs, for the good and happy Government of the said PROVINCE, free, full, and absolute Power, by the Tenor of these Presents, to Ordain, Make, and Enact LAWS, of what kind soever, according to their sound Discretions, whether relating to the Public State of the said PROVINCE, or the private Utility of Individuals, of and with the Advice, Assent, and Approbation of the Free-Men of the same PROVINCE, or of the great Part of them, or of their Delegates or Deputies, whom WE will shall be called together for the framing of LAWS, when, and as often as Need shall require, by the aforesaid now Baron of BALTIMORE, and his Heirs, and in the Form which shall seem best to him or them, and the same to publish under the Seal of the aforesaid now Baron of BALTIMORE, and his Heirs, and duly to execute the same upon all Persons, for the Time being, within the aforesaid PROVINCE, and the Limits thereof, or under his or their Government and Power, in Sailing toward MARYLAND, or thence Returning, Outwardbound, either to *England*, or elsewhere, whether to any other Part of Our, or of any foreign Dominions, wheresoever established, by the Imposition of Fines, Imprisonment, and other Punishment whatsoever; even if it be necessary, and the Quality of the Offence require it, by Privation of Member, or Life, by him the aforesaid now Baron of BALTIMORE, and his Heirs, or by his or their Deputy, Lieutenant, Judges, Justices, Magistrates, Officers, and Ministers, to be constituted and appointed according to the Tenor and true Intent of these Presents, and to constitute and ordain Judges, Justices, Magistrates and Officers, of what Kind, for what Cause, and with what Power soever, within that Land, and the Sea of those Parts, and in such Form as to the said now Baron of BALTIMORE, or his Heirs, shall seem most fitting: And also to Remit, Release, Pardon, and Abolish, all Crimes and Offences whatsoever against such Laws, whether before, or after Judgment passed; to do all and singular other Things belonging to the Completion of Justice, and to Courts, Prætorian Judicatories, and Tribunals, judicial Forms and Modes of Proceedings, although express Mention thereof in these Presents be not made; and, by Judges by them delegated, to award Process, hold Pleas, and determine in those Courts, Prætorian Judicatories, and Tribunals, in all Actions, Suits, Causes, and Matters whatsoever, as well Criminal as Personal, Real and Mixed, and Prætorian: Which said Laws, so to be published as above said, WE will, enjoin, charge, and command, to be the most absolute and firm in Law, and to be kept in those Parts by all the Subjects and Liege-Men of US, our Heirs and

Successors, so far as they concern them, and to be inviolably observed under the Penalties therein expressed, or to be expressed. So NEVERTHELESS, that the Laws aforesaid be Consonant to Reason, and be not repugnant or contrary, but (so far as conveniently may be) agreeable to the Laws, Statutes, Customs and rights of this Our Kingdom of *England*.

VIII. AND FORASMUCH as, in the Government of so great a PROVINCE, sudden Accidents may frequently happen, to which it will be necessary to apply a Remedy, before the Freeholders of the said PROVINCE, their Delegates, or Deputies, can be called together for the framing of Laws; neither will it be fit that so great a number of People should immediately, on such emergent Occasion, be called together, WE THEREFORE, for the better Government of so great a PROVINCE, do Will and Ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the said now Baron of BALTIMORE, and to his Heirs, that the aforesaid now Baron of BALTIMORE, and his Heirs, by themselves, or by their Magistrates and Officers, thereunto duly to be constituted as aforesaid, may, and can make and constitute fit and wholesom Ordinances from Time to Time, to be kept and observed within the PROVINCE aforesaid, as well for the Conservation of the Peace, as for the Better Government of the People inhabiting therein, and publickly to notify the same to all Persons whom the same in anywise do or may affect. Which Ordinances WE will to be inviolably observed within the said PROVINCE, under the Pains to be expressed in the same. So that the said Ordinances be Consonant to Reason, and be not repugnant nor contrary, but (so far as conveniently may be done) agreeable to the Laws, Statutes, or Rights of our Kingdom of *England*: and so that the same Ordinances do not, in any Sort, extend to oblige, bind, charge, or take away the Right or Interest of any Person or Persons, of, or in Member, Life, Freehold, Goods or Chattels.

IX. FURTHERMORE, that the New Colony may more happily increase by a Multitude of People resorting thither, and at the same Time may be more firmly secured from the Incursions of Savages, or of other Enemies, Pirates, and Ravagers: WE therefore, for US, our Heirs and Successors, do by these Presents give and grant Power, Licence and Liberty, to all the Liege-Men and Subjects, present and future, of US, our Heirs and Successors, except such to whom it shall be expressly forbidden, to transport themselves and their Families to the said PROVINCE with fitting Vessels, and suitable provisions, and therein to settle, dwell, and inhabit; and to build

and fortify Castles, Forts, and other Places of Strength, at the Appointment of the aforesaid now Baron of BALTIMORE, and his Heirs, for the Public and their own Defense; the Statute of Fugitives, or any other whatsoever to the contrary of the Premises in any wise notwithstanding.

X. WE will also, out of our more abundant Grace, for US, our Heirs and Successors, do firmly charge, constitute, ordain, and commend, that the said PROVINCE be of our Allegiance; and that all and singular the Subjects and Liege-men of US, our Heirs and Successors, transplanted, or hereafter to be transplanted into the PROVINCE aforesaid, and the children of them, and of others their Descendants, whether already born there, or hereafter to be born, be and shall be natives and Liege-Men of US, our Heirs and Successors, of our Kingdom of *England* and *Ireland*; and in all Things shall be held, treated, reputed, and esteemed as the faithful Liege-Men of US, and our Heirs and Successors, born within our Kingdom of *England*; also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever, within our Kingdom of *England*, and other our Dominions, to inherit, or otherwise purchase, receive, take, have, hold, buy, and possess, and the same to use and enjoy, and the same to give, sell, alien and bequeath; and likewise all Privileges, Franchises and Liberties of this our Kingdom of *England*, freely, quietly, and peaceably to have and possess, and the same may use and enjoy in the same Manner as our Liege-Men born, or to be born within our same Kingdom of *England*, without Impediment, Molestation, Vexation, Impeachment, or Grievance of US, or any of our Heirs or Successors; any Statute, Act, Ordinance, or Provisions to the contrary thereof, notwithstanding.

XI. FURTHERMORE, That our Subjects may be incited to undertake this Expedition with a ready and chearful Mind: KNOW YE, that WE, of our especial Grace, certain Knowledge, and mere Motion, do, by the Tenor of these Presents, give and grant, as well to the aforesaid Baron of BALTIMORE, and to his Heirs, as to all other Persons who shall from Time to Time repair to the said Province, either for the sake of Inhabiting, or of Trading with the Inhabitants of the Province aforesaid, full License to Ship and Lade in any the Ports of US, our Heirs and Successors, all and singular their Goods, as well moveable as immoveable, Wares and Merchandise, likewise Grain of what Sort soever, and other Things whatsoever necessary for Food and Clothing, by the Laws and Statutes of our Kingdoms and Dominions, not prohibited to be transported out

of the said Kingdoms; and the same to transport, by themselves, or their Servants or Assigns, into the said PROVINCE, without the Impediment or Molestation of US, our Heirs or Successors, or of any officers of US, our Heirs or Successors, (SAVING unto US, our Heirs and Successors, the Impositions, Subsidies, Customs, and other Dues payable for the same Goods and Merchandizes) any Statute, Act, Ordinance, or other Thing whatsoever to the contrary notwithstanding.

XII. BUT BECAUSE, that in so remote a Region, placed among so many barbarous Nations, the Incursions as well of the Barbarians themselves, as of other Enemies, Pirates and Ravagers, probably will be feared, THEREFORE WE have Given, and for US, our Heirs, and Successors, do Give by these Presents, as full and unrestrained Power, as any Captain-General of an Army ever hath had, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, by themselves or by their Captains, or other Officers, to summon to their Standards, or to array all Men, of whatsoever Condition, or wheresoever born, for the Time being, in the said Province of MARYLAND, to wage War, and to pursue, even beyond the Limits of their Province, the Enemies and Ravagers aforesaid, infesting those Parts by Land and by Sea, and (if GOD shall grant it) to vanquish and captivate them, and the Captives to put to Death, or, according to their Discretion, to save, and to do all other and singular the Things which appertain, or have been accustomed to appertain unto the Authority and Office of a Captain-General of an Army.

XIII. We also WILL, and by this our CHARTER, do Give unto the aforesaid now Baron of BALTIMORE, and to his Heirs, and Assigns, Power, Liberty, and Authority, that, in Case of Rebellion, sudden Tumult, or Sedition, if any (which GOD forbid) should happen to arise, whether upon Land within the PROVINCE aforesaid, or upon the High Sea in making a Voyage to the said PROVINCE of MARYLAND, or in returning thence, they may, by themselves, or by their Captains, or other Officers, thereunto deputed under their Seals (to whom WE, for US, our Heirs and Successors, by these Presents, do Give and Grant the fullest Power and Authority) exercise Martial Law as freely, and in as ample Manner and Form, as any Captain-General of an Army, by virtue of his Office may, or hath accustomed to use the same, against the seditious Authors of Innovations in those Parts, withdrawing themselves from the Government of him or them, refusing to serve in War, flying over to the Enemy, exceeding their Leave of Absence,

Deserters, or otherwise howsoever offending against the Rule, Law, or Discipline of War.

XIV. MOREOVER, lest in so remote and far distant a Region, every Access to Honours and Dignities may seem to be precluded, and utterly barred to, Men well born, who are preparing to engage in the present Expedition, and desirous of deserving well, both in Peace and War, of US, and our Kingdoms; for this Cause, WE, for US, our Heirs and Successors, do give free and plenary Power to the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to confer Favours, Rewards and Honours, upon such Subjects, inhabiting within the PROVINCE aforesaid, as shall be well deserving, and to adorn them with whatsoever Titles and Dignities they shall appoint; (so that they be not such as are now used in *England*) also to erect and incorporate Towns into BURROUGHS, and Burroughs into CITIES, with suitable Privileges and Immunities, according to the Merits of the Inhabitants, and Convenience of the places; and to do all and singular other Things in the Premises, which to him or them shall seem fitting and convenient; even although they shall be such as, in their own Nature, require a more special Commandment and Warrant than in these Presents may be expressed.

XV. WE WILL also, and by these Presents do, for US, our Heirs and Successors, give and grant Licence by this our CHARTER, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and to all Persons whatsoever, who are, or shall be Residents and Inhabitants of the PROVINCE aforesaid, freely to import and unlade, by themselves, their Servants, Factors or Assigns, all Wares and Merchandizes whatsoever, which shall be collected out of the Fruits and Commodities of the said PROVINCE, whether the Product of the Land or the Sea, into any the Ports whatsoever of US, our Heirs and Successors, of *England* or *Ireland*, or otherwise to dispose of the same there; and, if Need be, within One Year, to be computed immediately from the Time of unlading thereof, to lade the same Merchandizes again, in the same, or other Ships, and to export the same to any other Countries they shall think proper, whether belonging to US, or any foreign Power which shall be in Amity with US, our Heirs or Successors: Provided always, that they be bound to pay for the same to US, our Heirs and Successors, such Customs and Impositions, Subsidies and Taxes, as our other Subjects of our Kingdom of *England*, for the Time being shall be bound to pay, beyond which WE WILL that the Inhabitants of the aforesaid PROVINCE of the said Land, called MARYLAND, shall not be burdened.

XVI. AND FURTHERMORE, of our more ample special Grace, and of our certain Knowledge, and mere Motion, WE do, for US, our Heirs and Successors, grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Power and Authority to make, erect, and constitute, within the PROVINCE of MARYLAND, and the islands and Islets aforesaid, such, and so many Sea-Ports, Harbours, Creeks, and other Places of Unlading and Discharge of Goods and Merchandizes out of Ships, Boats, and other Vessels, and of Lading in the same, and in so many, and such places, and with such Rights, Jurisdictions, Liberties, and Privileges, unto such Ports respecting, as to him or them shall seem most expedient: And, that all and every the Ships, Boats, and other Vessels whatsoever, coming to, or going from the PROVINCE aforesaid, for the Sake of Merchandizing, shall be laden and unladen at such Ports only as shall be so erected and constituted by the said now Baron of BALTIMORE, his Heirs and Assigns, any Usage, Custom, or any other Thing whatsoever to the contrary notwithstanding. SAVING always to US, our Heirs and Successors, and to all the Subjects of our Kingdoms of *England* and *Ireland*, of US, our Heirs and Successors, the Liberty of Fishing for Sea-Fish as well in the Sea, Bays, Straits and navigable Rivers, as in the Harbours, Bays, and Creeks of the PROVINCE aforesaid; and the Privilege of Salting and Drying Fish on the Shores of the same PROVINCE; and, for that Cause, to cut down and take Hedging-Wood and Twigs there growing, and to build Huts and Cabins, necessary in this Behalf, in the same Manner as heretofore they reasonably might, or have used to do. Which Liberties and Privileges, the said Subjects of US, our Heirs and Successors, shall enjoy, without notable Damage or Injury in any wise to be done to the aforesaid now Baron of BALTIMORE, his Heirs or Assigns, or to the Residents and Inhabitants of the same PROVINCE in the Ports, Creeks, and Shores aforesaid, and especially in the Woods and Trees there growing. And if any Person shall do damage or Injury of this kind, he shall incur the Peril and Pain of the heavy Displeasure of US, our Heirs and Successors, and of the due Chastisement of the Laws, besides making Satisfaction.

XVII. MOREOVER, WE will, appoint, and ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, that the same Baron of BALTIMORE, his Heirs and Assigns, from Time to Time, for ever, shall have,

and enjoy the Taxes and Subsidies payable, or arising within the Ports, Harbours, and other Creeks and Places aforesaid, within the PROVINCE aforesaid, for Wares bought and sold, and Things there to be laden, and unladen, to be reasonably assessed by them, and the People there as aforesaid, on emergent Occasion; to Whom WE grant Power by these Presents, for US, our Heirs and Successors, to assess and impose the said taxes and Subsidies there, upon just Cause, and in due Proportion.

XVIII. AND FURTHERMORE, of our special Grace, and certain Knowledge, and mere Motion, WE have given, granted, and confirmed, and by these Presents, for US, our Heirs and Successors, do give, grant, and confirm, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Licence, Power, and Authority, that he, the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, from Time to Time hereafter, for ever, may and can, at his or their Will and Pleasure, assign, alien, grant, demise, or enfeoff so many, such, and proportionate Parts and Parcels of the Premises, to any Person or Persons willing to purchase the same, as they shall think convenient, to have and to hold to the same Person or Persons willing to take or purchase to same, and his and their Heirs and Assigns, in Fee-Simple, or Fee-tail, or for Term of Life, Lives, or Years; to hold of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, by so many, such, and so great Services, Customs and Rents OF THIS KIND, as to the same now Baron of Baltimore, his Heirs and Assigns, shall seem fit and agreeable, and not immediately of US, our Heirs or Successors. And WE do give, and by these Presents, for US, our Heirs and Successors, do grant to the same Person and Persons, and to each and every of them, Licence, Authority and Power, that such Person and Persons, may take the premisses, or any Parcel thereof, of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and hold the same to them and their Assigns, or their Heirs, of the aforesaid Baron of BALTIMORE, his Heirs and Assigns, of what Estate of Inheritance soever, in Fee-simple or Fee-tail, or otherwise, as to them and the now Baron of BALTIMORE, his Heirs and Assigns, shall seem expedient; the Statute made in the Parliament of Lord EDWARD, son of King HENRY, late King of *England*, our Progenitor, commonly called the "STATUTE QUIA EMPTORES TERRARUM," heretofore published in our Kingdom of *England*, or any other Statute, Act, Ordinance, Usage, Law, or Custom, or any other Thing, Cause or Matter, to the contrary thereof, heretofore had, done, published, ordained or provided to the contrary thereof notwithstanding.

XX. AND FURTHER WE will, and do, by these Presents, for US, our Heirs and Successors, covenant and grant to, and with the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, that WE, our Heirs, and Successors, at no Time hereafter, will impose, or make or cause to be imposed, any Impositions, Customs, or other Taxations, Quotas or Contributions whatsoever, in or upon the Residents or Inhabitants of the PROVINCE aforesaid for their Goods, Lands, or Tenements within the same PROVINCE, or upon any tenements, lands, goods or chattels within the PROVINCE aforesaid, or in upon any Goods or Merchandizes within the PROVINCE aforesaid, or within the Ports or Harbours of the said PROVINCE, to be laden or unladen: And WE Will and do, for US, our Heirs and Successors, enjoin and command that this our Declaration shall, from Time to Time, be received and allowed in all our Courts and Prætorian Judicatories, and before all the Judges whatsoever of US, our Heirs and Successors, for a Sufficient and lawful Discharge, Payment, and Acquittance thereof, charging all and singular the Officers and Ministers of US, our Heirs and Successors, and enjoining them, under our heavy Displeasure, that they do not at any Time presume to attempt any Thing to the contrary of the Premises, or that may in any wise contravene the same, but that they, at all Times, as is fitting, do aid and assist the aforesaid now Baron of BALTIMORE, and his Heirs, and the aforesaid Inhabitants and Merchants of the PROVINCE of MARYLAND aforesaid, and their Servants and Ministers, Factors and Assigns, in the fullest Use and Enjoyment of this our CHARTER.

XXII. AND if, peradventure, hereafter it may happen, that any Doubts or Questions should arise concerning the true Sense and Meaning of any Word, Clause, or Sentence, contained in this our present CHARTER, WE will, charge and command, THAT Interpretation to be applied, always, and in all Things, and in all our Courts and Judicatories whatsoever, to obtain which shall be judged to be the more beneficial, profitable, and favourable to the aforesaid now Baron of BALTIMORE, his Heirs and Assigns: PROVIDED always, that no Interpretation thereof be made, whereby GOD'S holy and true Christian Religion, or the Allegiance due to US, our Heirs and Successors, may in any wise suffer by Change, Prejudice, or Diminution; although express Mention be not made in these Presents of the true yearly Value or Certainty of the Premises, or any Part thereof, or of other Gifts and Grants made by US, our Heirs and Predecessors, unto the said now Lord BALTIMORE, or any Statute, Act, Ordinance, Provision, Proclamation or Restraint, heretofore had, made, published, ordained or provided, or any other Thing, Cause, or Matter Whatsoever, to the contrary thereof in any wise notwithstanding.

XXIII. IN WITNESS whereof WE have caused these our Letters to be made Patent. WITNESS OURSELF at *Westminster*, the Twentieth Day of *June*, in the Eighth Year of our Reign. (June 20, 1632).

*Constitution of Maryland*

## CONSTITUTION OF MARYLAND

### ADOPTED BY THE CONVENTION

WHICH ASSEMBLED AT THE CITY OF ANNAPOLIS ON THE EIGHTH DAY OF MAY, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND ADJOURNED ON THE SEVENTEENTH DAY OF AUGUST, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND WAS RATIFIED BY THE PEOPLE ON THE EIGHTEENTH DAY OF SEPTEMBER, EIGHTEEN HUNDRED AND SIXTY-SEVEN, WITH AMENDMENTS TO AND INCLUDING NINETEEN HUNDRED AND SEVENTY-EIGHT<sup>1</sup>

### DECLARATION OF RIGHTS.

*We, the People of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:*

**Article 1.** That all Government of right originates from the People, is founded in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their Form of Government in such manner as they may deem expedient.

**Art. 2.** The Constitution of the United States, and the Laws made, or which shall be made, in pursuance thereof, and all Treaties made, or which shall be made, under the authority of the United States, are, and shall be the Supreme Law of the State; and the Judges of this State, and all the People of this State, are, and shall be bound thereby; anything in the Constitution or Law of this State to the contrary notwithstanding.

**Art. 3.** The powers not delegated to the United States by the Constitution thereof, nor prohibited by it to the States, are reserved to the States respectively, or to the people thereof.

**Art. 4.** That the People of this State have the sole and exclusive right of regulating the internal government and police thereof, as a free, sovereign and independent State.

**Art. 5.** That the Inhabitants of Maryland are entitled to the Common Law of England, and the trial by Jury, according to the course of that Law, and to the benefit of such of the English statutes as existed on the Fourth day of July, seventeen hundred and seventy-six; and which, by

experience, have been found applicable to their local and other circumstances, and have been introduced, used and practiced by the Courts of Law or Equity; and also of all Acts of Assembly in force on the first day of June, eighteen hundred and sixty-seven; except such as may have since expired, or may be inconsistent with the provisions of this Constitution; subject, nevertheless, to the revision of, and amendment or repeal by, the Legislature of this State. And the Inhabitants of Maryland are also entitled to all property derived to them from, or under the Charter granted by His Majesty Charles the First to Cæcilius Calvert, Baron of Baltimore.

**Art. 6.** That all persons invested with the Legislative or Executive powers of Government are the Trustees of the Public, and, as such, accountable for their conduct: Wherefore, whenever the ends of Government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the People may, and of right ought, to reform the old, or establish a new Government; the doctrine of non-resistance against arbitrary power and oppression is absurd, slavish and destructive of the good and happiness of mankind.

**Art. 7.<sup>2</sup>** That the right of the People to participate in the Legislature is the best security of liberty and the foundation of all free Government; for this purpose, elections ought to be free and frequent; and every citizen having the qualifications prescribed by the Constitution, ought to have the right of suffrage.

<sup>1</sup>Including amendments proposed by the General Assembly and adopted by the people through November 7, 1978.

<sup>2</sup>Thus amended by Chapter 357, Acts of 1971, ratified November 7, 1972.

**Art. 8.** That the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other; and no person exercising the functions of one of said Departments shall assume or discharge the duties of any other.

**Art. 9.** That no power of suspending Laws or the execution of Laws, unless by, or derived from the Legislature, ought to be exercised, or allowed.

**Art. 10.** That freedom of speech and debate, or proceedings in the Legislature, ought not to be impeached in any Court of Judicature.

**Art. 11.** That Annapolis be the place of meeting of the Legislature; and the Legislature ought not to be convened, or held at any other place but from evident necessity.

**Art. 12.** That for redress of grievances, and for amending, strengthening and preserving the Laws, the Legislature ought to be frequently convened.

**Art. 13.** That every man hath a right to petition the Legislature for the redress of grievances in a peaceable and orderly manner.

**Art. 14.** That no aid, charge, tax, burthen or fees ought to be rated or levied, under any pretense, without the consent of the Legislature.

Such charter shall be submitted to the voters of said City or County at the next general or Congressional election after the report of said charter to said Mayor of Baltimore or President of the Board of County Commissioners; and if a majority of the votes cast for and against the adoption of said charter shall be in favor of such adoption, the said charter from and after the thirtieth day from the date of such election shall become the law of said City or County, subject only to the Constitution and Public General Laws of this State, and any public local laws inconsistent with the provisions of said charter and any former charter of the City of Baltimore or County shall be thereby repealed.

**SEC. 1A.**<sup>154</sup> The procedure provided in this section for adoption of a charter may be used in any county in lieu of the procedures provided in Section 1 of this Article, and a charter adopted pursuant to this section has the effect of a charter adopted in accordance with the provisions of Section 1. The appointees of the board of county commissioners and those nominated by petitions shall be placed on the ballot in alphabetical order without party designation. The voters may cast

The charter shall be submitted to the voters of the county at a special or regular election held not earlier than thirty days or later than ninety days after publication of the charter. If a majority of the votes cast for and against the adoption of the charter are in favor of its adoption, the charter shall become effective as the charter of the county on the thirtieth day after the election or such later date as shall be specified in the charter.

**SEC. 2.**<sup>155</sup> The General Assembly shall by public general law provide a grant of express powers for such County or Counties as may thereafter form a charter under the provisions of this Article. Such express powers granted to the Counties and the powers heretofore granted to the City of Baltimore, as set forth in Article 4, Section 6, Public Local Laws of Maryland, shall not be enlarged or extended by any charter formed under the provisions of this Article, but such powers may be extended, modified, amended or repealed by the General Assembly.

**SEC. 3.**<sup>156</sup> Every charter so formed shall provide for an elective legislative body in which shall be vested the lawmaking power of said City or County. From and after the adoption of a charter by the City of Baltimore, or any County of this State, as hereinbefore provided, the Mayor of Baltimore and City Council of the City of Baltimore or the County Council of said County, subject to the Constitution and Public General Laws of this State, shall have full power to enact local laws of said City or County including the power to repeal or amend local laws of said City or County enacted by the General Assembly, upon all matters covered by the express powers granted as above provided; provided that nothing herein contained shall be construed to authorize or empower the County Council of any County in this State to enact laws or regulations for any incorporated town, village, or municipality in said County, on any matter covered by the powers granted to said town, village, or municipality by the Act incorporating it, or any subsequent Act or Acts amendatory thereto. Provided, however, that the charters for the various Counties shall specify the number of days, not to exceed forty-five, which may but need not be consecutive, that the County Council of the Counties may sit in each year for the purpose of enacting legislation for such Counties, and all legislation shall be enacted at the times so designated for that purpose in the charter, and the title or a summary of all laws and ordinances proposed shall be published once a week for two successive weeks prior to enactment followed by publication once after enactment in at least one newspaper of general circulation in the county, so that the taxpayers and citizens may have notice thereof. All such local laws enacted by the Mayor of Baltimore and City Council of the City of Baltimore or the Council of the Counties as hereinbefore provided, shall be subject to the same rules of interpretation as those now applicable to the Public Local Laws of this State, except that in case of any conflict between said local law and any Public General Law now or hereafter enacted the Public General Law shall control.

**SEC. 3A.**<sup>157</sup> The charter for the government of Baltimore, Prince George's and Howard counties under the provisions of this Article, either as adopted, or by amendment, may provide for the election of members of the county council by the voters of councilmanic districts therein established,

**SEC. 4.** From and after the adoption of a charter under the provisions of this Article by the City of Baltimore or any County of this State, no public local law shall be enacted by the General Assembly for said City or County on any subject covered by the express powers granted as above provided. Any law so drawn as to apply to two or more of the geographical sub-divisions of this State shall not be deemed a Local Law, within the meaning of this Act. The term "geographical sub-division" herein used shall be taken to mean the City of Baltimore or any of the Counties of this State.

**SEC. 5.**<sup>158</sup> Amendments to any charter adopted by the City of Baltimore or by any County of this State under the provisions of this Article may be proposed by a resolution of the Mayor of Baltimore and the City Council of the City of Baltimore, or the Council of the County, or by a petition signed by not less than 20% of the registered voters of the City or County, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition. A petition shall be filed with the Mayor of Baltimore or the President of the County Council. An amendment so proposed shall be submitted to the voters of the City or County at the next general or congressional election occurring after the passage of the resolution or the filing of the petition. If at the election the majority of the votes cast for and against the amendment shall be in favor thereof, the amendment shall be adopted and become a part of the charter of the City or County from and after the thirtieth day after said election. The amendments shall be published by the Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to the election in at least one newspaper published in said City or County.

**SEC. 6.** The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6 inclusive, Article XI of this Constitution, when expressly granted as hereinbefore provided, are hereby transferred to the voters of each County and the voters of City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said Counties or City as this Article sets forth.

<sup>158</sup> Thus amended by Chapter 681, Acts of 1977, ratified November 7, 1978.

**SEC. 7.** The word "Petition" as used in this Article, means one or more sheets written or printed, or partly written and partly printed; "Signature" means the signature of a registered voter written by himself in his own handwriting (and not by his mark), together with the ward or district and precinct in which he is registered. The authenticity of such signatures and the fact that the persons so signing are registered voters shall be evidenced by the affidavit of one or more registered voters of the City or County in which said voters so signing are registered, and one affidavit may apply to or cover any number of signatures to such petition. #### **MUNICIPAL CORPORATIONS.**

**SECTION 1.** Except as provided elsewhere in this Article, the General Assembly shall not pass any law relating to the incorporation, organization, government, or affairs of those municipal corporations which are not authorized by Article 11-A of the Constitution to have a charter form of government which will be special or local in its terms or in its effect, but the General Assembly shall act in relation to the incorporation, organization, government, or affairs of any such municipal corporation only by general laws which shall in their terms and in their effect apply alike to all municipal corporations in one or more of the classes provided for in Section 2 of this Article. It shall be the duty of the General Assembly to provide by law the method by which new municipal corporations shall be formed.

**SEC. 2.** The General Assembly, by law, shall classify all such municipal corporations by grouping them into not more than four classes based on populations as determined by the most recent census made under the authority of the United States or the State of Maryland. No more than one such grouping of municipal corporations into four (or fewer) classes shall be in effect at any time, and the enactment of any such grouping of municipal corporations into four (or fewer) classes shall repeal any such grouping of municipal corporations into four (or fewer) classes then in effect. Municipal corporations shall be classified only as provided in this section and not otherwise.

**SEC. 5.** Notwithstanding any other provision in this Article, the General Assembly may enact, amend, or repeal local laws placing a maximum limit on the rate at which property taxes may be imposed by any such municipal corporation and regulating the maximum amount of debt which may be incurred by any municipal corporation. However, no such local law shall become effective in regard to a municipal corporation until and unless it shall have been approved at a regular or special municipal election by a majority of the voters of that municipal corporation voting on the question. No such municipal corporation shall levy any type of tax, license fee, franchise tax or fee which was not in effect in such municipal corporation on January 1, 1954, unless it shall receive the express authorization of the General Assembly for such purpose, by a general law which in its terms and its effect applies alike to all municipal corporations in one or more of the classes provided for in Section 2 of this Article. #### HOME RULE FOR CODE COUNTIES.

**SECTION 1.** For the purposes of this Article, (1) "code county" means a county which is not a charter county under Article 11A of this Constitution and has adopted the optional powers of home rule provided under this Article; and (2) "public local law" means a law applicable to the incorporation, organization, or government of a code county and contained in the county's code of public local laws; but this latter term specifically does not include (i) the charters of municipal corporations under Article 11E of this Constitution, (ii) the laws or charters of counties under Article 11A of this Constitution, (iii) laws, whether or not Statewide in application, in the code of public general laws, (iv) laws which apply to more than one county, and (v) ordinances and resolutions of the county government enacted under public local laws.

**SEC. 2.** The governing body of any county, by a vote of at least two-thirds of the members elected thereto, may propose by resolution that the county become a code county and be governed by the provisions of this Article. Upon the adoption of such a resolution, it shall be certified to the Board of Supervisors of Elections in the county, which Board (pursuant to the election laws of the State) shall submit to the voters of the county at the next ensuing general election the question whether the resolution shall be approved or rejected. If in the referendum a majority of those persons voting on this question vote for the resolution, the resolution is approved, and the county shall become a code county under the provisions of this Article, on the thirtieth day after the election. If in the referendum a majority of those persons voting on this question vote against the resolution, the resolution is rejected, and of no further effect.

Provided that if at the next ensuing general election there shall be submitted to the voters of the county a proposed charter under Article 11A of this Constitution, the proposed charter only

shall be submitted to the voters at that next ensuing general election. If the proposed charter is adopted by the voters, this particular resolution to become a code county shall not be submitted to the voters and shall have no further effect. If the proposed charter is rejected by the voters, the code question under this Article shall be submitted to the voters at the general election two years later, and no charter question under Article 11A shall be submitted to the voters at that general election.

**SEC. 3.** Except as otherwise provided in this Article, a code county may enact, amend, or repeal a public local law of that county, following the procedure in this Article.

**SEC. 4.** Except as otherwise provided in this Article, the General Assembly shall not enact, amend, or repeal a public local law which is special or local in its terms or effect within a code county. The General Assembly may enact, amend, or repeal public local laws applicable to code counties only by general enactments which in term and effect apply alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

**SEC. 5.** The General Assembly, by law, shall classify all code counties by grouping them into not more than four classes based either upon population as determined in the most recent Federal or State census or upon such other criteria as determined by the General Assembly to be appropriate. Not more than one such grouping of code counties into four (or fewer) classes may be in effect at any one time, and the enactment of any grouping of code counties into four (or fewer) classes repeals any other such grouping then in effect. Code counties may be classified only as provided in this section.

**SEC. 6.** A code county may enact, amend, or repeal a public local law of that county by a resolution of the board of county commissioners. The General Assembly may amplify the provisions of this section by general law in any manner not inconsistent with this Article.

**SEC. 7.** Any action of a code county in the enactment, amendment, or repeal of a public local law is subject to a referendum of the voters in the county, as in this section provided. The enactment, amendment, or repeal shall be effective unless a petition of the registered voters of the county requires that it be submitted to a referendum of the voters in the county. The General Assembly shall amplify the provisions of this section by general law in any manner not inconsistent

with this Article, except that in any event the number of signatures required on such a petition shall not be fewer than five percentum (5%) of the voters in a county registered for county and State elections.

**SEC. 8.** Notwithstanding any other provisions of this Article, the General Assembly has exclusive power to enact, amend, or repeal any local law for a code county which (1) authorizes or places a maximum limit upon the rate of property taxes which may be imposed by the code county; or (2) authorizes or regulates the maximum amount of indebtedness which may be incurred by the code county. Public local laws enacted by the General Assembly under this section prevail over any public local laws enacted by the code county under other sections in this Article.

**SEC. 9.** A code county shall not levy any type of tax, license fee, franchise tax, or fee which was not in effect or authorized in the code county at the time it came under the provisions of this Article, until an express authorization of the General Assembly has been enacted for this purpose by a general law which in its terms and effect applies alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

**SEC. 10.** All laws enacted by the General Assembly and in effect when this Article was added to the Constitution shall remain in effect until amended or repealed under this Constitution. They shall require the Directors of all said Public Works to guard the public interest, and prevent the establishment of tolls which shall discriminate against the interest of the citizens or products of this State, and from time to time, and as often as there shall be any change in the rates of toll on any of the said Works, to furnish the said Board of Public Works a schedule of such modified rates of toll, and so adjust them as to promote the agricultural interests of the State; they shall report to the General Assembly at each regular session, and recommend such legislation as they may deem necessary and requisite to promote or protect the interests of the State in the said Public Works; they shall perform such other duties as may be hereafter prescribed by Law, and a majority of them shall be competent to act. ### ARTICLE XIII.

#### NEW COUNTIES.

**SECTION 1.**<sup>176</sup> The General Assembly may provide, by Law, for organizing new Counties, locating and removing county seats, and changing county lines; but no new county shall be organized without the consent of the majority of the legal voters residing within the limits proposed to be formed into said new county; and whenever a new county shall be proposed to be formed out of portions of two or more counties, the consent of a majority of the legal voters of such part of each of said counties, respectively, shall be required; nor shall the lines of any county nor of Baltimore City be changed without the consent of a majority of the legal voters residing within the district, which under said proposed change, would form a part of a county or of Baltimore City different from that to which it belonged prior to said change; and no new county shall contain less

than four hundred square miles, nor less than ten thousand inhabitants; nor shall any change be made in the limits of any county, whereby the population of said county would be reduced to less than ten thousand inhabitants, or its territory reduced to less than four hundred square miles. No county lines heretofore validly established shall be changed except in accordance with this section.

**SEC. 2.**<sup>177</sup> The General Assembly shall pass all such Laws as may be necessary more fully to carry into effect the provisions of this Article.

### ARTICLE XIV.

#### AMENDMENTS TO THE CONSTITUTION.

**SECTION 1.**<sup>178</sup> The General Assembly may propose amendments to this Constitution; provided that each amendment shall be embraced in a separate bill, embodying the Article or Section, as the same will stand when amended and passed by three-fifths of all the members elected to each of the two Houses, by yeas and nays, to be entered on the Journals with the proposed amendment. The requirement in this section that an amendment proposed by the General Assembly shall be embraced in a separate bill shall not be construed or applied to prevent the General Assembly from (1) proposing in one bill a series of amendments to the Constitution of Maryland for the general purpose of removing or correcting constitutional provisions which are obsolete, inaccurate, invalid, unconstitutional, or duplicative; or (2) embodying in a single Constitutional amendment one or more Articles of the Constitution so long as that Constitutional amendment embraces only a single subject. The bill or bills proposing amendment or amendments shall be publicized, either by publishing, by order of the Governor, in at least two newspapers, in each County, where so many may be published, and where not more than one may be published, then in that newspaper, and in three newspapers published in the City of Baltimore, once a week for four weeks, or as otherwise ordered by the Governor in a manner provided by law, immediately preceding the next ensuing general election, at which the proposed amendment or amendments shall be submitted, in a form to be prescribed by the General Assembly, to the qualified voters of the State for adoption or rejection. The votes cast for and against said proposed amendment or amendments, severally,

shall be returned to the Governor, in the manner prescribed in other cases, and if it shall appear to the Governor that a majority of the votes cast at said election on said amendment or amendments, severally, were cast in favor thereof, the Governor shall, by his proclamation, declare the said amendment or amendments having received said majority of votes, to have been adopted by the people of Maryland as part of the Constitution thereof, and thenceforth said amendment or amendments shall be part of the said Constitution. If the General Assembly determines that a proposed Constitutional amendment affects only one county or the City of Baltimore, the proposed amendment shall be part of the Constitution if it receives a majority of the votes cast in the State and in the affected county or City of Baltimore, as the case may be. When two or more amendments shall be submitted to the voters of this State at the same election, they shall be so submitted as that each amendment shall be voted on separately.

**SEC. 1A.**<sup>179</sup> A proposed Constitutional amendment which, by provisions that are of limited duration, provides for a period of transition, or a unique schedule under which the terms of the amendment are to become effective, shall set forth those provisions in the amendment as a section or sections of a separate article, to be known as "provisions of limited duration", and state the date upon which or the circumstances under which those provisions shall expire. If the Constitutional amendment is adopted, those provisions of limited duration shall have the same force and effect as any other part of the Constitution, except that they shall remain a part of the Constitution only so long as their terms require. Each new section of the article known as "provisions of limited duration" shall refer to the title and section of the other article of the Constitution of which it, temporarily, is a part.

**SEC. 2.**<sup>180</sup> It shall be the duty of the General Assembly to provide by Law for taking, at the general election to be held in the year nineteen hundred and seventy, and every twenty years thereafter, the sense of the People in regard to calling a Convention for altering this Constitution; and if a majority of voters at such election or elections shall vote for a Convention, the General Assembly, at its next session, shall provide by Law for the assembling of such convention, and for the election of Delegates thereto. Each

County, and Legislative District of the City of Baltimore, shall have in such Convention a number of Delegates equal to its representation in both Houses at the time at which the Convention is called. But any Constitution, or change, or amendment of the existing Constitution, which may be adopted by such Convention, shall be submitted to the voters of this State, and shall have no effect unless the same shall have been adopted by a majority of the voters voting thereon.

## ARTICLE XV.

### MISCELLANEOUS.

**SECTION 1.**<sup>181</sup> Every person holding any office created by, or existing under the Constitution, or Laws of the State, or holding any appointment under any Court of this State, whose pay, or compensation is derived from fees, or moneys coming into his hands for the discharge of his official duties, or, in any way, growing out of, or connected with his office, shall keep a book in which shall be entered every sum, or sums of money, received by him, or on his account, as a payment or compensation for his performance of official duties, a copy of which entries in said book, verified by the oath of the officer, by whom it is directed to be kept, shall be returned yearly to the Comptroller of the State for his inspection, and that of the General Assembly of the State, to which the Comptroller shall, at each regular session thereof, make a report showing what officers have complied with this Section; and each of the said officers, when the amount received by him for the year shall exceed the sum which he is by Law entitled to retain, as his salary or compensation for the discharge of his duties, and for the expenses of his office, shall yearly pay over to the Treasurer of the State the amount of such excess, subject to such disposition thereof as the General Assembly may direct; if any of such officers shall fail to comply with the requisitions of this section for the period of thirty days after the expiration of each and every year of his office, such officer shall be deemed to have vacated his office, and the Governor shall declare the same vacant, and the vacancy therein shall be filled as in the case of vacancy for any other cause, and such officer shall be subject to suit by the State for the amount that ought to be paid into the Treasury.

During and for the period of suspension of the elected official, the appropriate governing body and/or official authorized by law to fill any vacancy in the elective office shall appoint a person to temporarily fill the elective office, provided that if the elective office is one for which automatic succession is provided by law, then in such event the person entitled to succeed to the office shall temporarily fill the elective office. If the conviction becomes final, after judicial review or otherwise, such elected official shall be removed from the elective office by operation of Law and the office shall be deemed vacant. ## ARTICLE XVI<sup>189</sup>

### THE REFERENDUM.

**SECTION 1.** (a) The people reserve to themselves power known as The Referendum, by petition to have submitted to the registered voters of the State, to approve or reject at the polls, any Act, or part of any Act of the General Assembly, if approved by the Governor, or, if passed by the General Assembly over the veto of the Governor;

(b) The provisions of this Article shall be self-executing; provided that additional legislation in furtherance thereof and not in conflict therewith may be enacted.

**SEC. 2.<sup>190</sup>** No law enacted by the General Assembly shall take effect until the first day of June next after the session at which it may be passed, unless it contains a Section declaring such law an emergency law and necessary for the immediate preservation of the public health or safety and is passed upon a ye and nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly. The effective date of a law other than an emergency law may be extended as provided in Section 3 (b) hereof. If before said first day of June there shall have been filed with the Secretary of the State a petition to refer to a vote of the people any law or part of a law capable of referendum, as in this Article provided, the same shall be referred by the Secretary of State to such vote, and shall not become a law or take effect until thirty days after its approval by a majority of the electors voting thereon at the next ensuing election held throughout the State for Members of the House of Representatives of the United States. An emergency law shall remain in force notwithstanding such petition, but shall stand repealed thirty days after having been rejected by a majority of the qualified electors voting thereon. No measure creating or abolishing any office, or changing the

salary, term or duty of any franchise or special privilege, or creating any vested right or interest, shall be enacted as an emergency law. No law making any appropriation for maintaining the State Government, or for maintaining or aiding any public institution, not exceeding the next previous appropriation for the same purpose, shall be subject to rejection or repeal under this Section. The increase in any such appropriation for maintaining or aiding any public institution shall only take effect as in the case of other laws, and such increase or any part thereof specified in the petition, may be referred to a vote of the people upon petition.

**SEC. 3.**<sup>191</sup> (a) The referendum petition against an Act or part of an Act passed by the General Assembly, shall be sufficient if signed by three percent of the qualified voters of the State of Maryland, calculated upon the whole number of votes cast for Governor at the last preceding Gubernatorial election, of whom not more than half are residents of Baltimore City, or of any one County. However, any Public Local Law for any one County or the City of Baltimore, shall be referred by the Secretary of State only to the people of the County or City of Baltimore, upon a referendum petition of ten percent of the qualified voters of the County or City of Baltimore, as the case may be, calculated upon the whole number of votes cast respectively for Governor at the last preceding Gubernatorial election.

(b) If more than one-third, but less than the full number of signatures required to complete any referendum petition against any law passed by the General Assembly, be filed with the Secretary of State before the first day of June, the time for the law to take effect and for filing the remainder of signatures to complete the petition shall be extended to the thirtieth day of the same month, with like effect.

If an Act is passed less than 45 days prior to June 1, it may not become effective sooner than 31 days after its passage. To bring this Act to referendum, the first one-third of the required number of signatures to a petition shall be submitted within 30 days after its passage. If the first one-third of the required number of signatures is submitted to the Secretary of State within 30 days after its passage, the time for the Act to take effect and for filing the remainder of the signatures to complete the petition shall be extended for an additional 30 days.

(c) In this Article, "pass" or "passed" means any final action upon any Act or part of an Act by both Houses of the General Assembly; and "enact" or "enacted" means approval of an Act or part of an Act by the Governor.

(d) Signatures on a petition for referendum on an Act or part of an Act may be signed at any time after the Act or part of an Act is passed.

**SEC. 4.**<sup>192</sup> A petition may consist of several papers, but each paper shall contain the full text, or an accurate summary approved by the Attorney General, of the Act or part of Act petitioned upon. There shall be attached to each paper of signatures filed with a petition an affidavit of the person procuring the signatures on such paper that of the person's best knowledge and belief every signature on it is genuine and bona fide, and that the signers are registered voters of the State of Maryland, and of the City of Baltimore, or County, as the case may be, as set opposite their names. The General Assembly shall prescribe by law the form of the petition for referendum, the manner for verifying the authenticity of petitions and other administrative procedures necessary and not in conflict with this Article.

**SEC. 5.** (a) The General Assembly shall provide for furnishing the voters of the State the text of all measures to be voted upon by the people; provided, that until otherwise provided by law the same shall be published in the manner prescribed by Article XIV of the Constitution for the publication of proposed Constitutional Amendments.

(b) All laws referred under the provisions of this Article shall be submitted separately on the ballots to the voters of the people, but if containing more than two hundred words, the full text shall not be printed on the official ballots, but the Secretary of State shall prepare and submit a ballot title of each such measure in such form as to present the purpose of said measure concisely and intelligently. The ballot title may be distinct from the legislative title, but in any case the legislative title shall be sufficient. Upon each of the ballots, following the ballot title or text, as the case may be, of each such measure, there shall be printed the words "For the referred law" and "Against the referred law," as the case may be. The votes cast for and against any such referred law shall be returned to the Governor in the manner prescribed with respect to proposed amendments to the Constitution under Article

<sup>191</sup> Thus amended by Chapter 548, Acts of 1976, ratified November 2, 1976.

##### QUADRENNIAL ELECTIONS.

**SEC. 1.**<sup>195</sup> The purpose of this Article is to reduce the number of elections by providing that all State and county elections shall be held only in every fourth year, and at the time provided by law for holding congressional elections, and to bring the terms of appointive officers into harmony with the changes effected in the time of the beginning of the terms of elective officers. The administrative and judicial officers of the State shall construe the provisions of this Article so as to effectuate that purpose. For the purpose of this Article only the word "officers" shall be construed to include those holding positions and other places of employment in the State and county governments whose terms are fixed by law, but it shall not include any appointments made by the Board of Public Works, nor appointments by the Governor for terms of three years.

**SEC. 4.**<sup>198</sup> The term of office of all Judges and other officers, for whose election provision is made by this Constitution, shall, except in cases otherwise expressly provided herein, commence from the time of their Election. **SEC. 5.**<sup>199</sup> All officers to be appointed by the Governor shall hold office for the terms fixed by law. All officers appointed by County Commissioners shall hold office for terms of four years, unless otherwise duly changed by law.
